

exp-0023: puncture_excluded; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

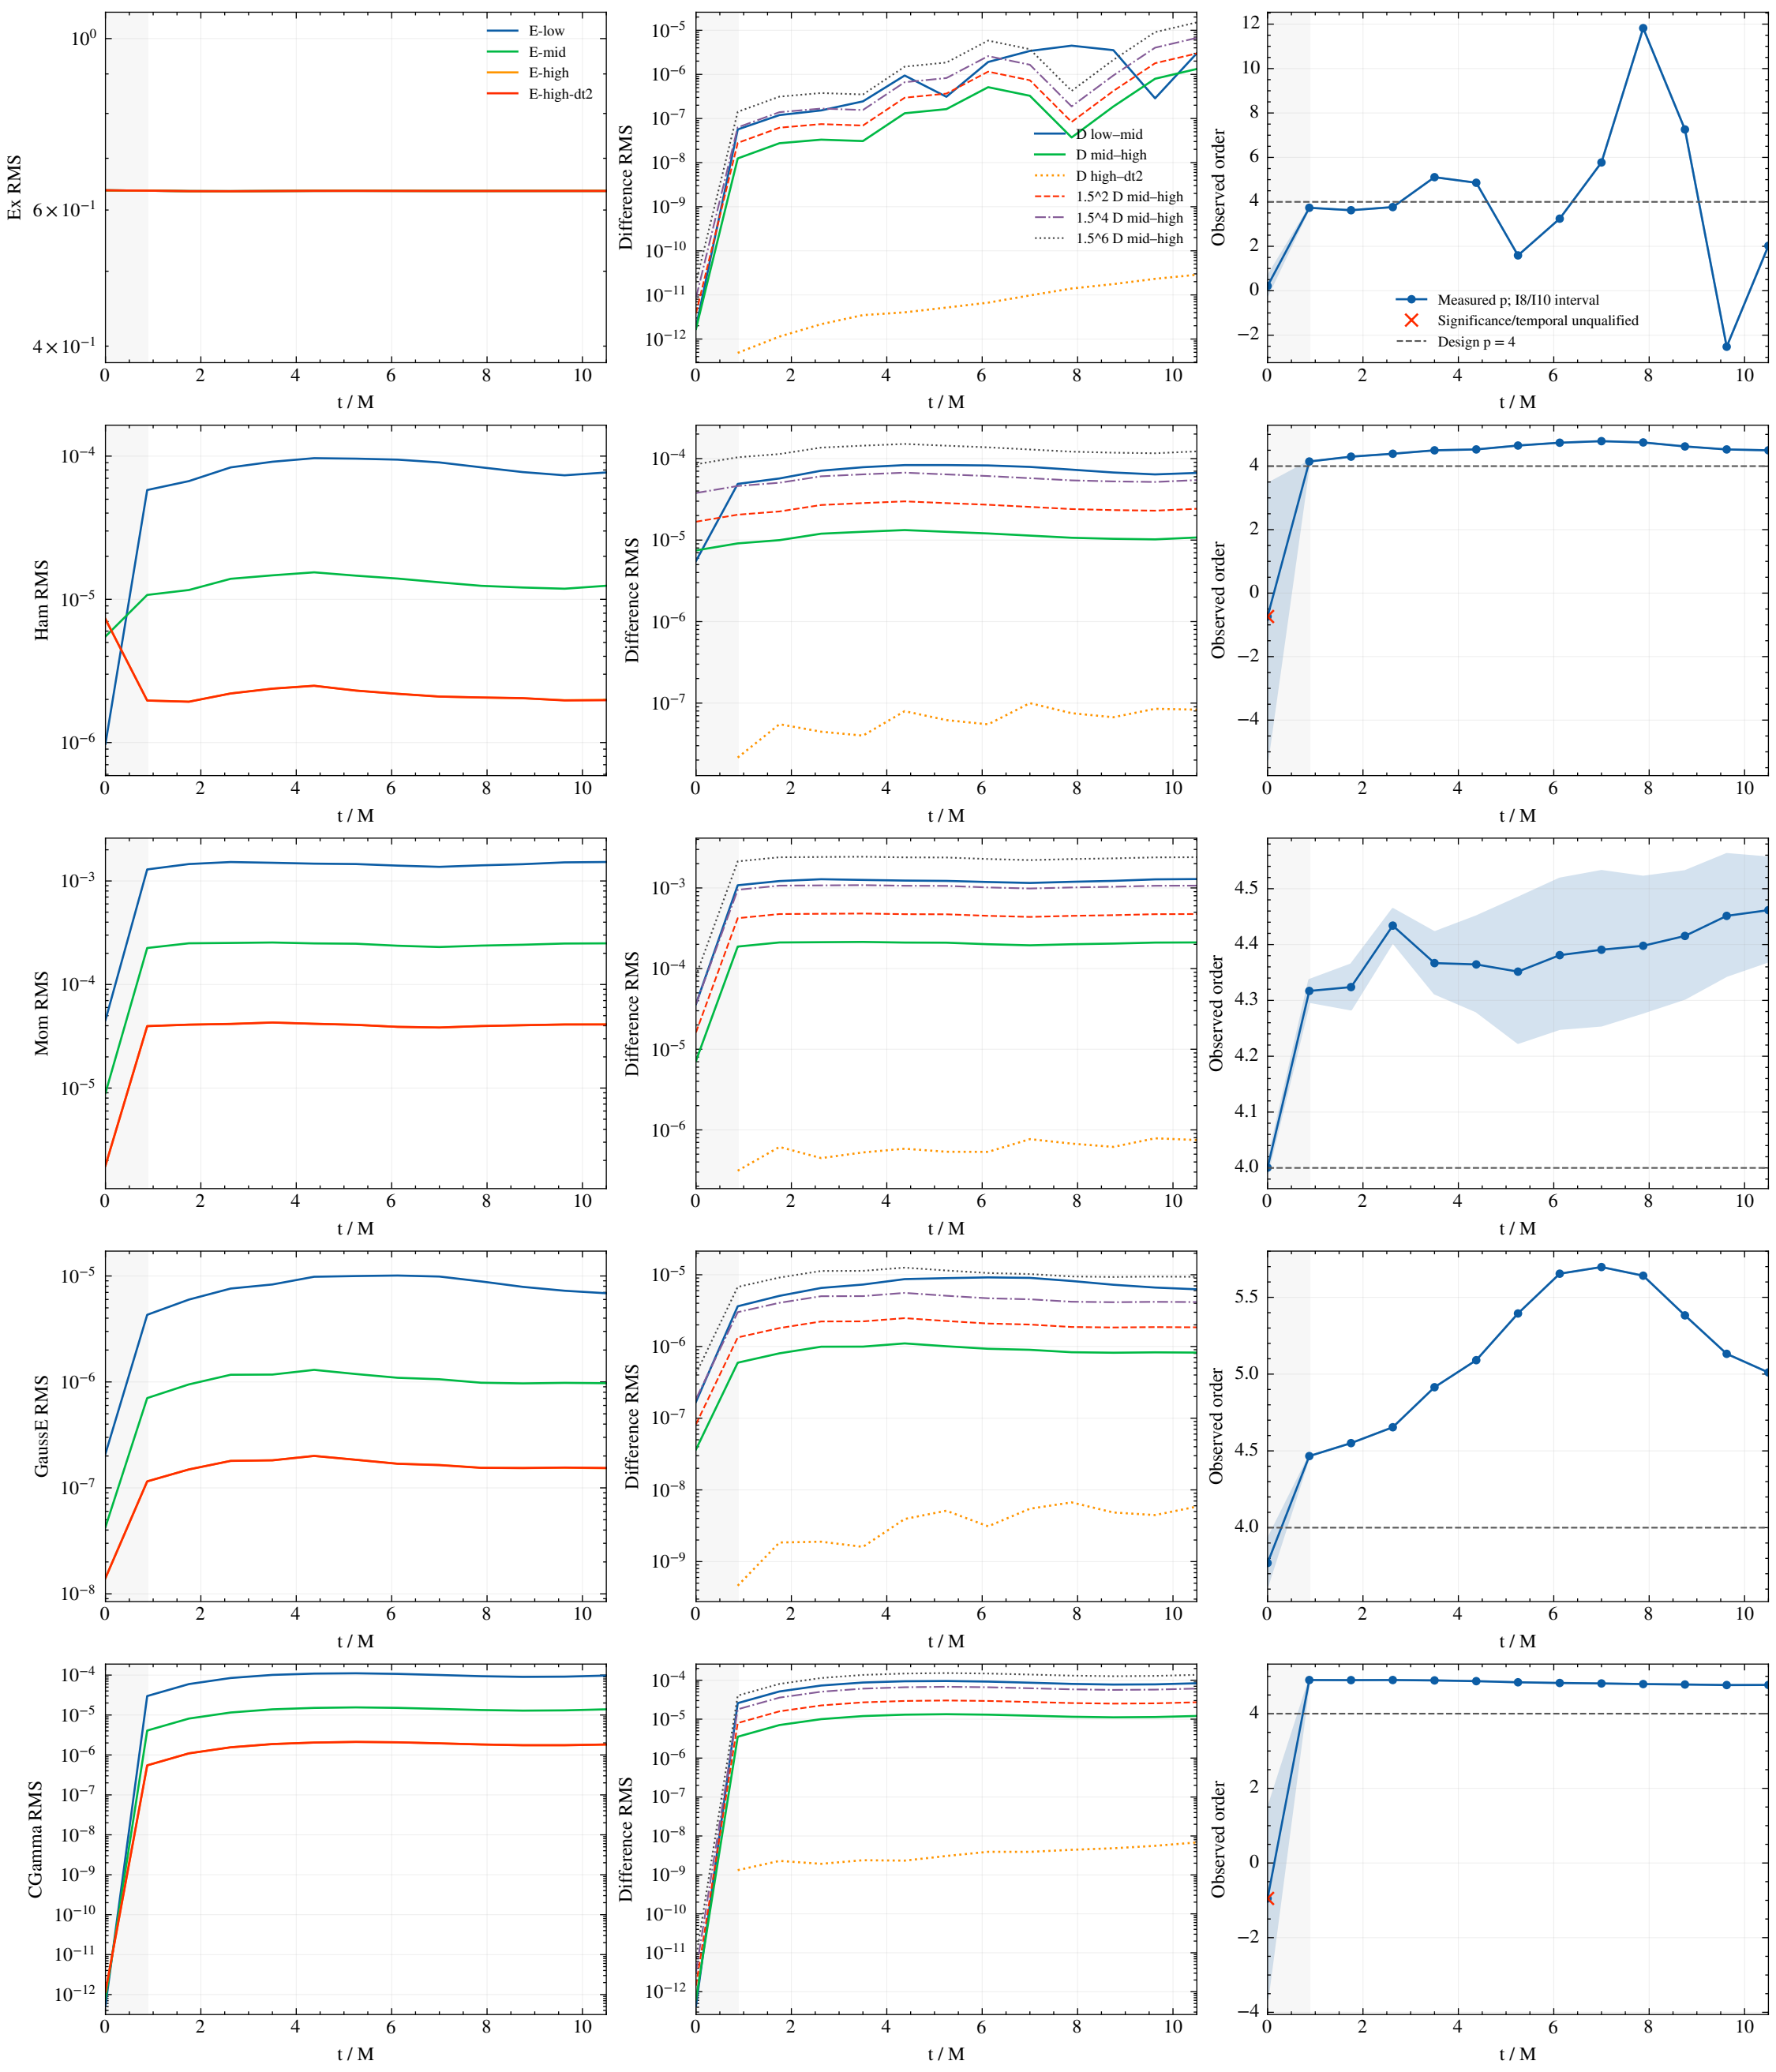

exp-0023: puncture_excluded; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

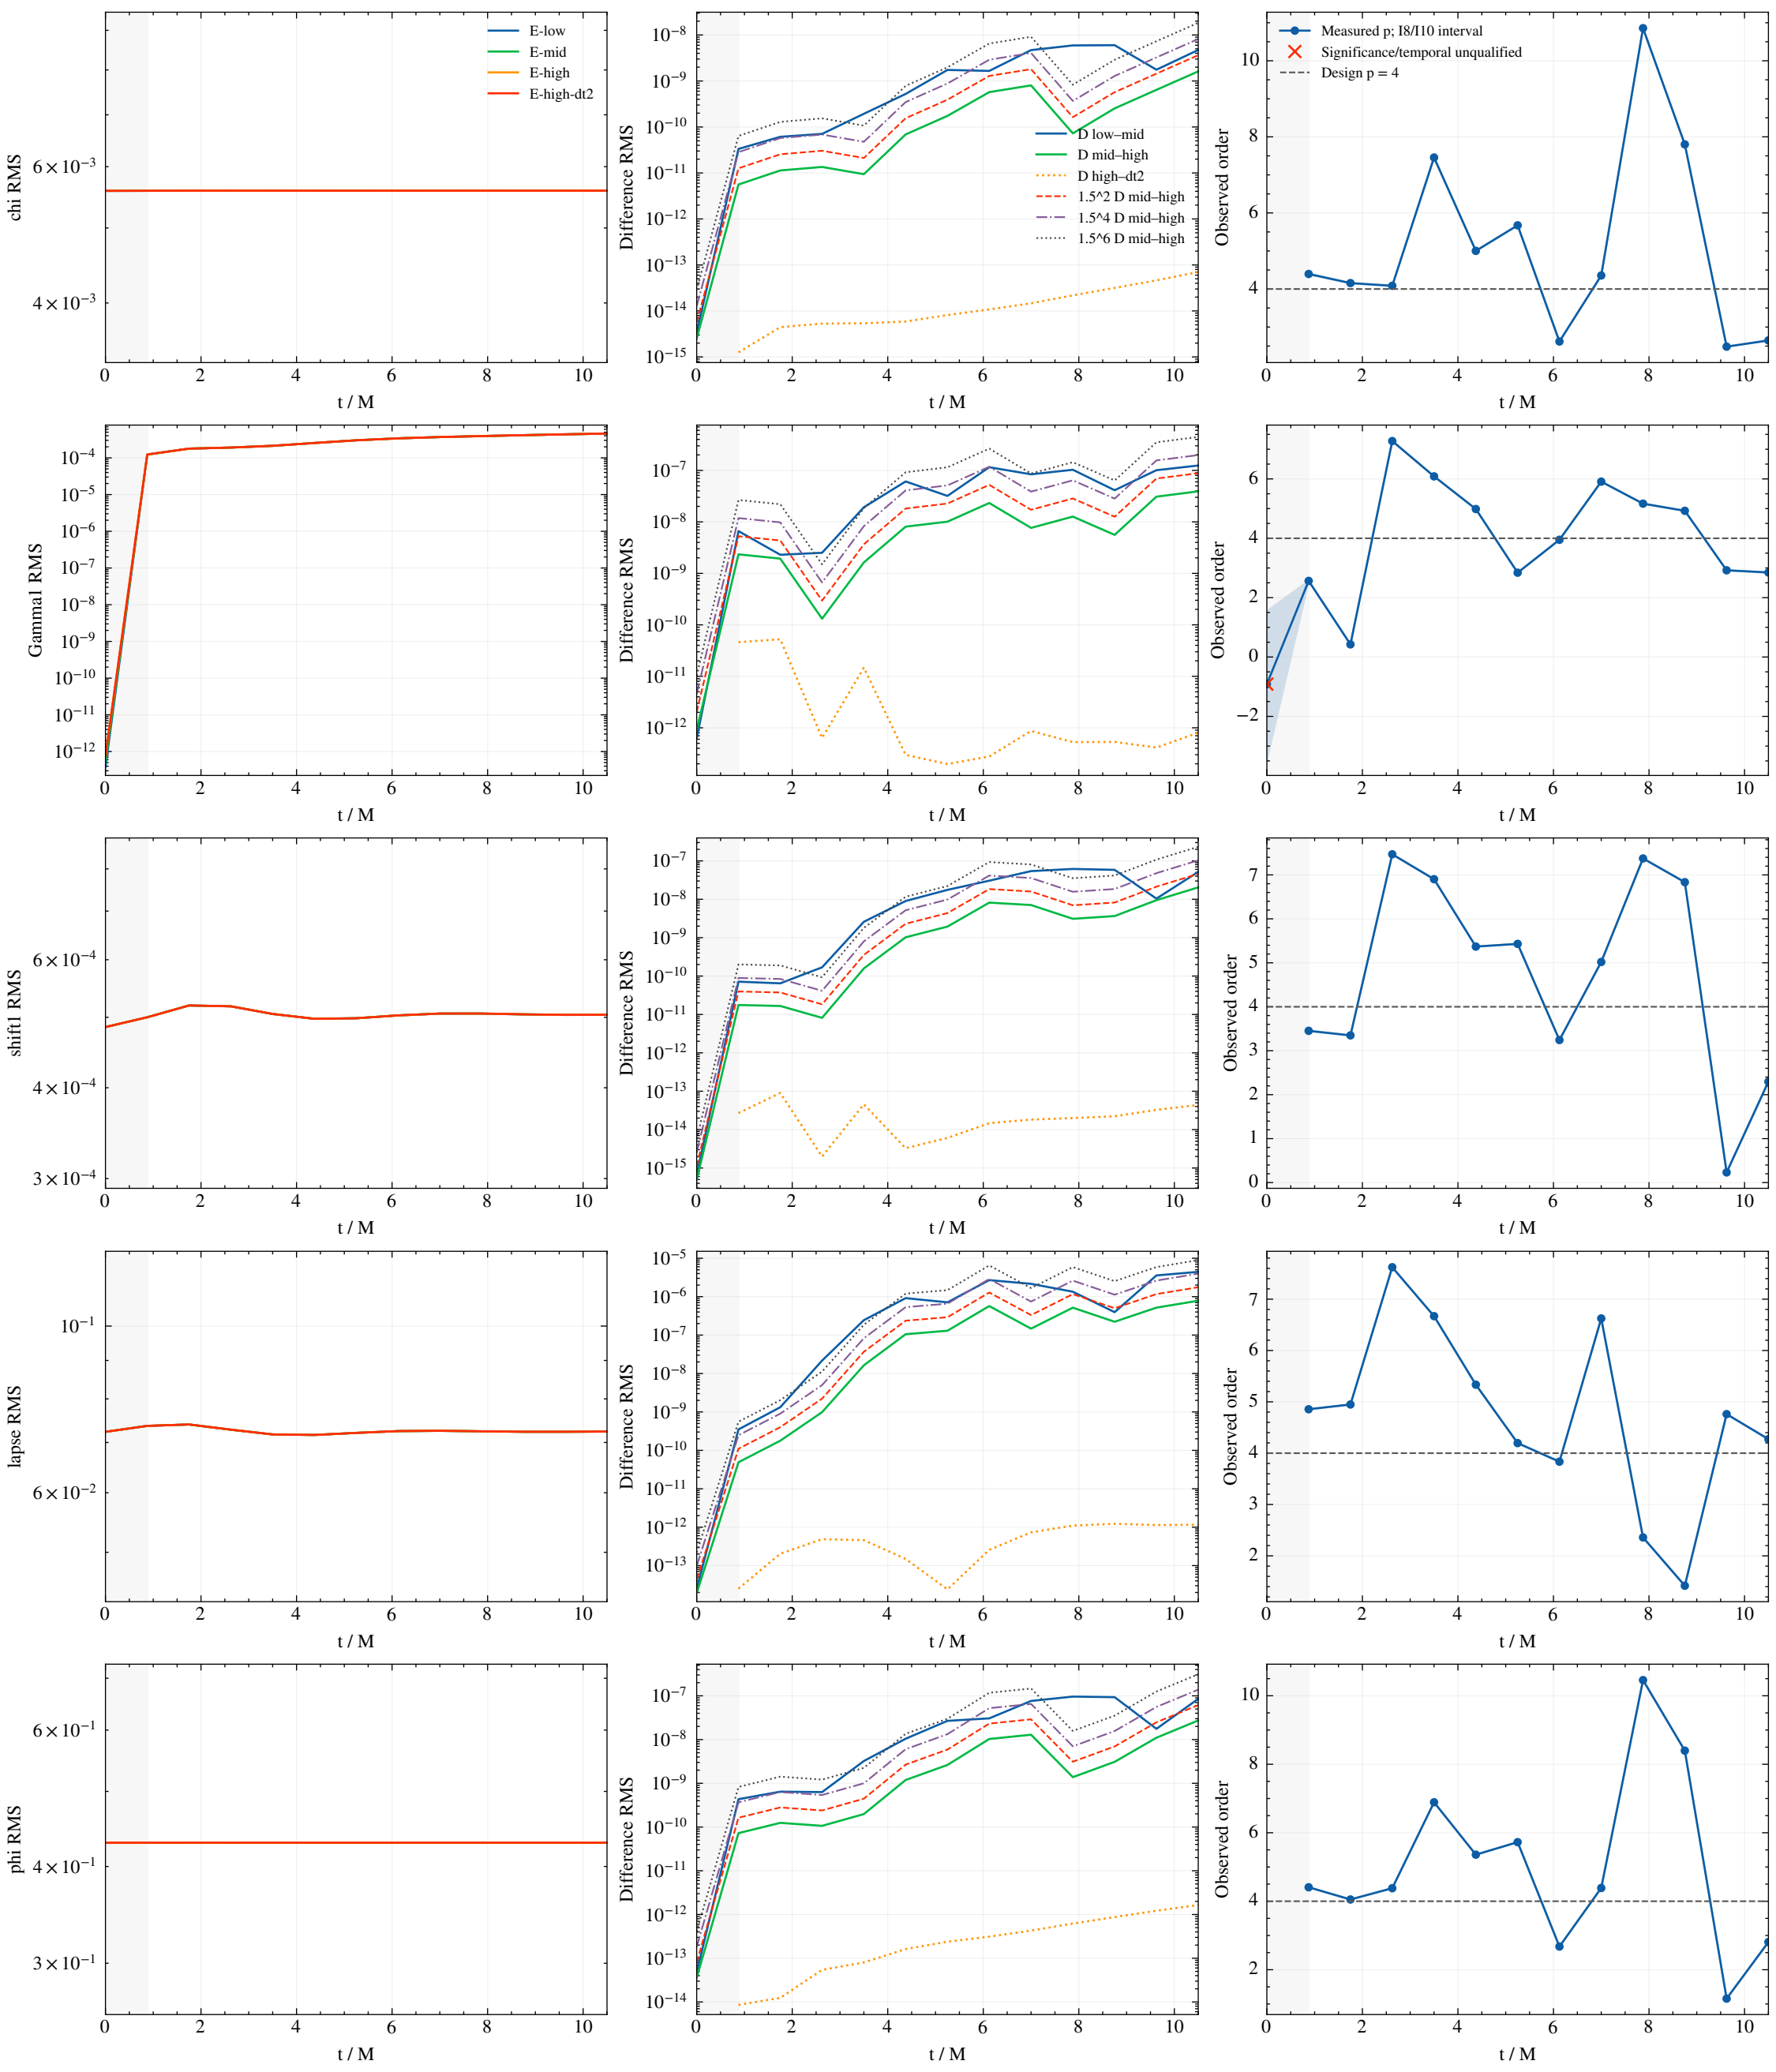

exp-0023: horizon; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

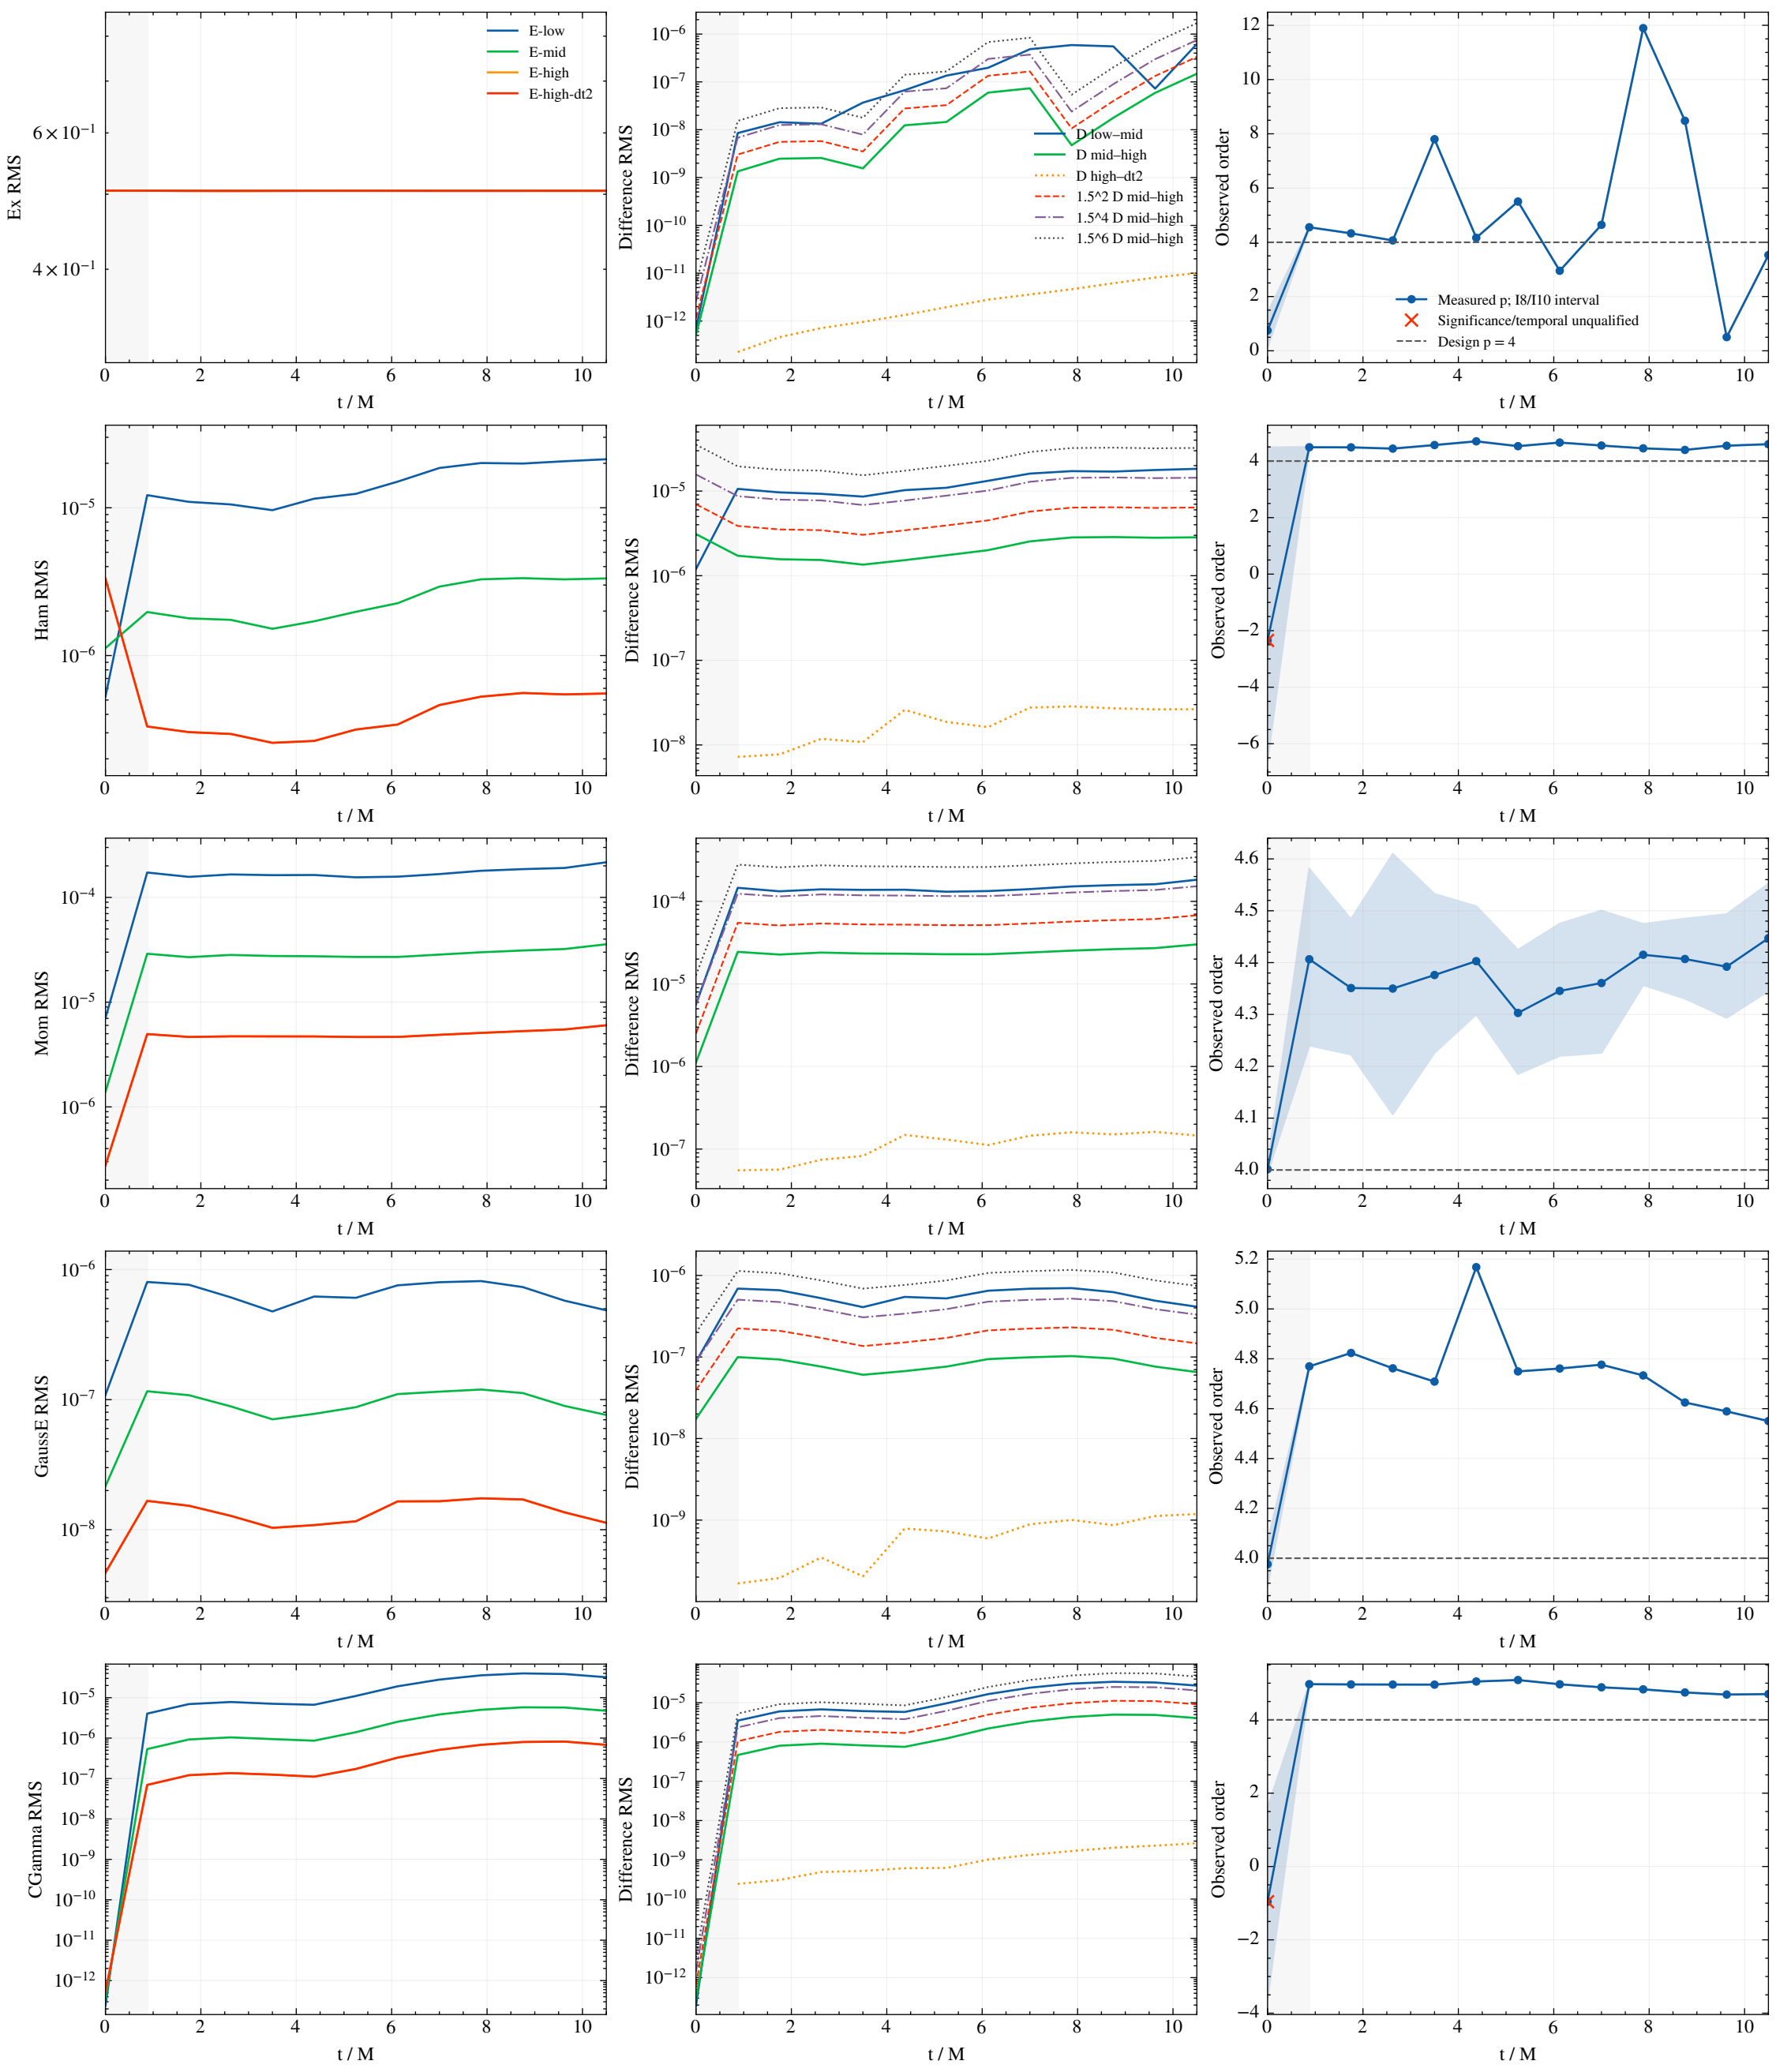

exp-0023: horizon; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

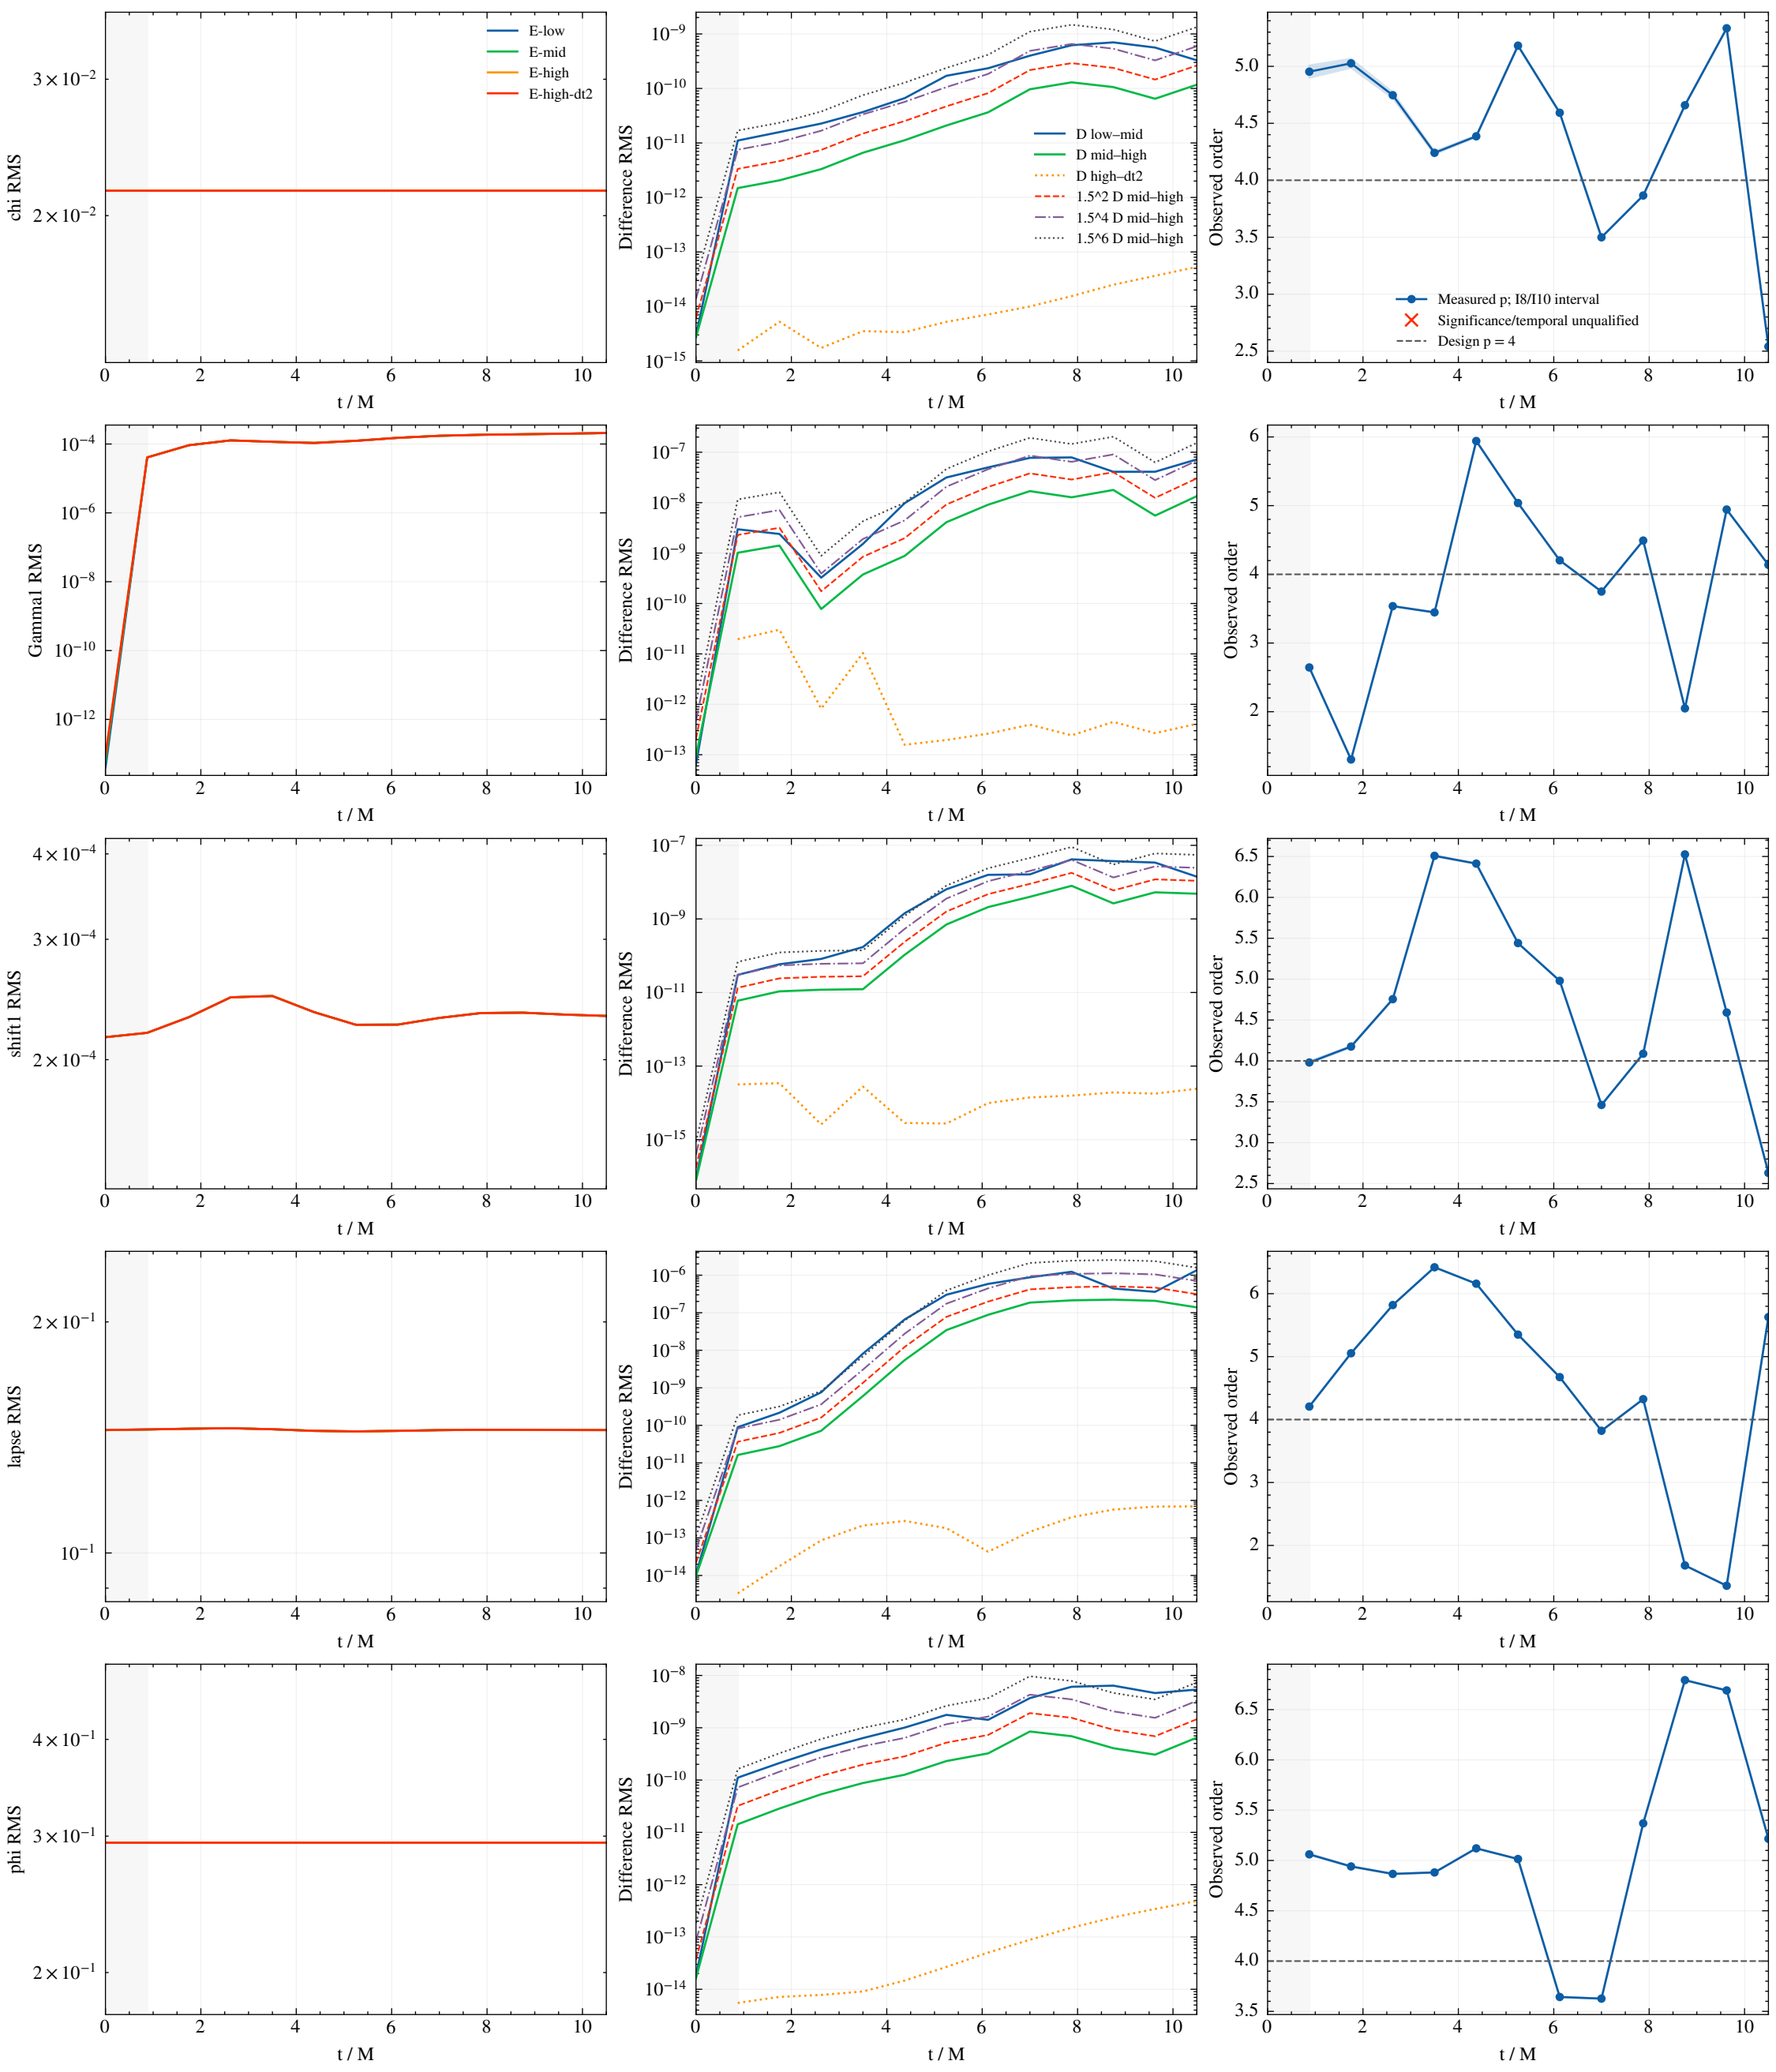

exp-0023: inside_inner_ring; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

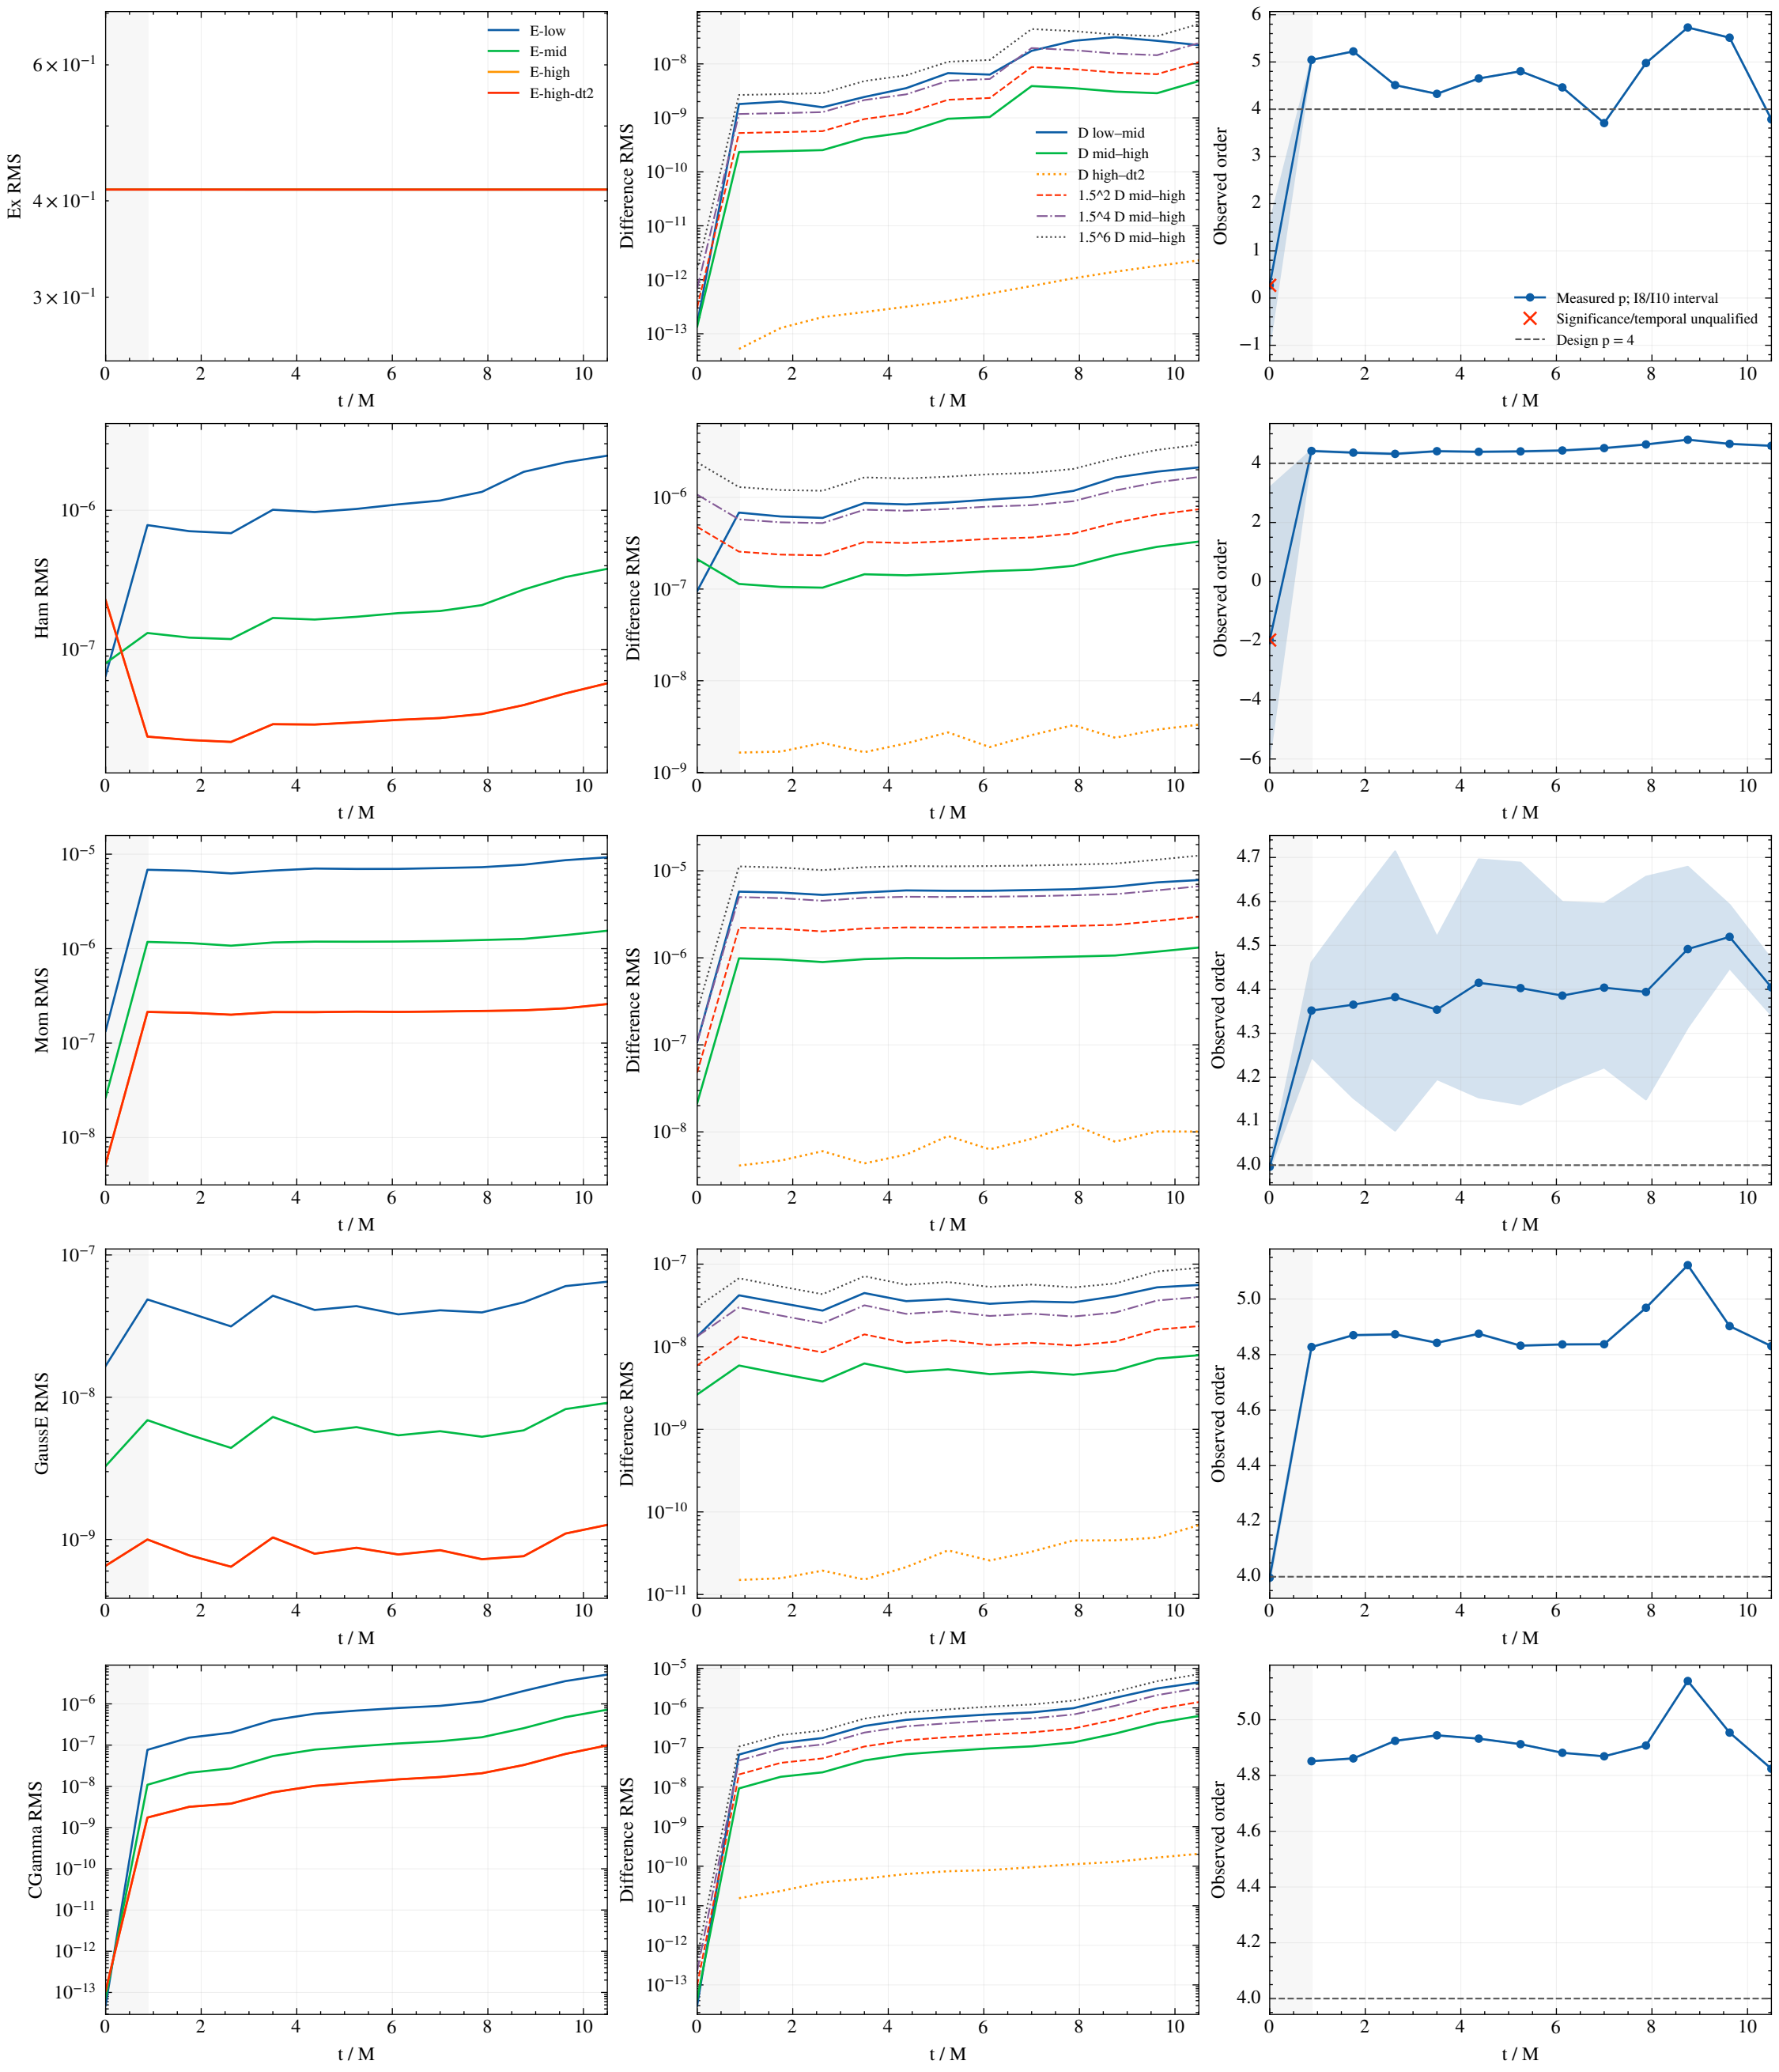

exp-0023: inside_inner_ring; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

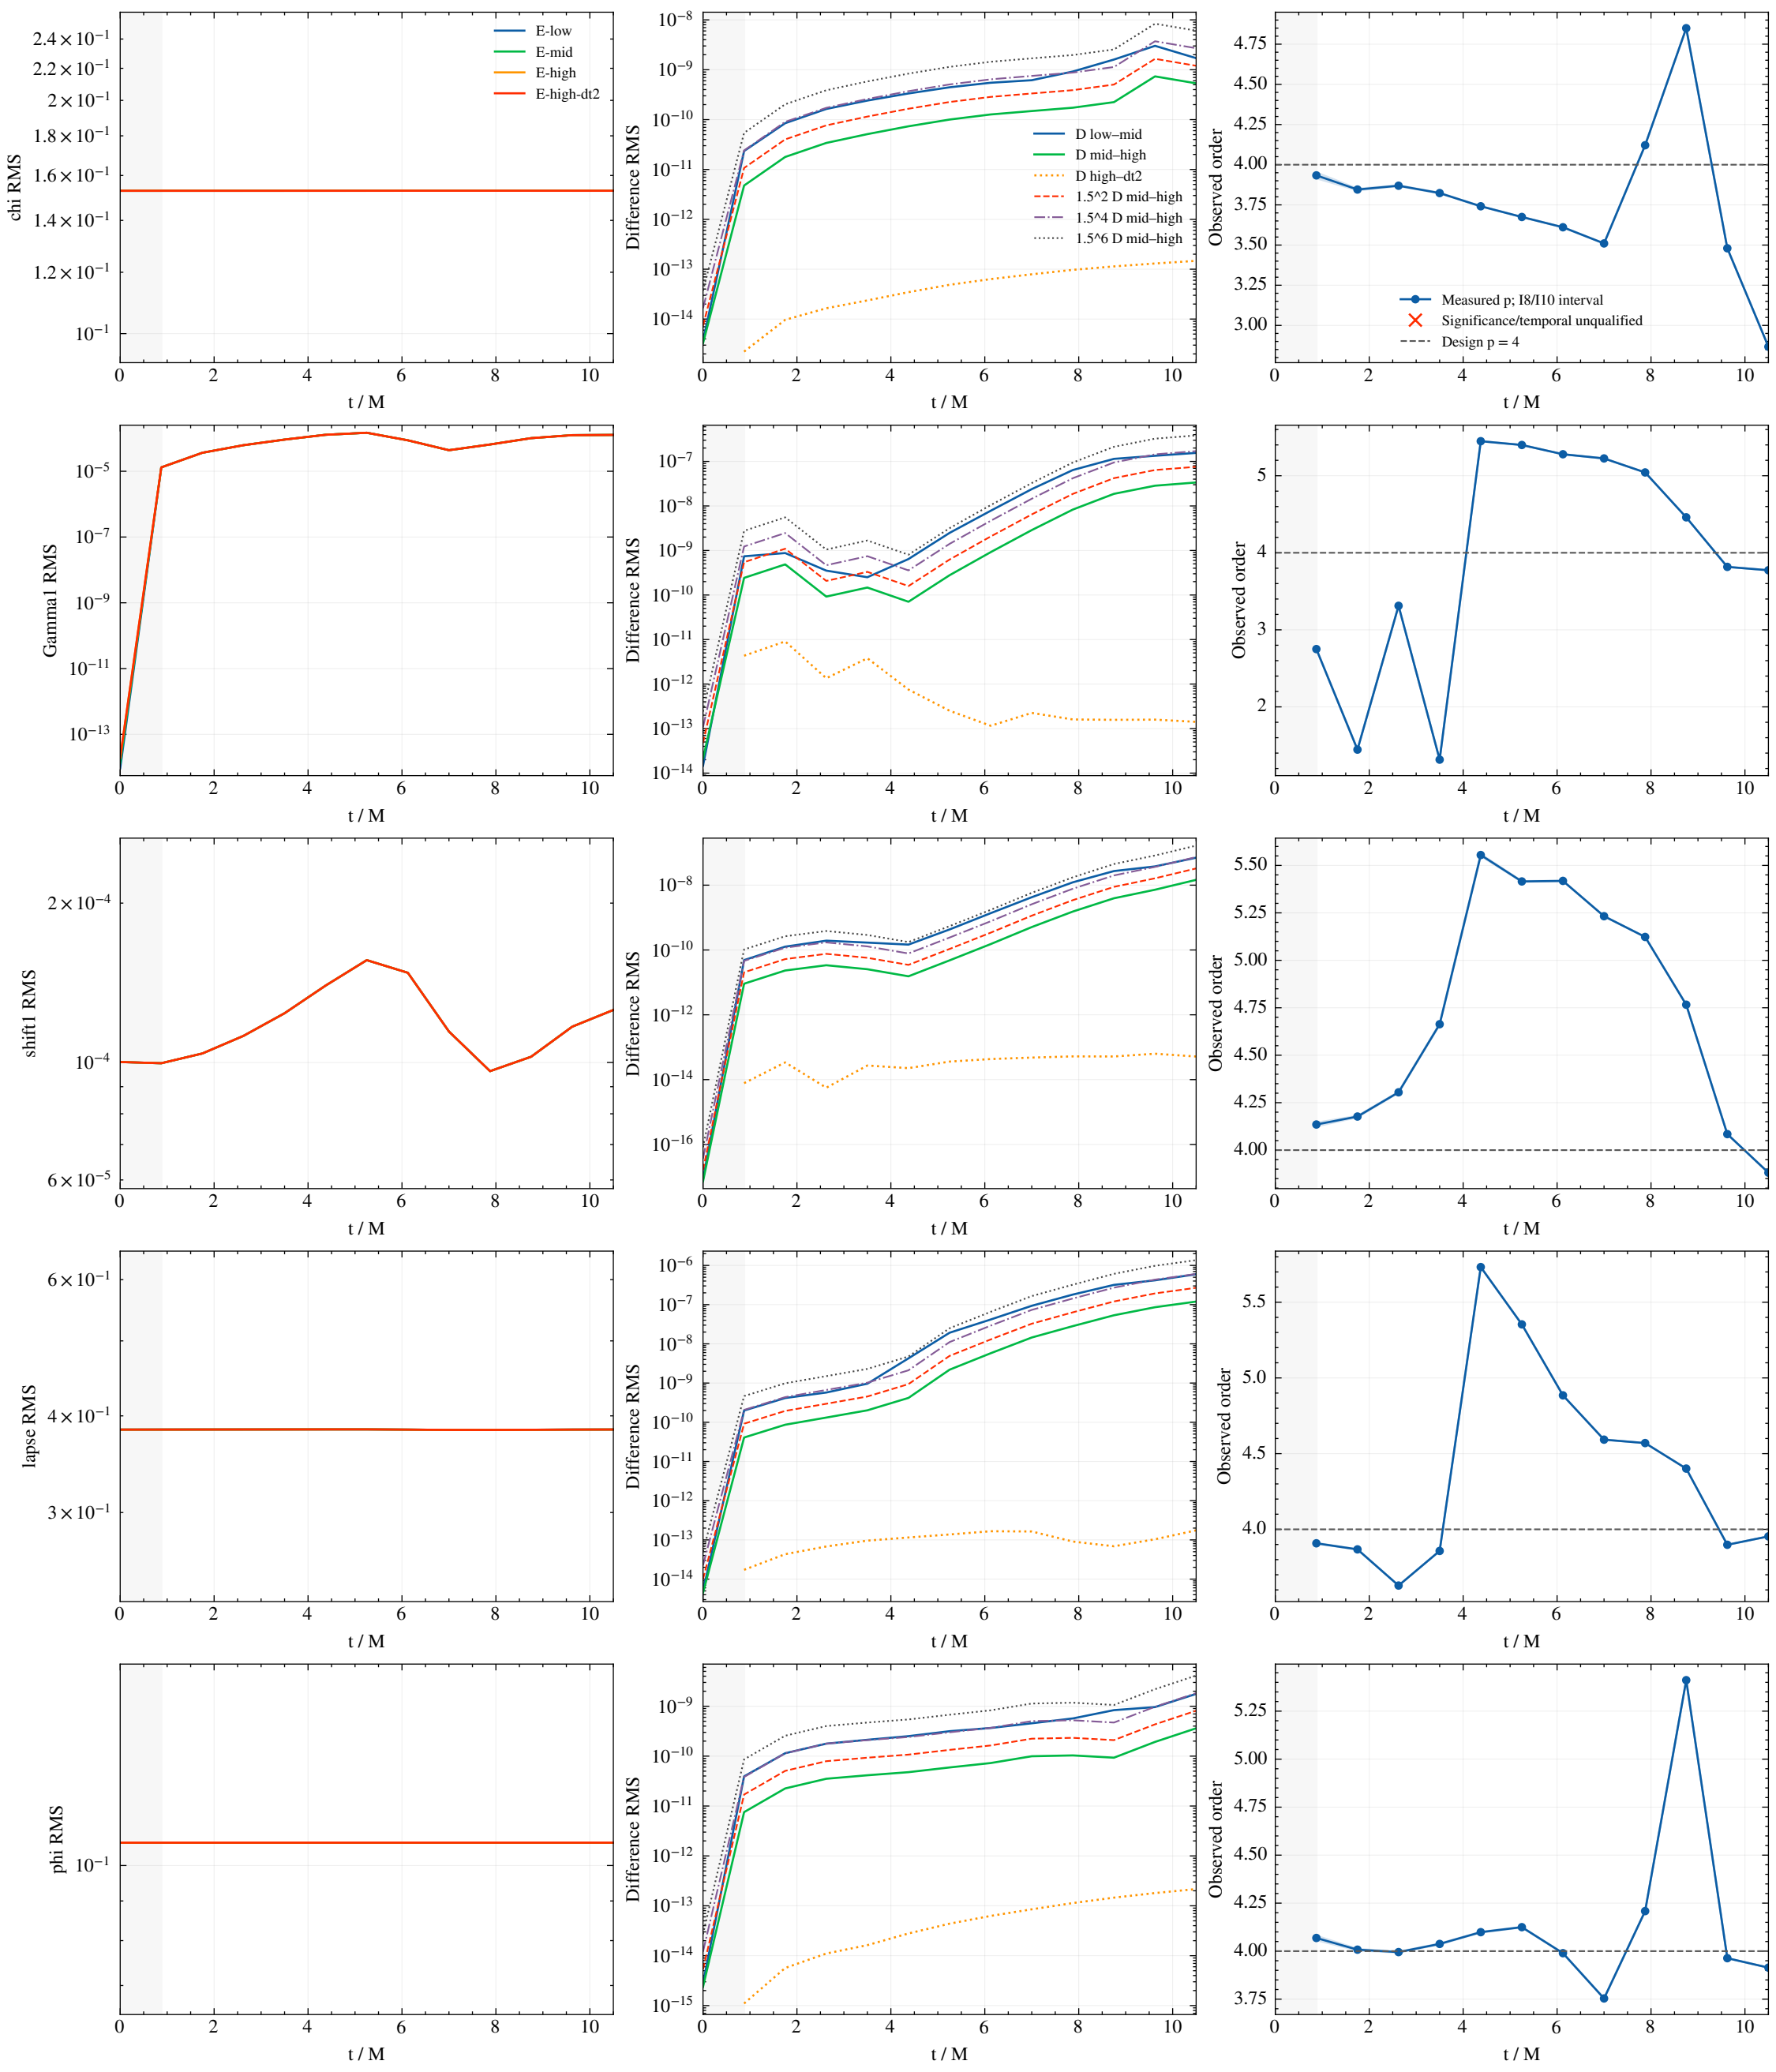

exp-0023: cavity; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

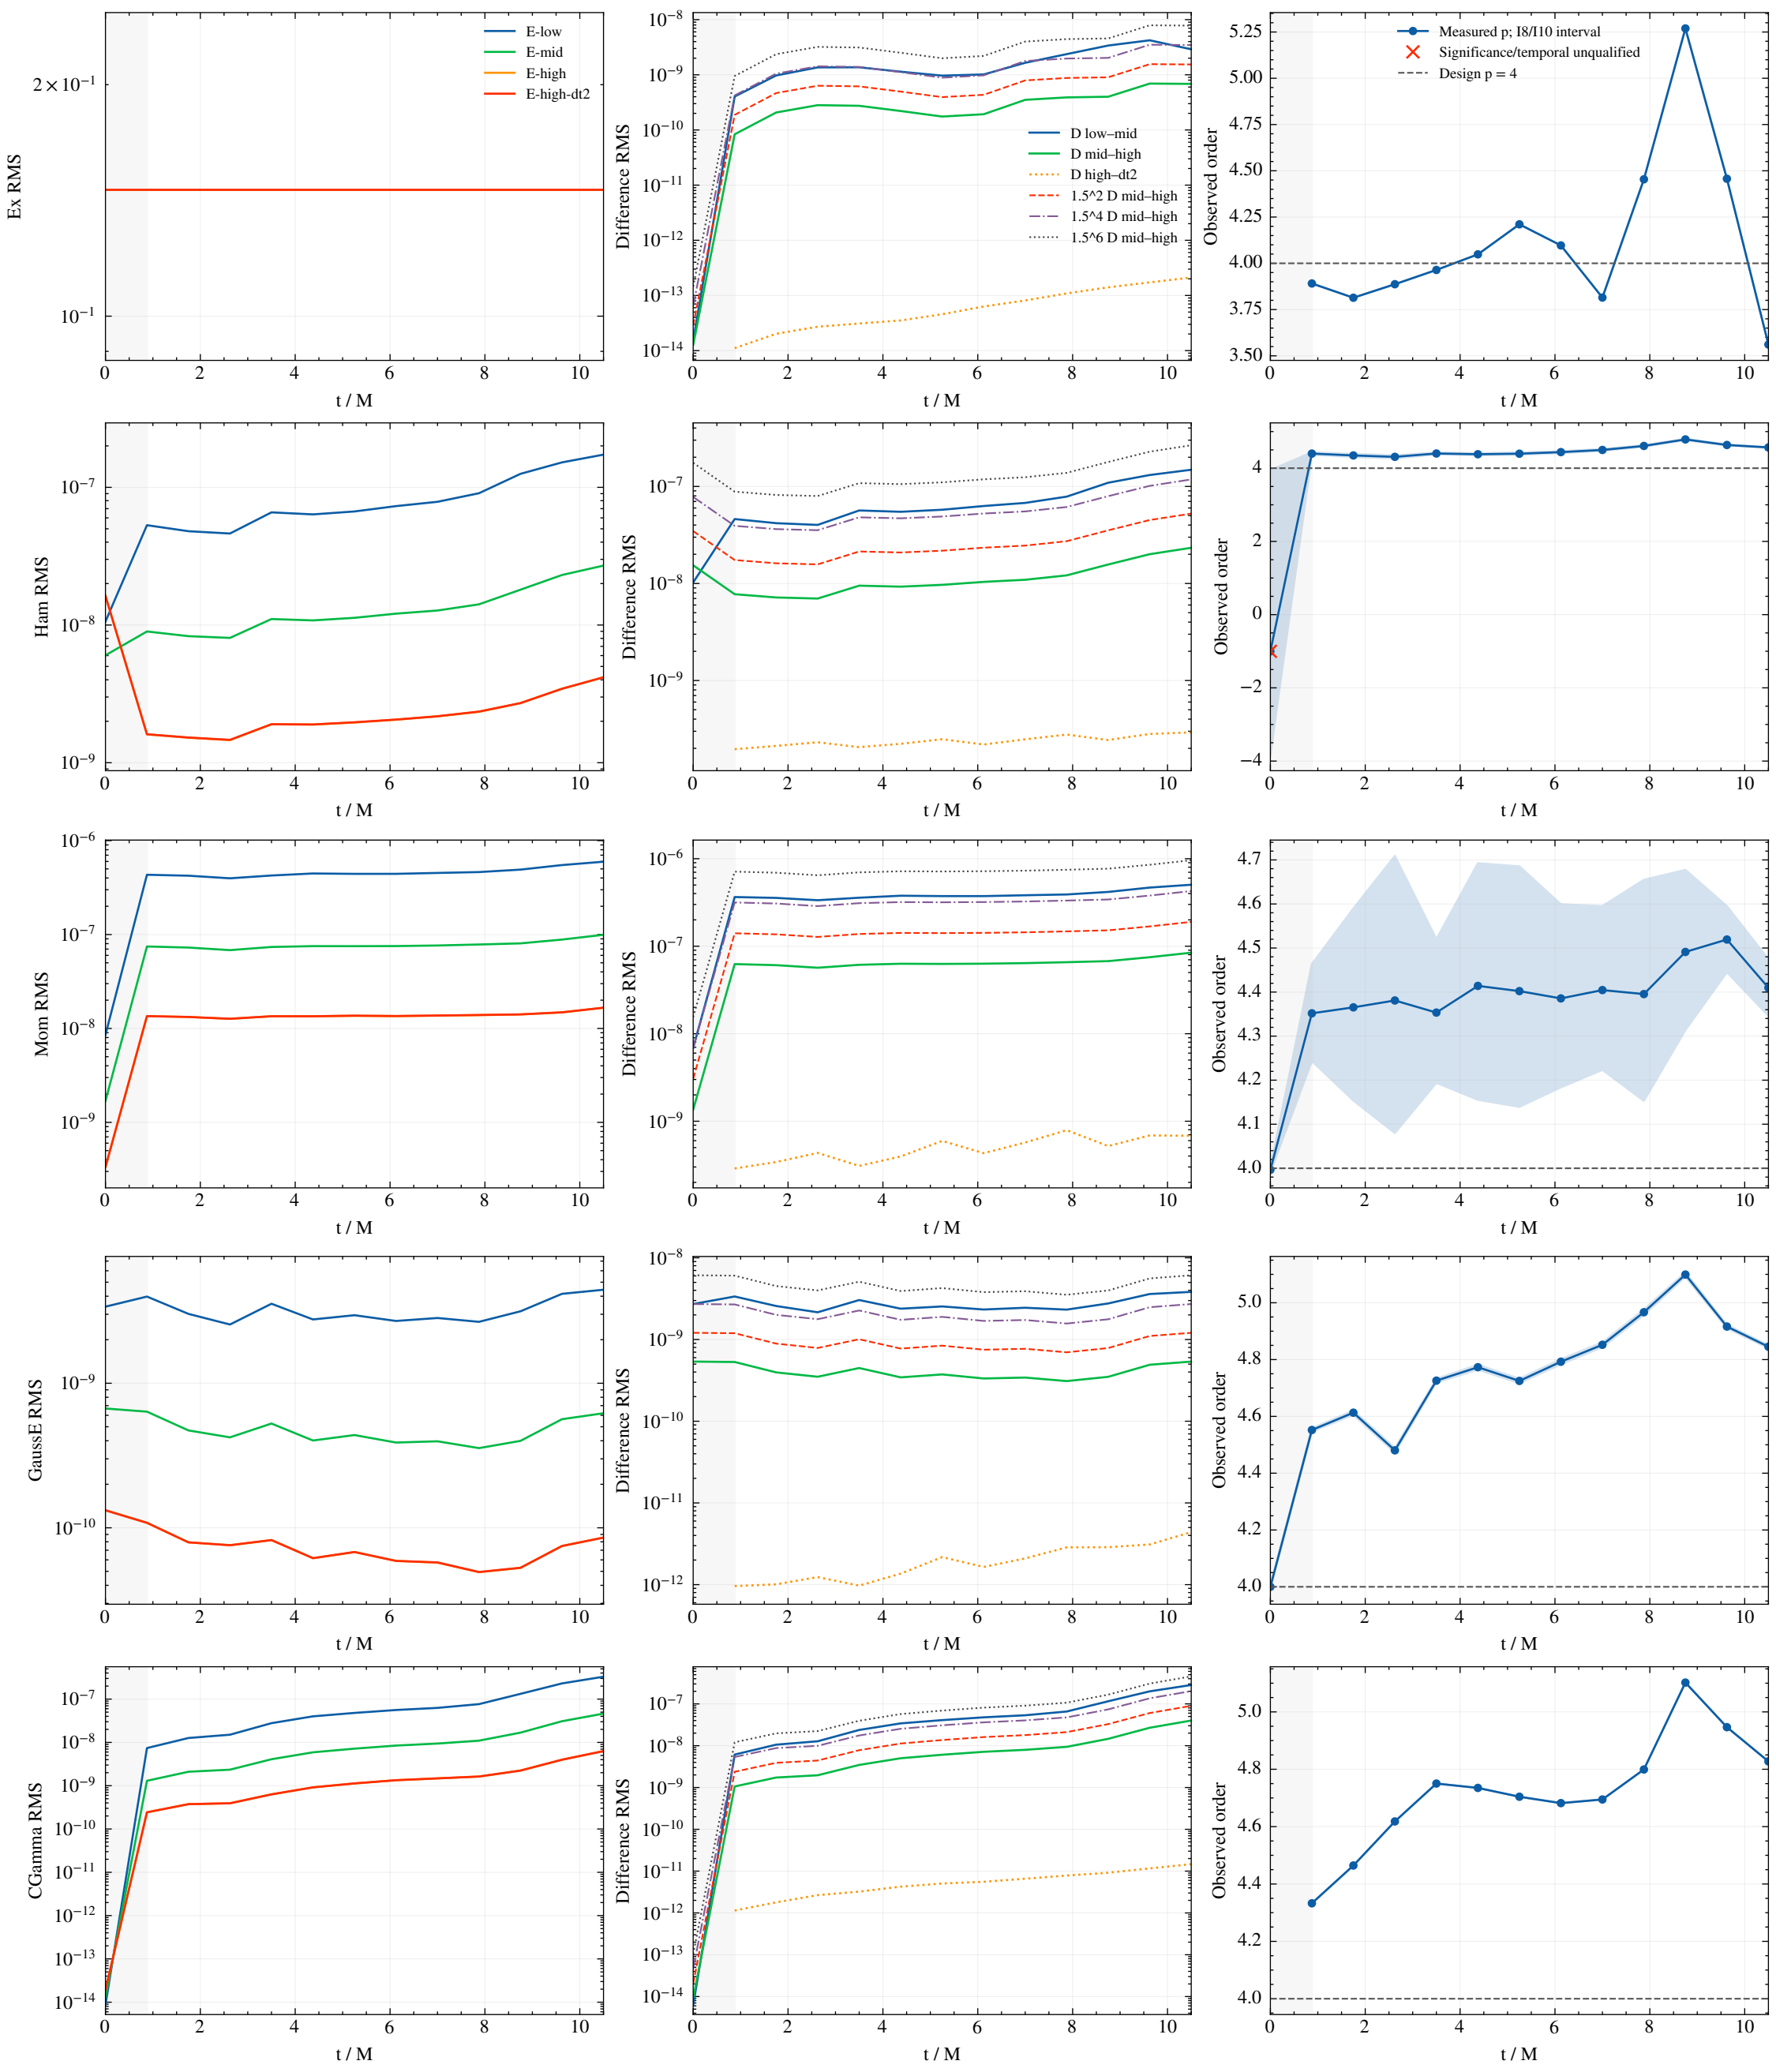

exp-0023: cavity; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

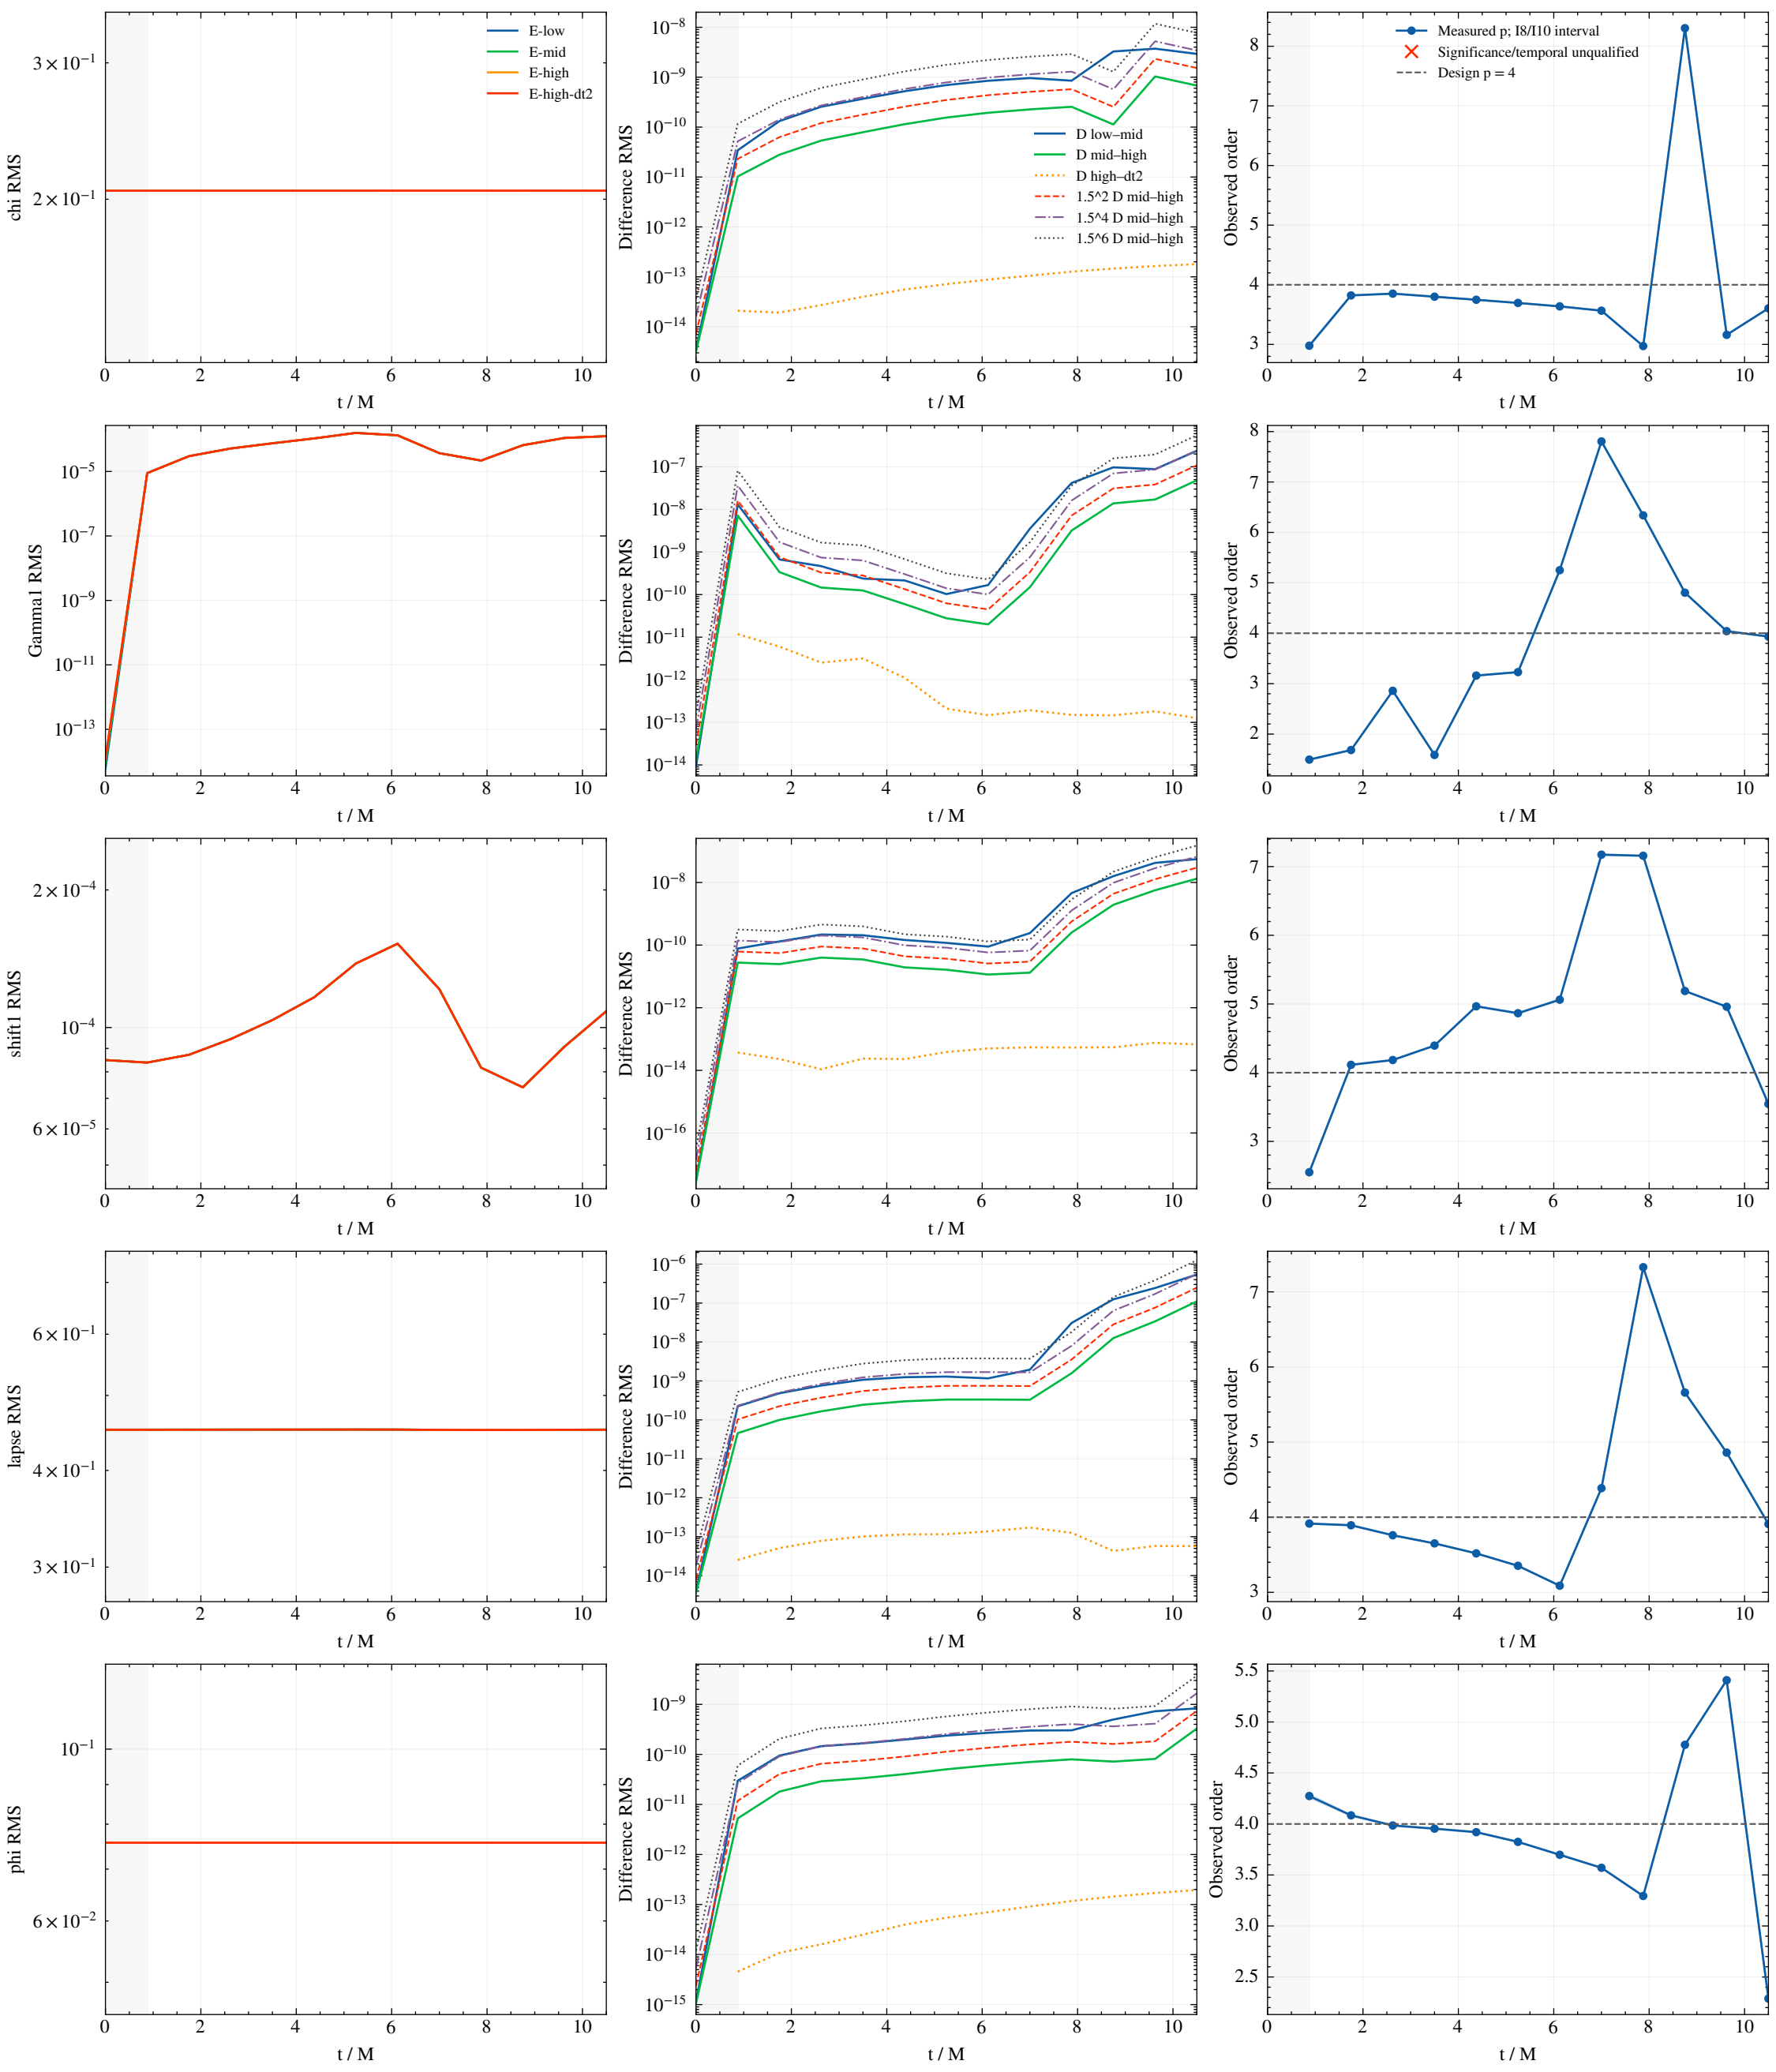

exp-0023: between_rings; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

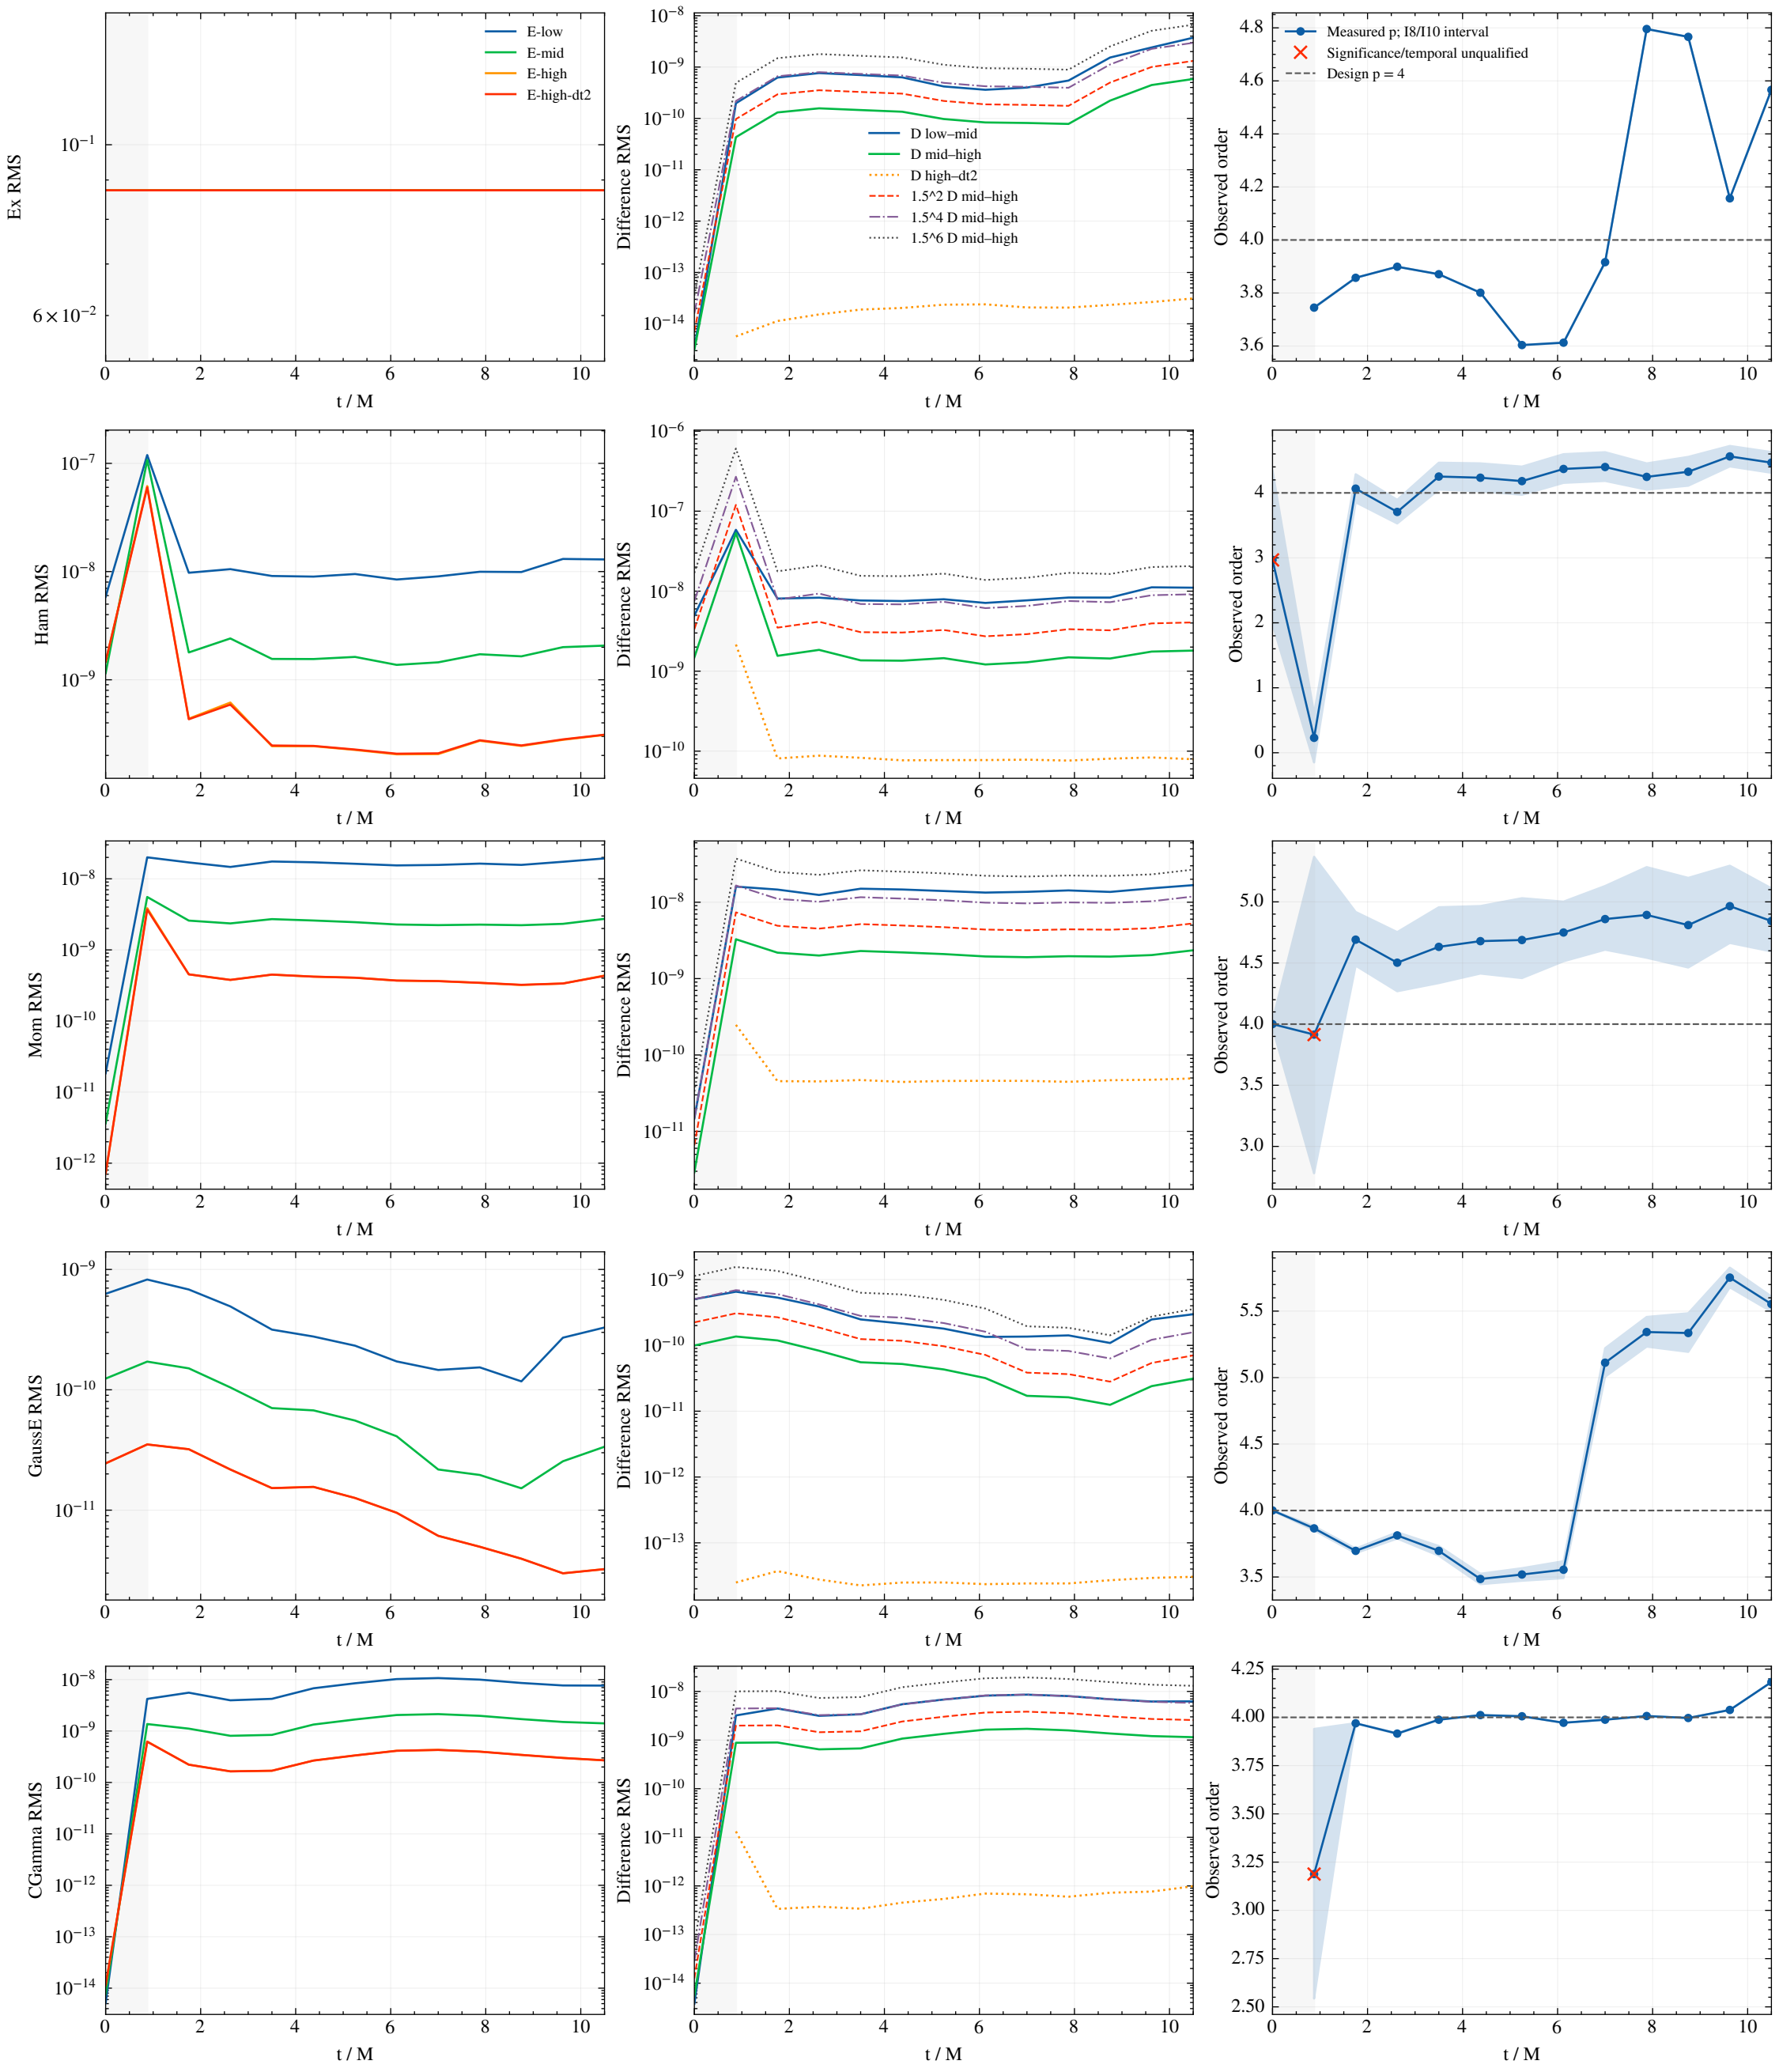

exp-0023: between_rings; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

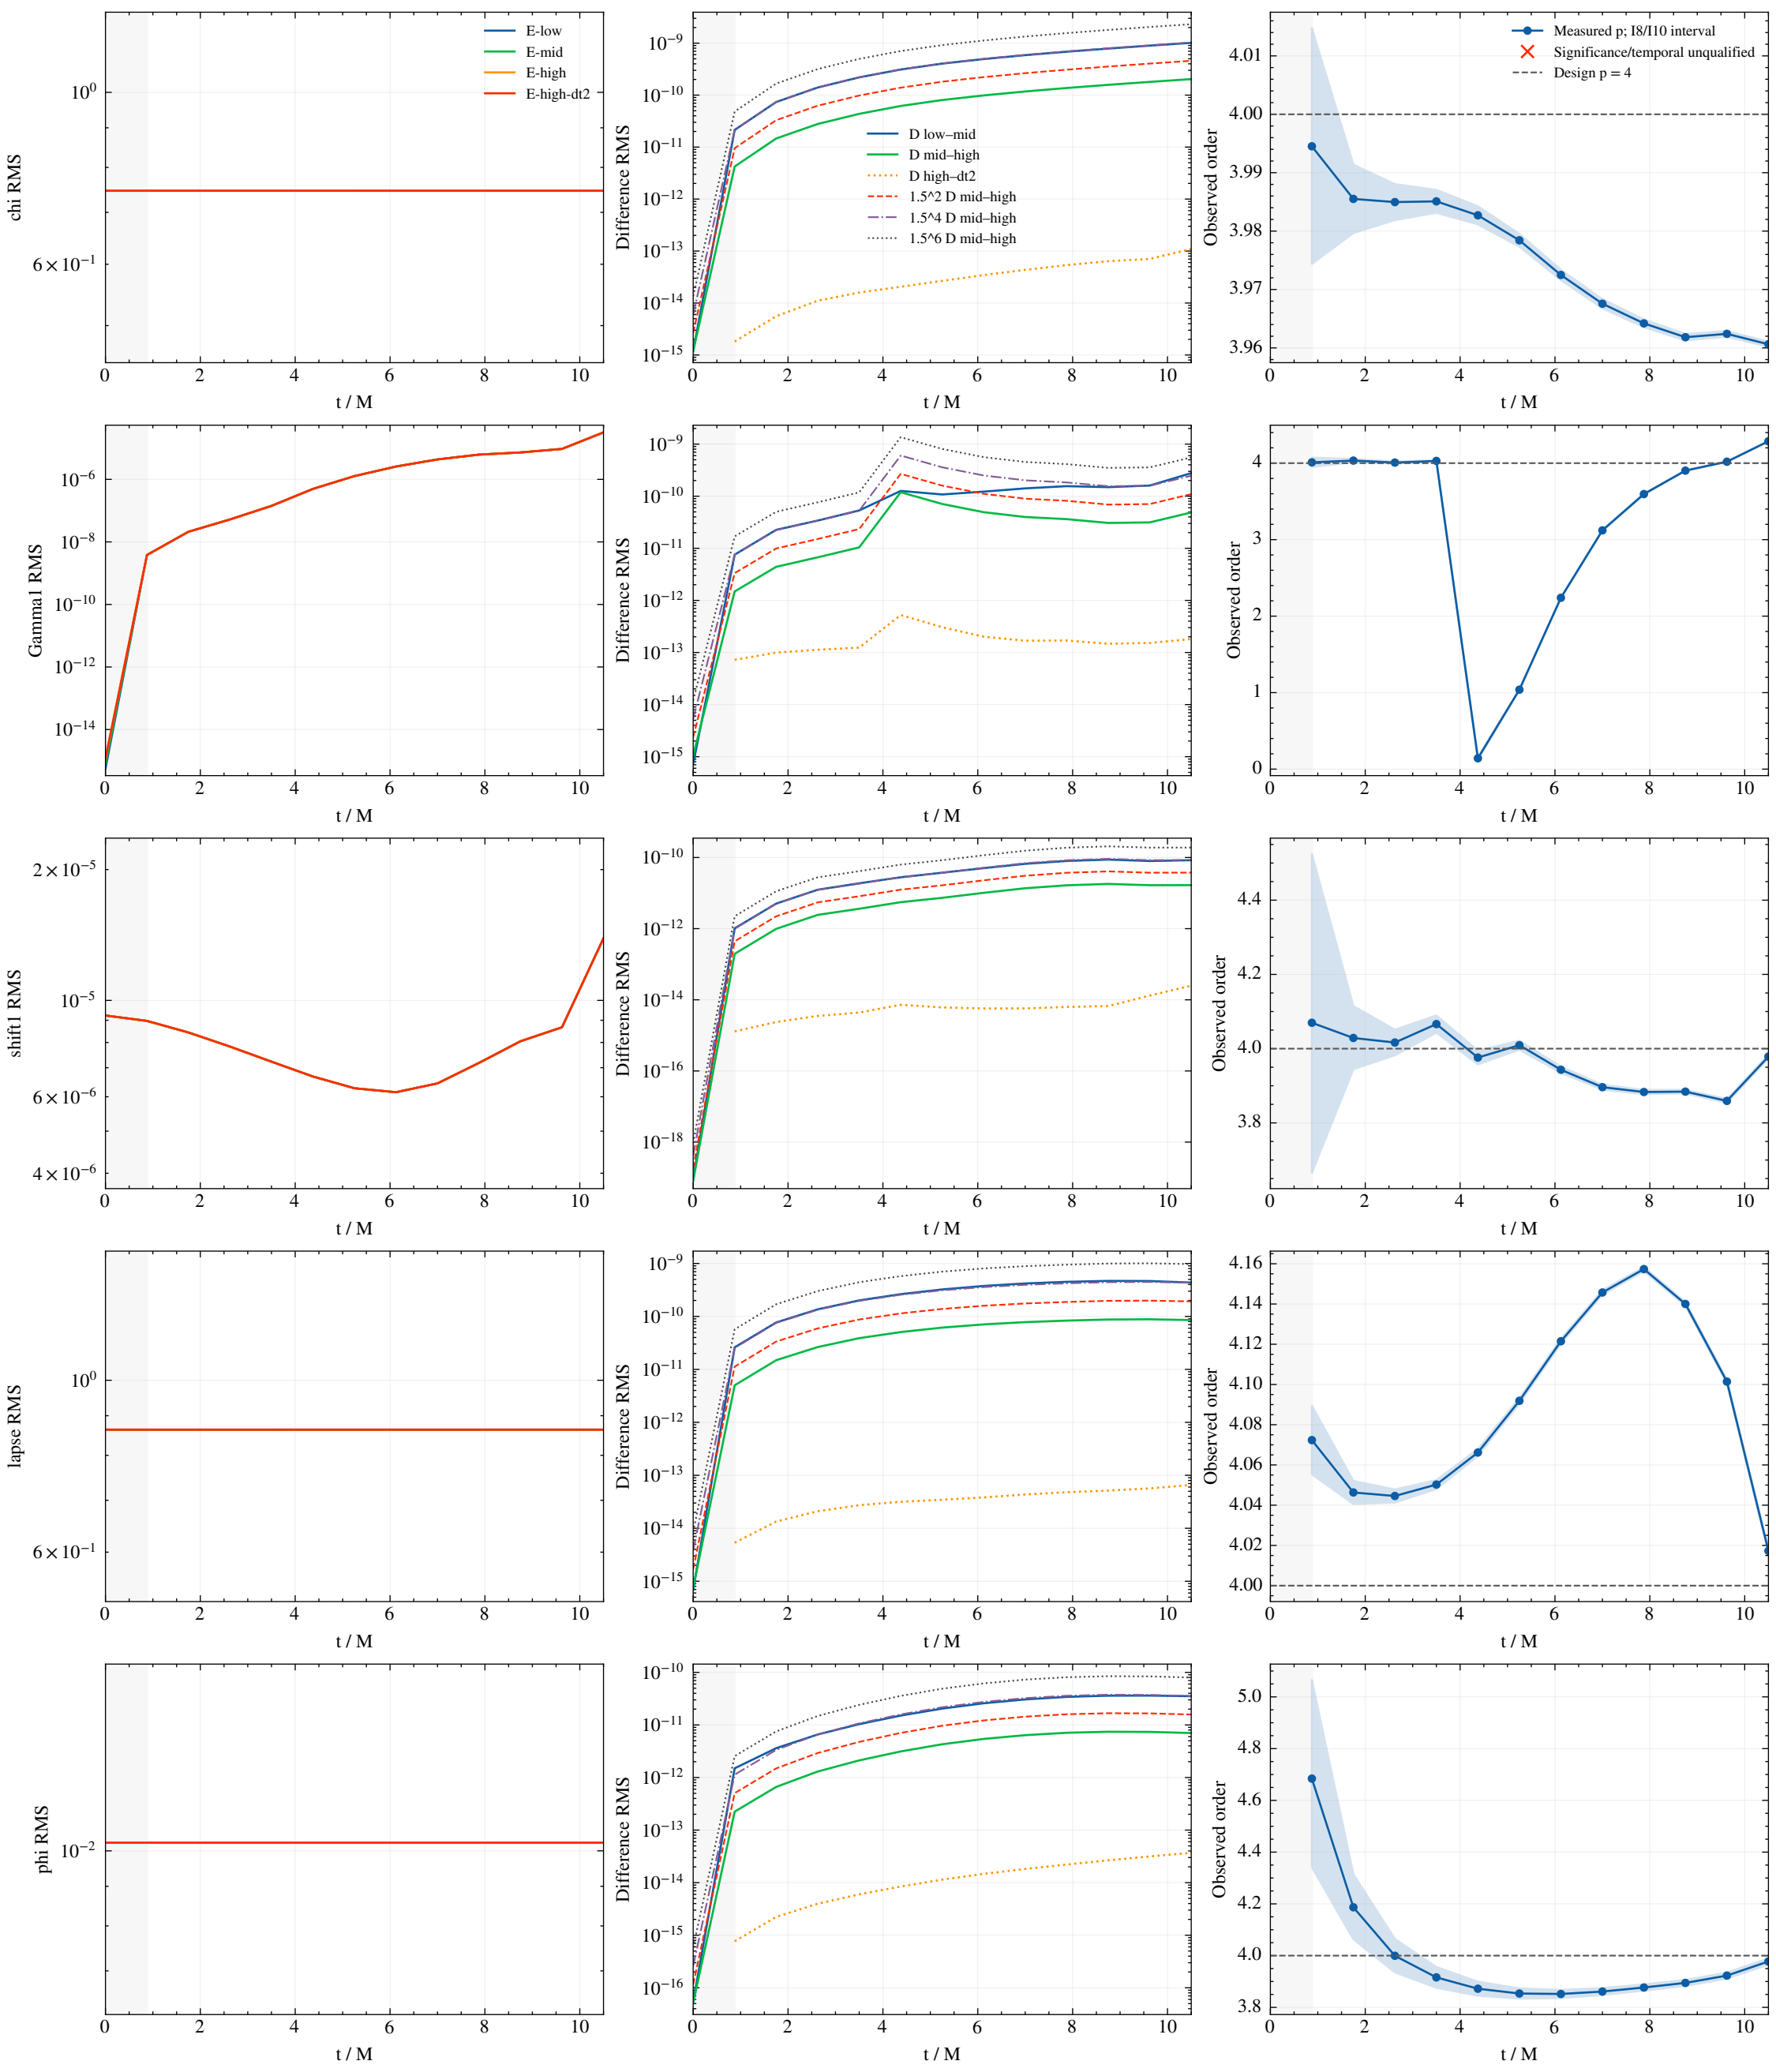

exp-0023: outer_ring; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

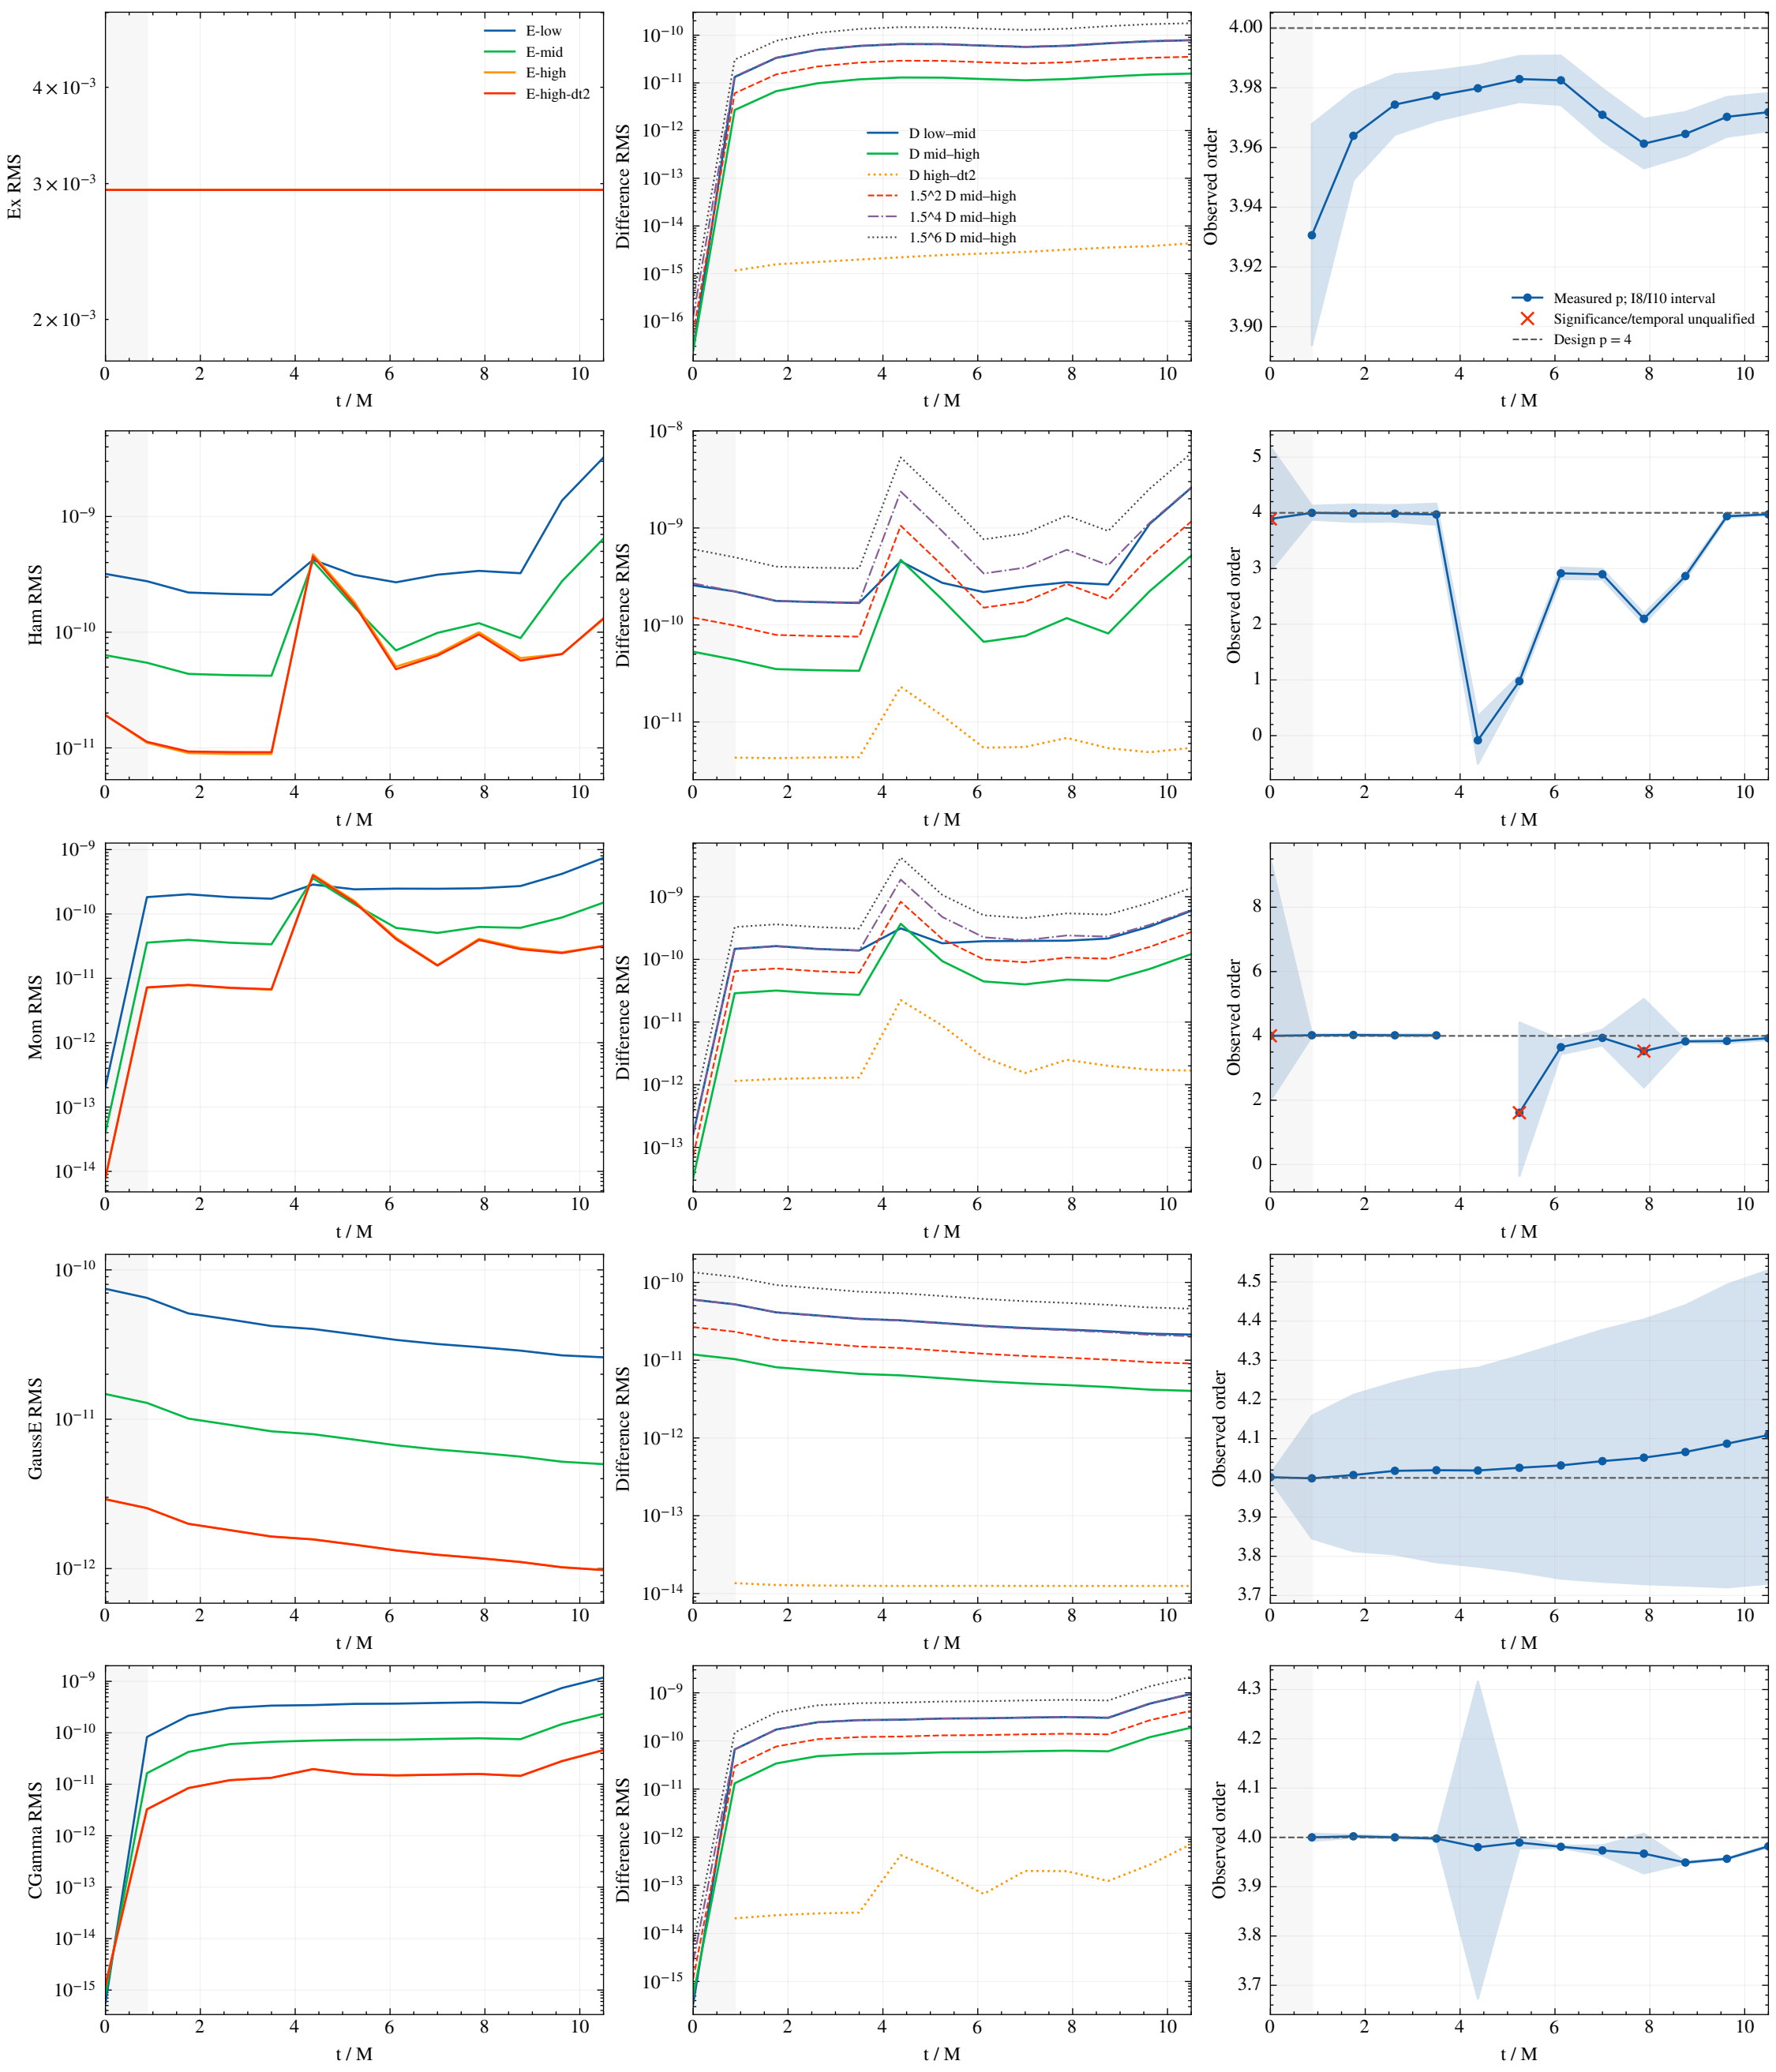

exp-0023: outer_ring; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

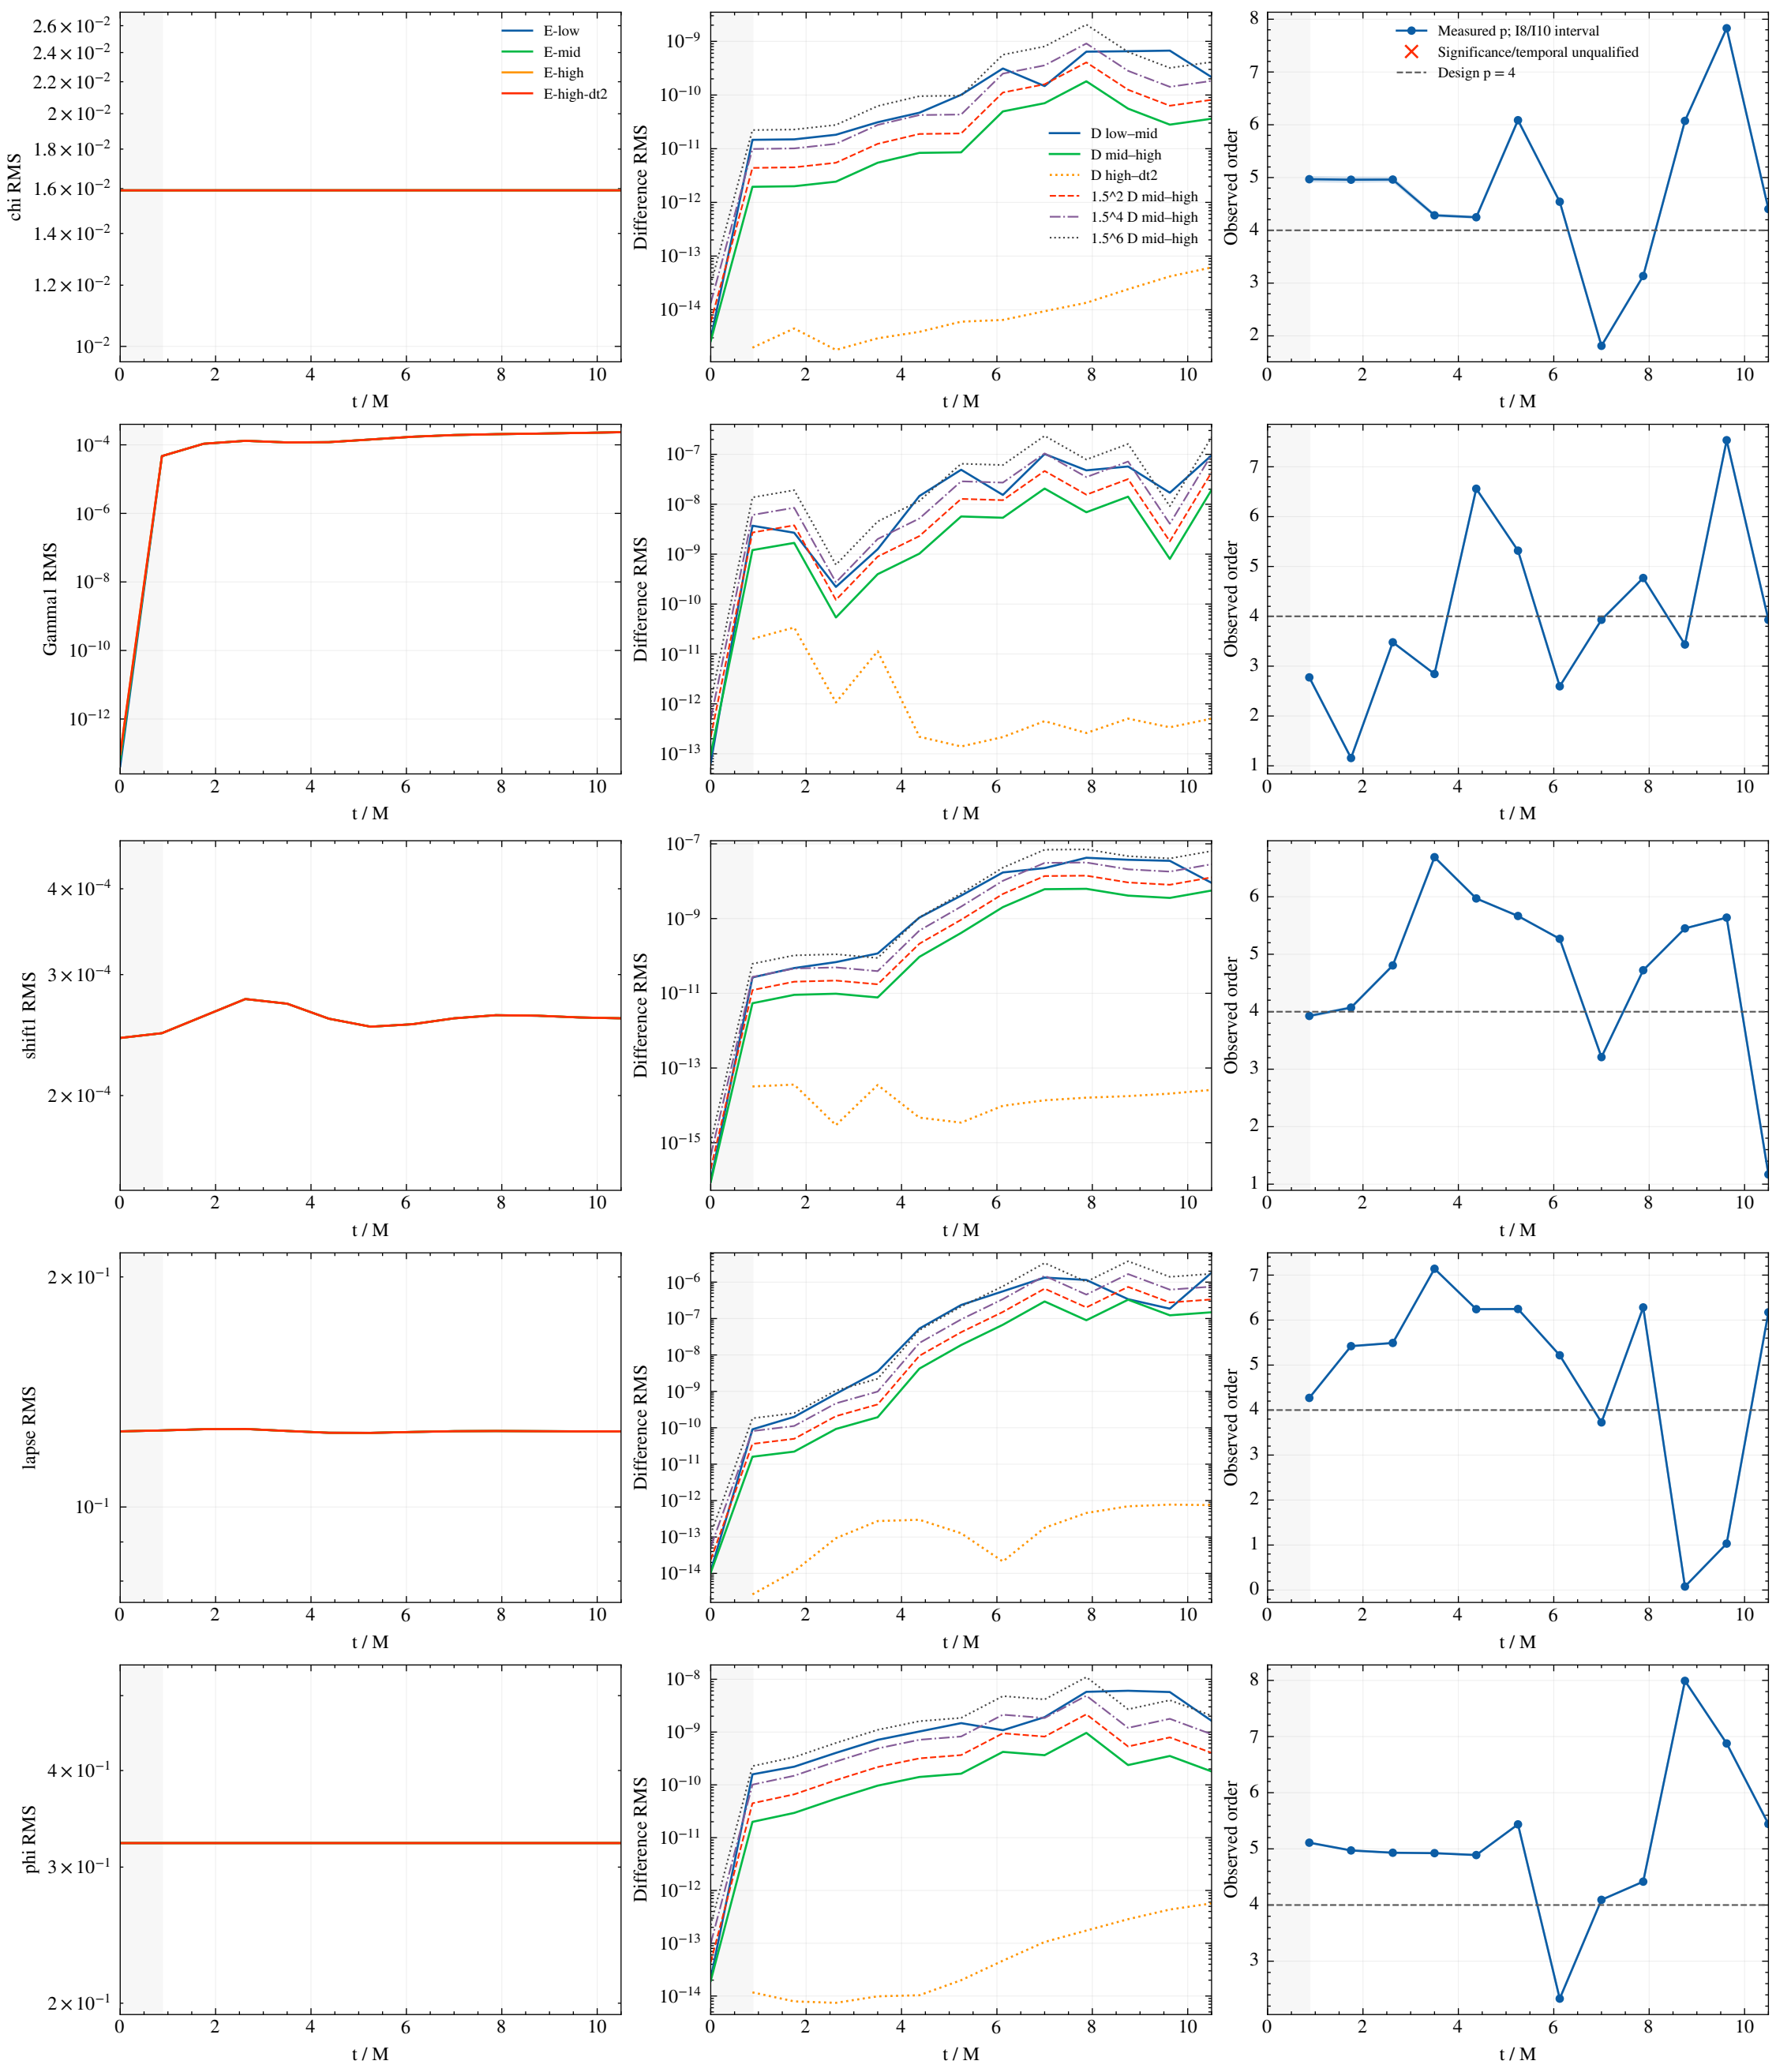

exp-0023: far; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

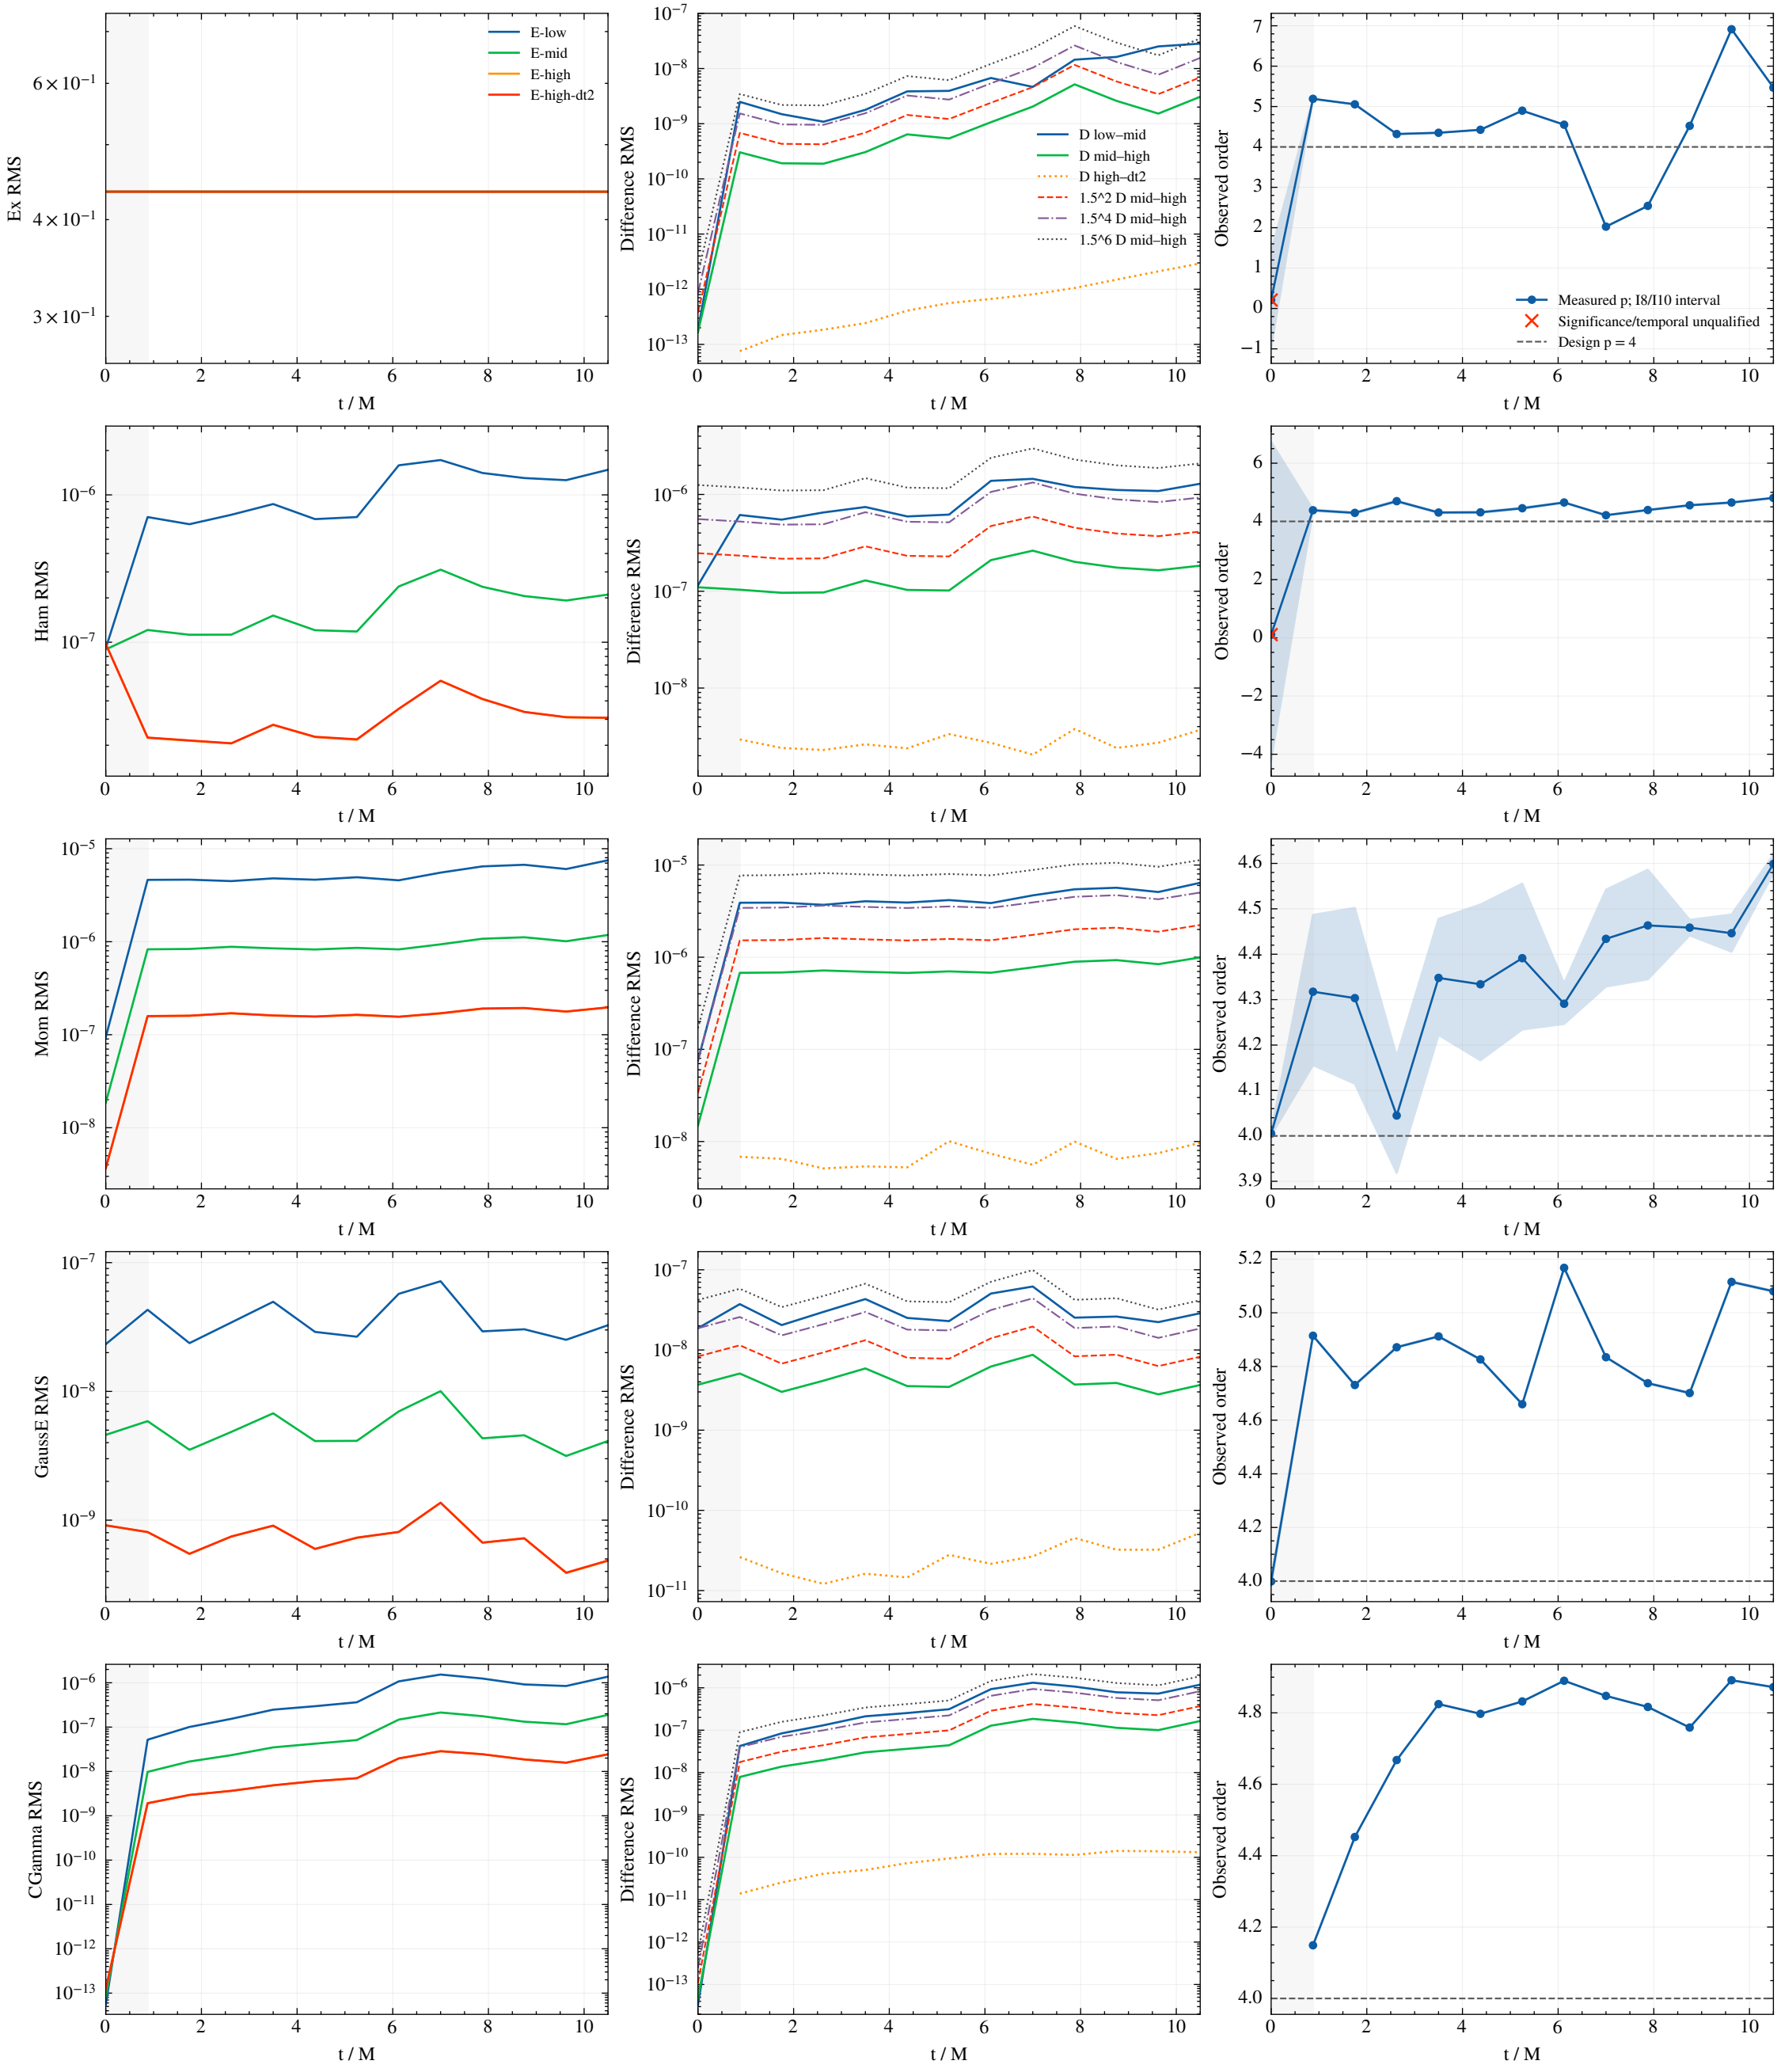

exp-0023: far; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

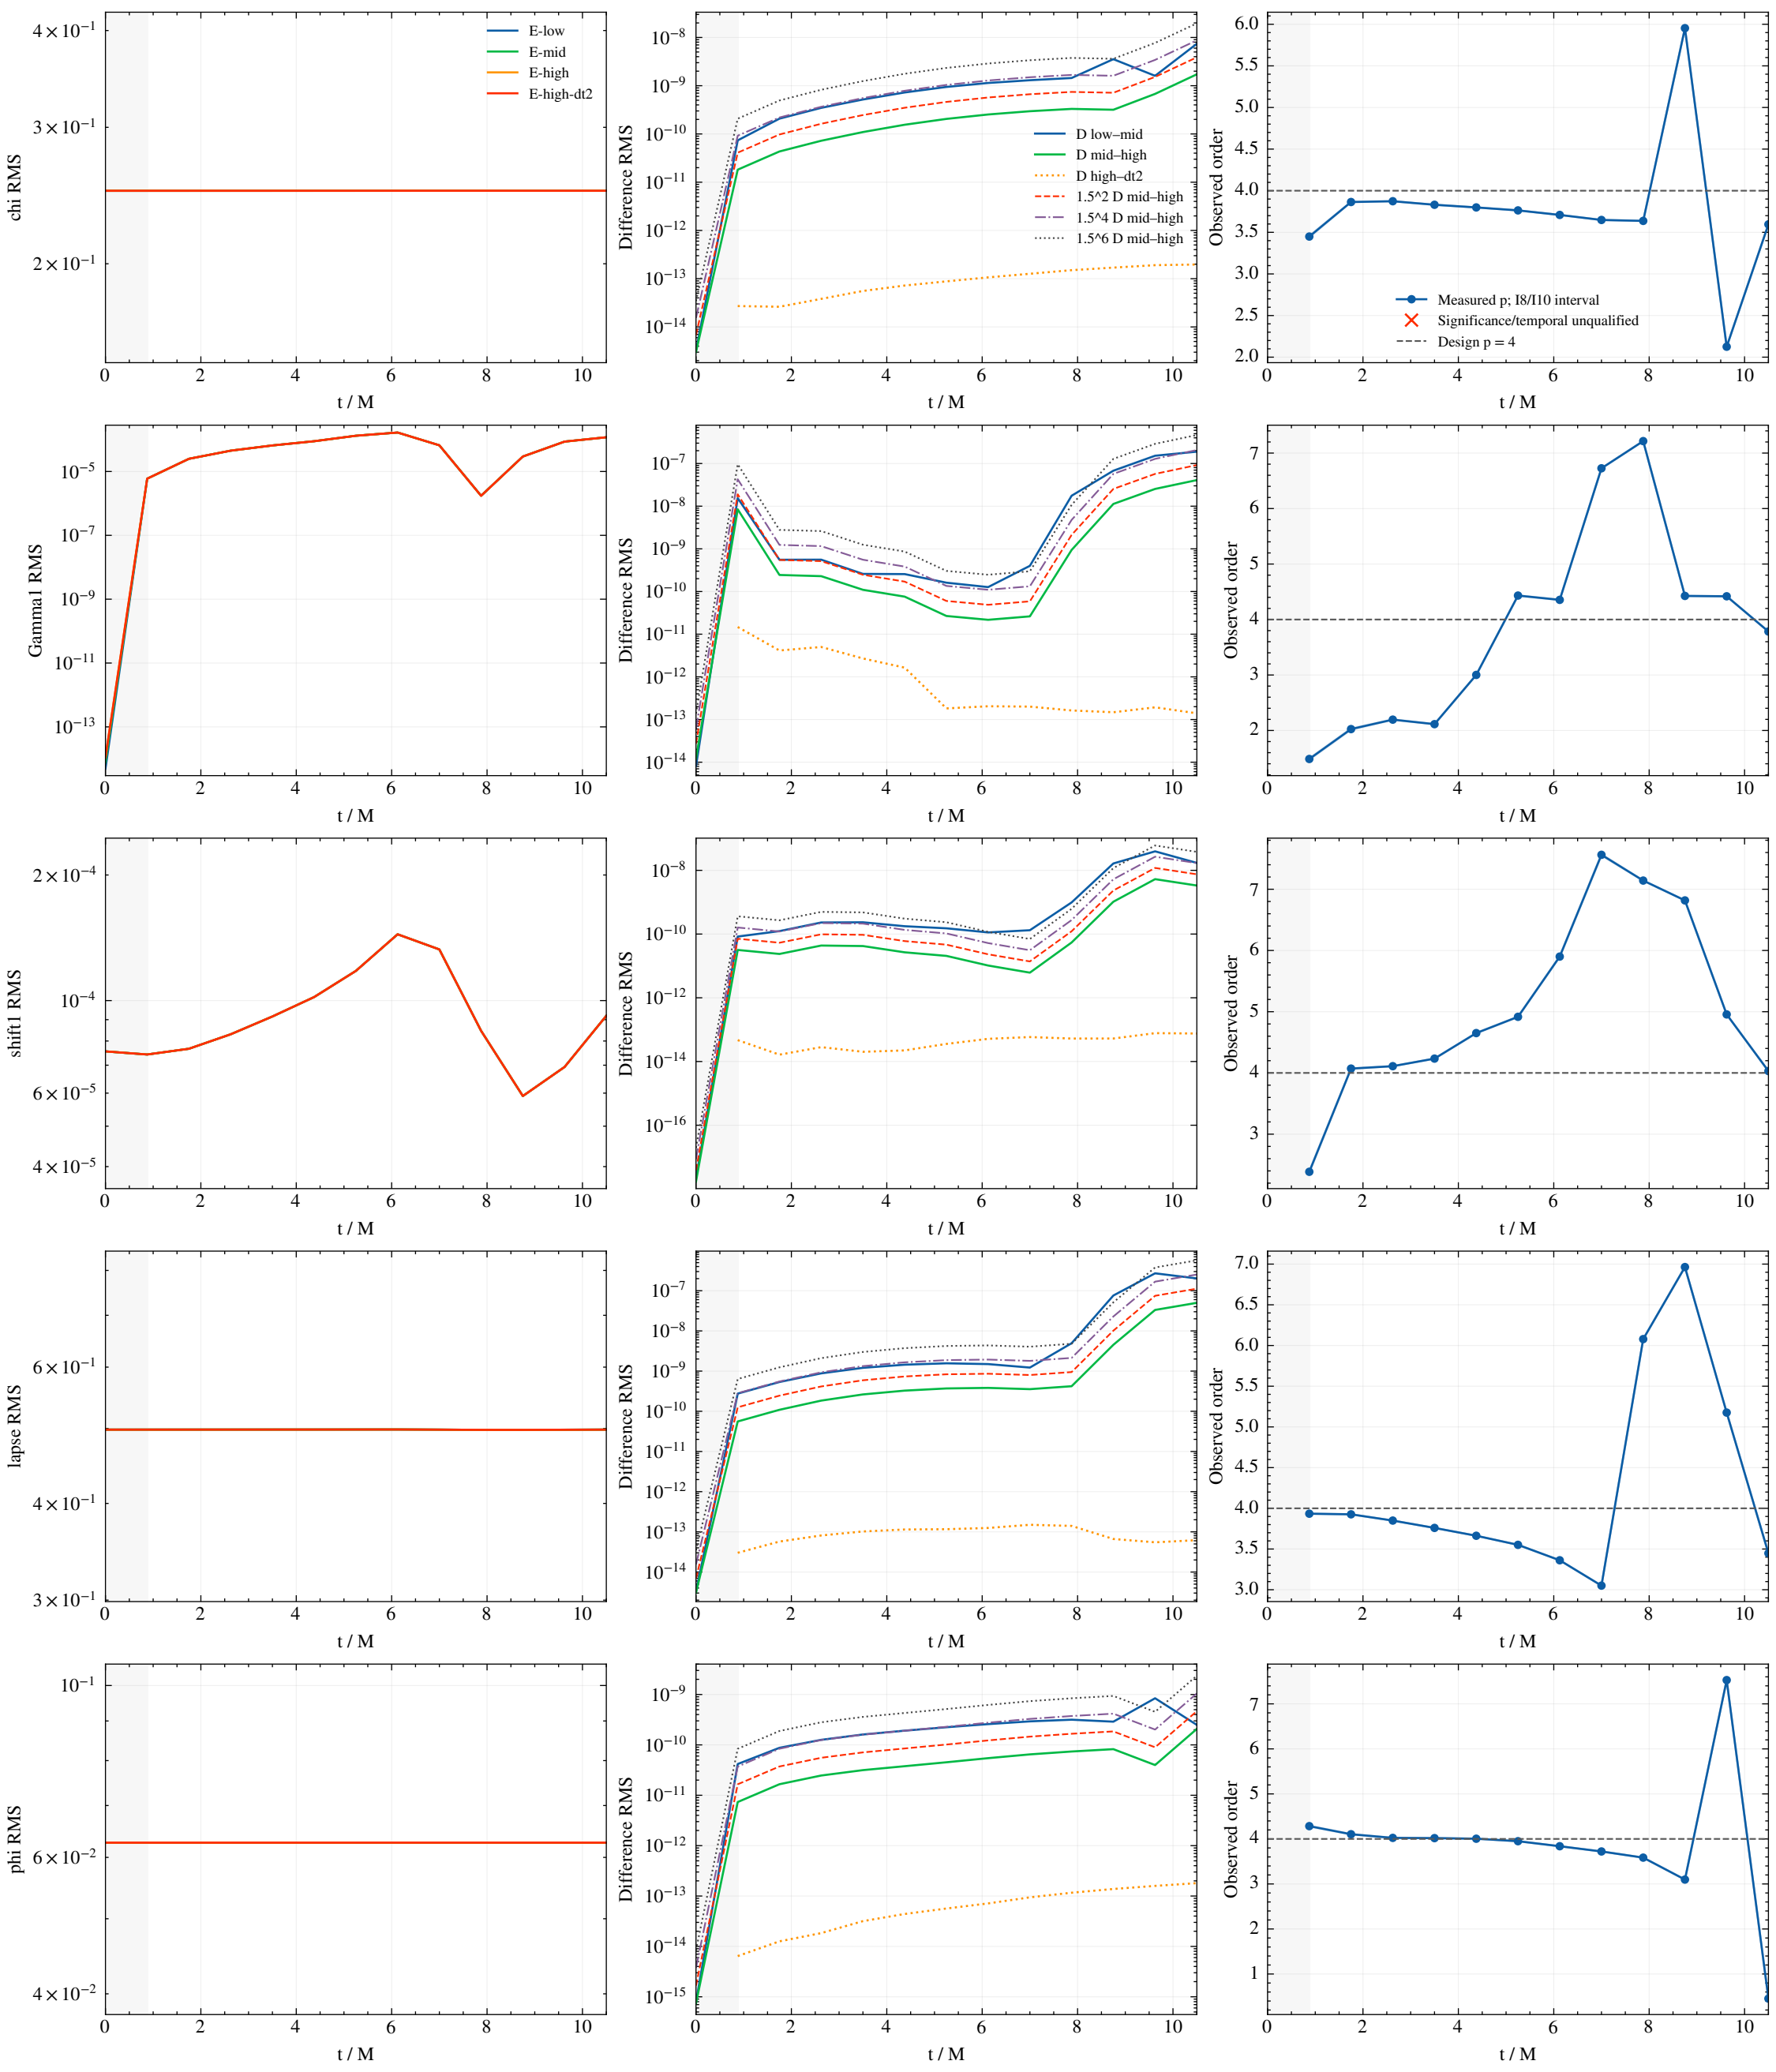

exp-0023: cavity_core; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

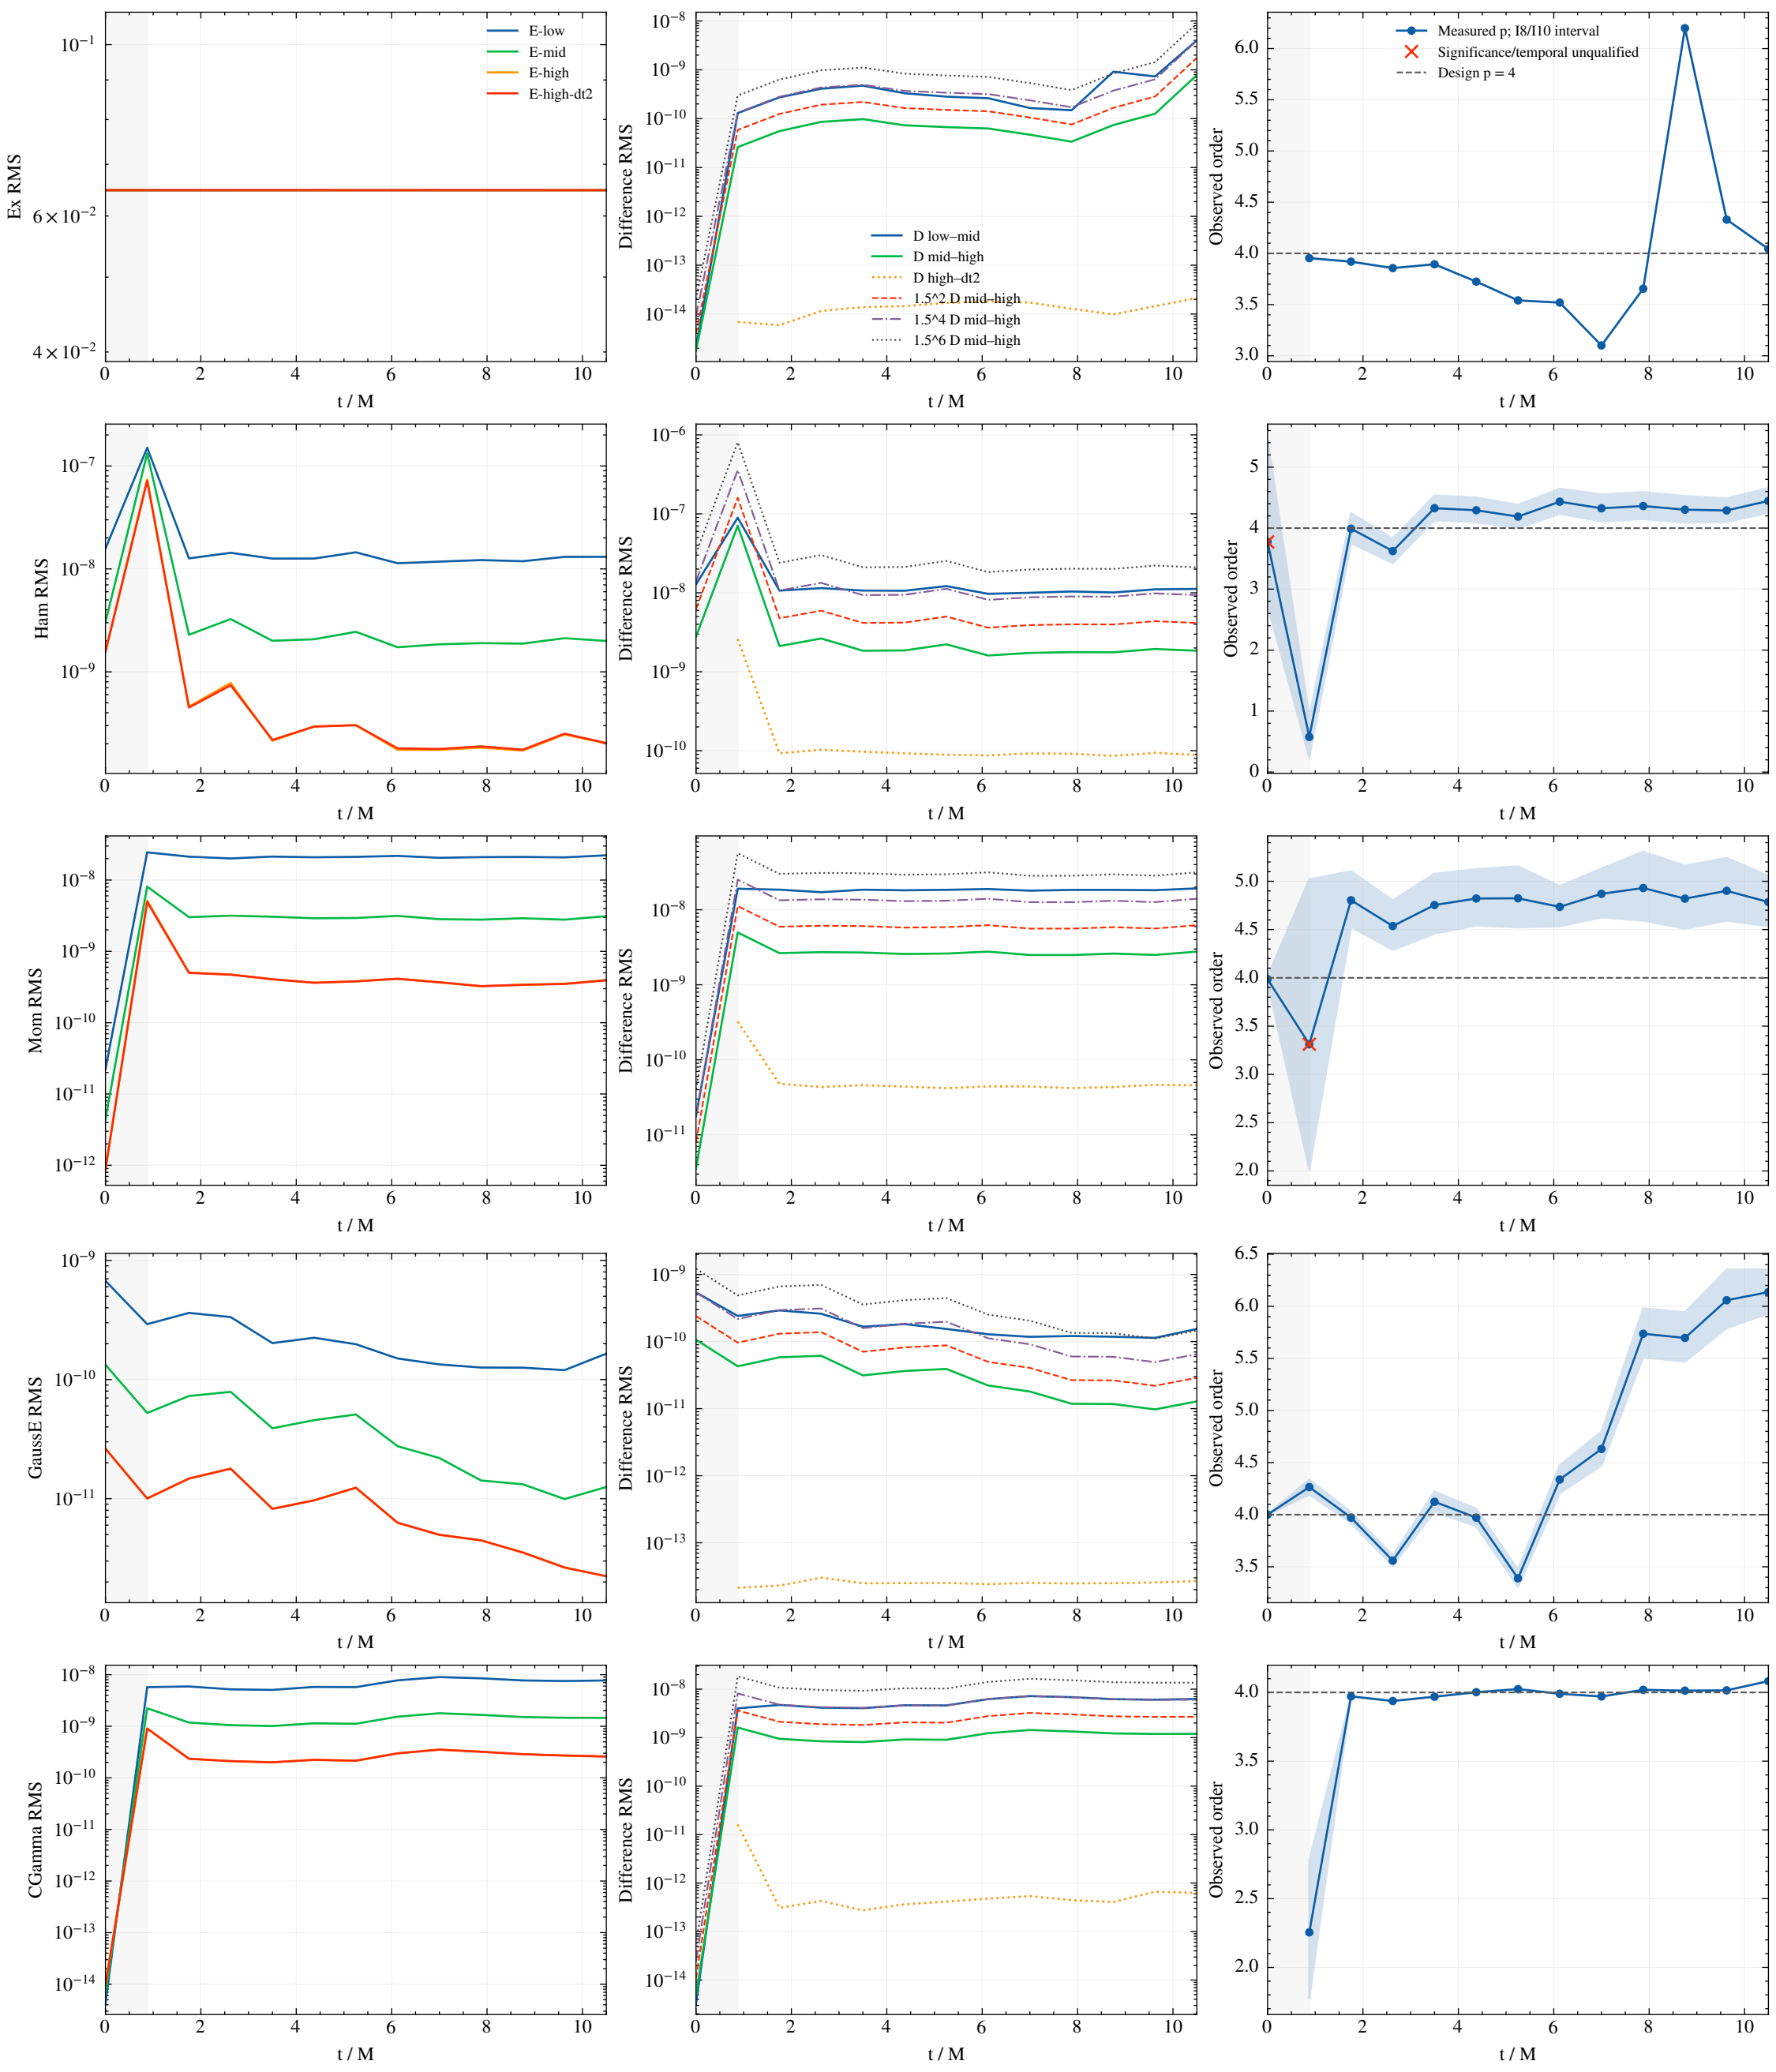

exp-0023: cavity_core; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

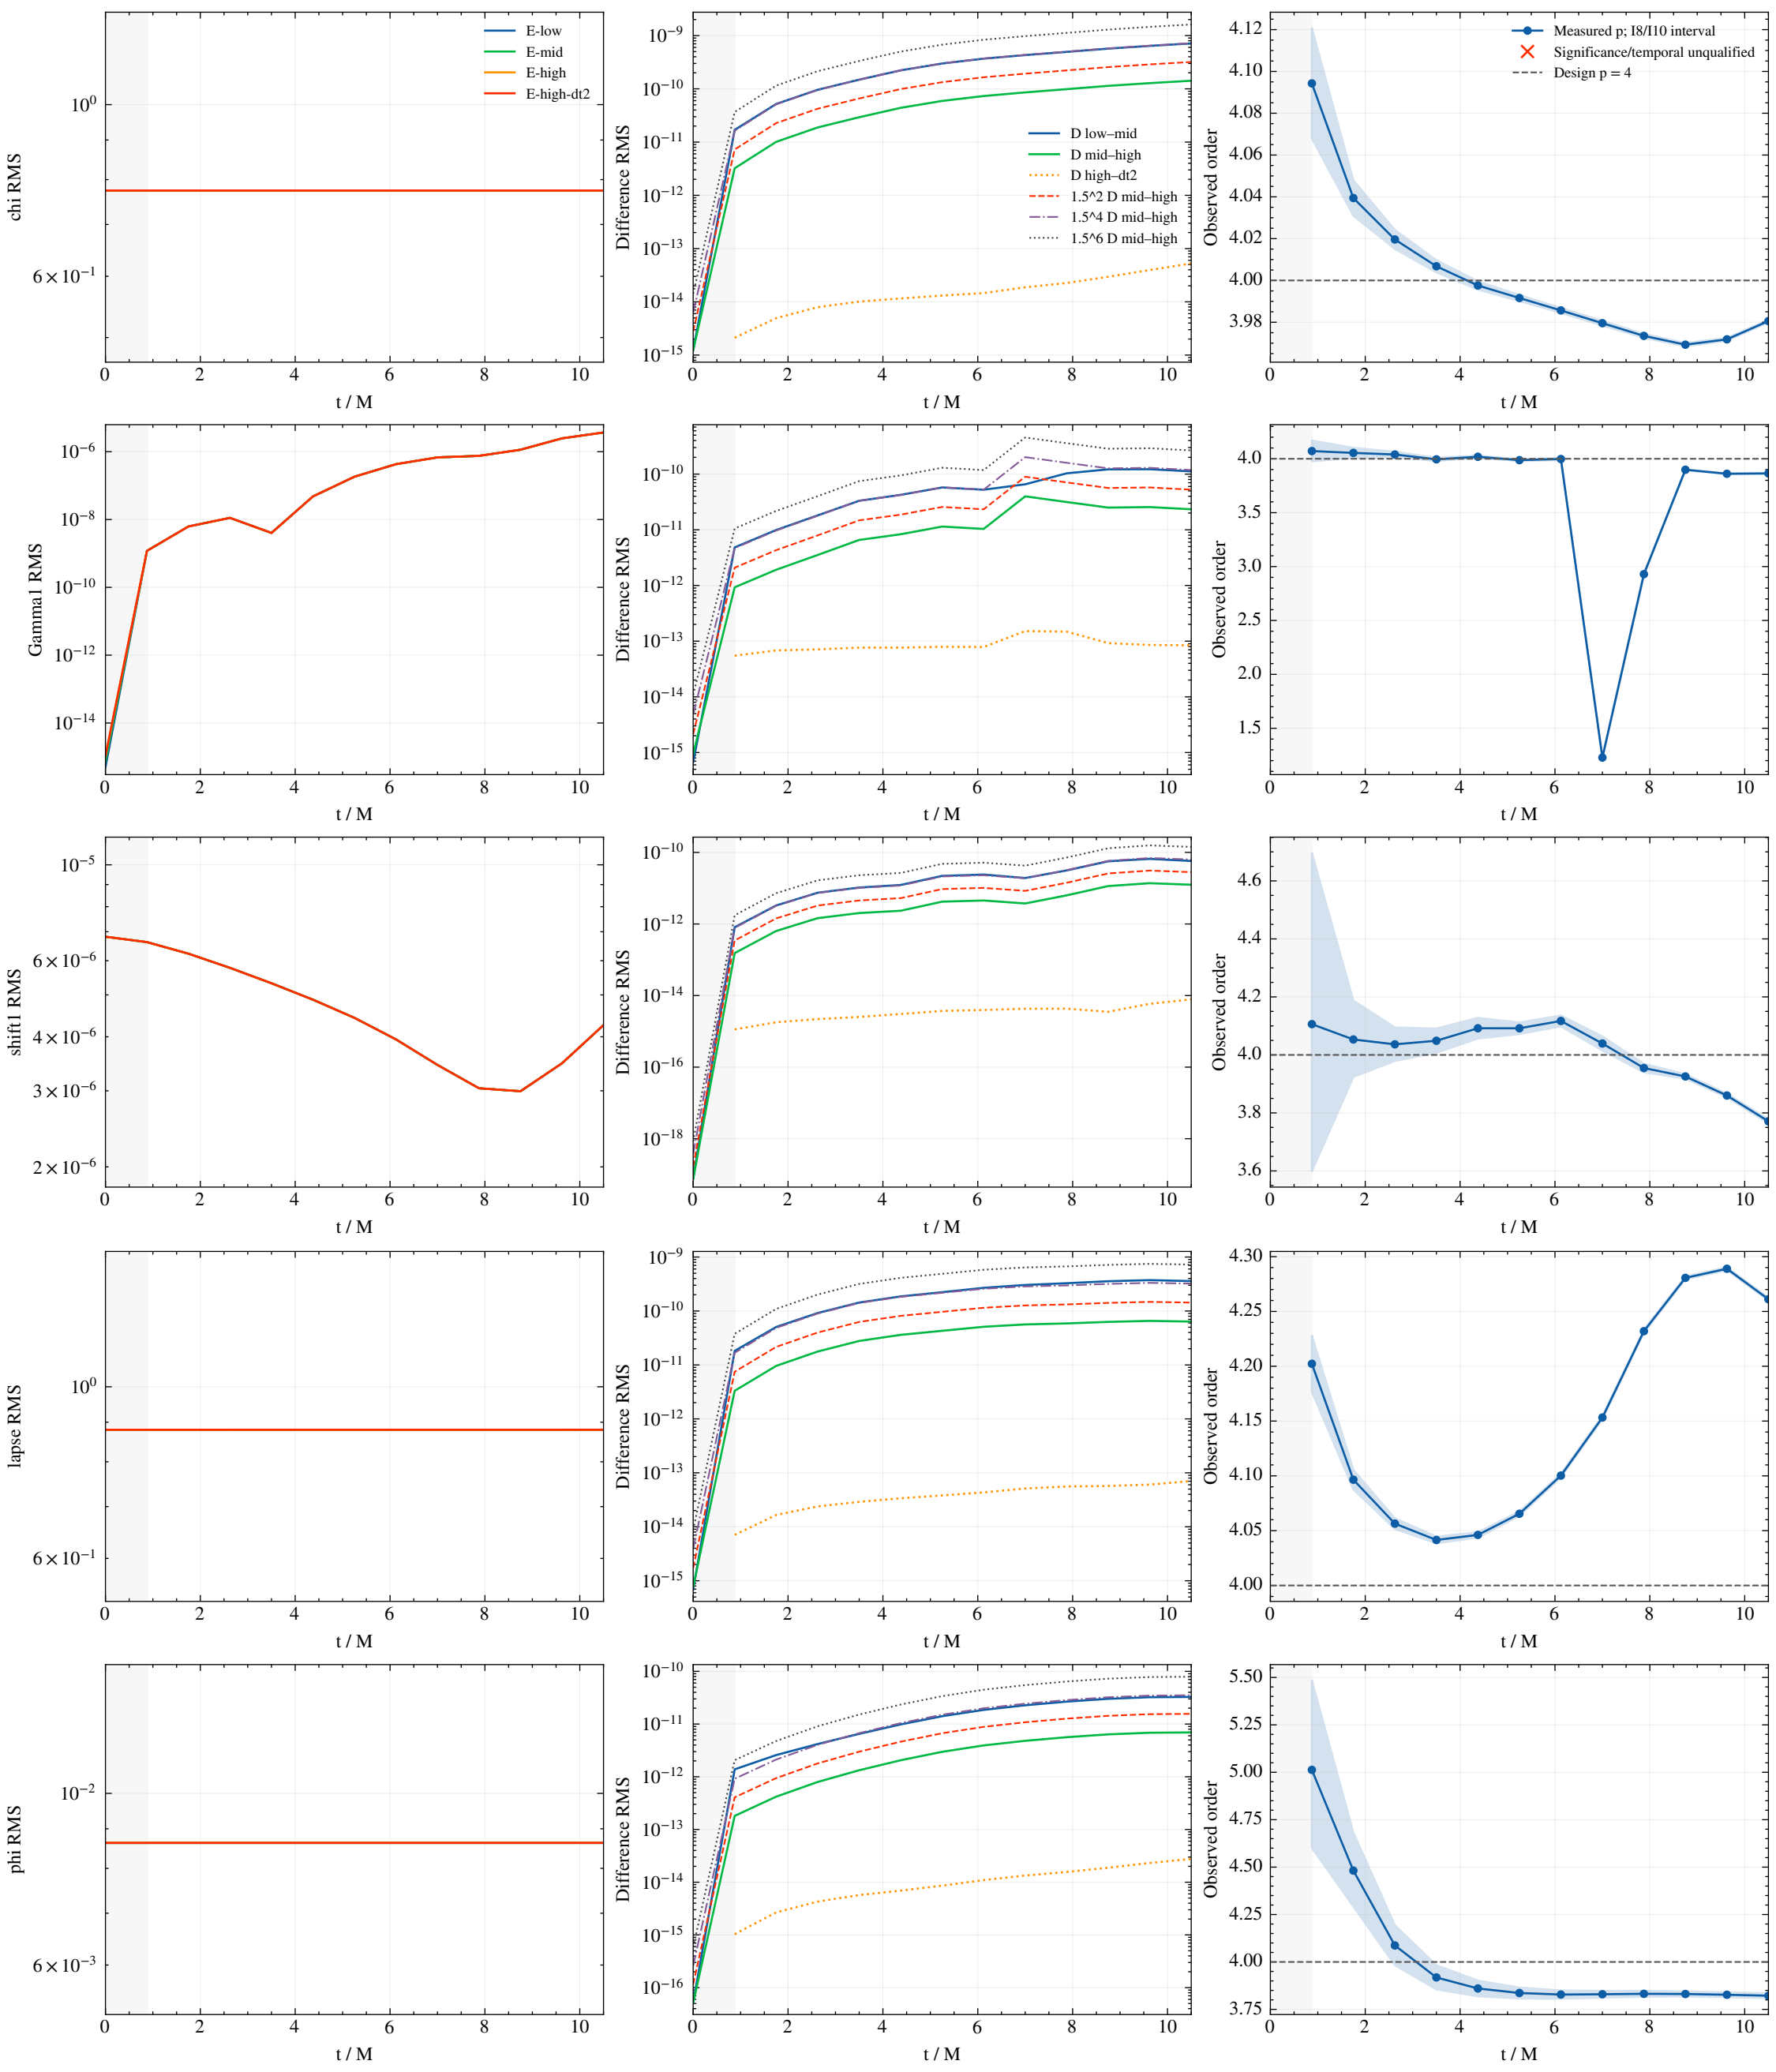

exp-0023: outer_ring_core; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

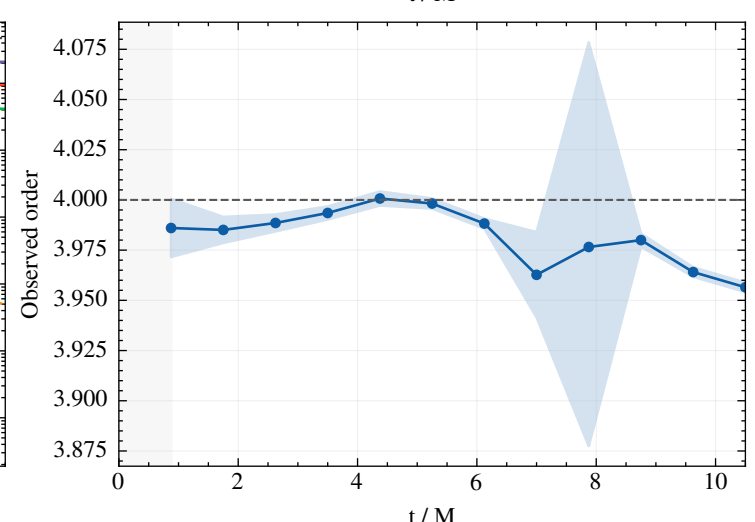

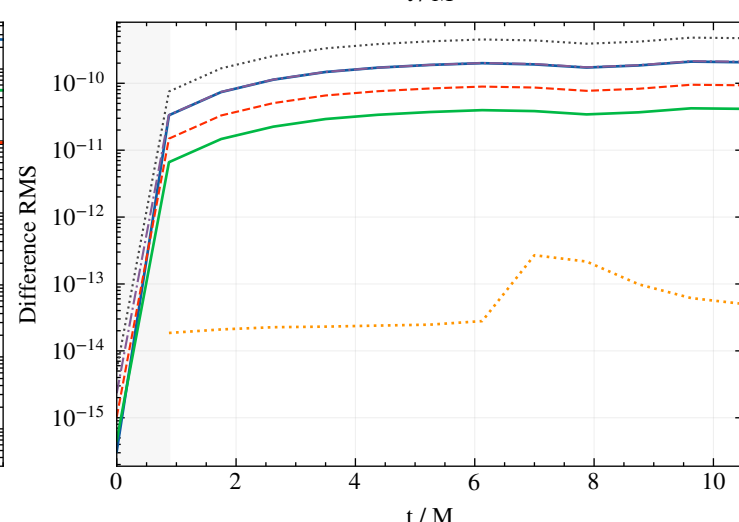

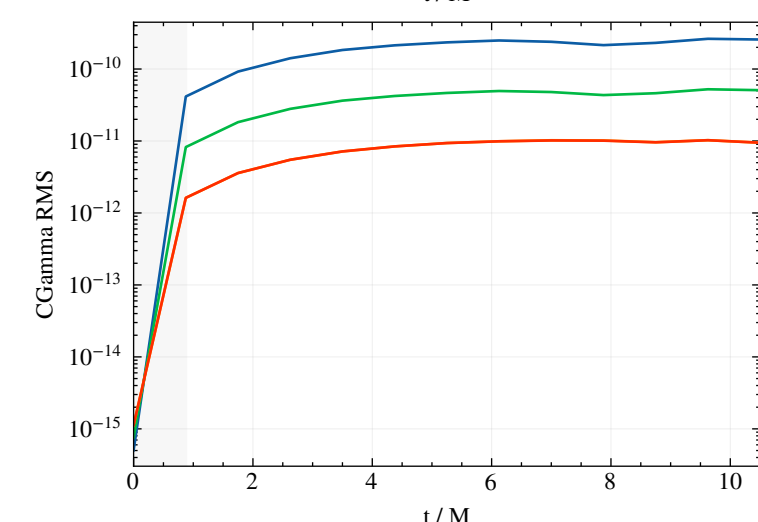

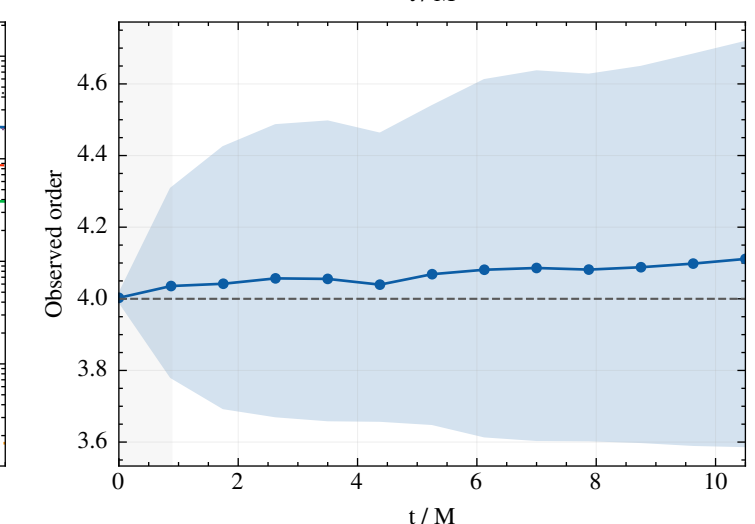

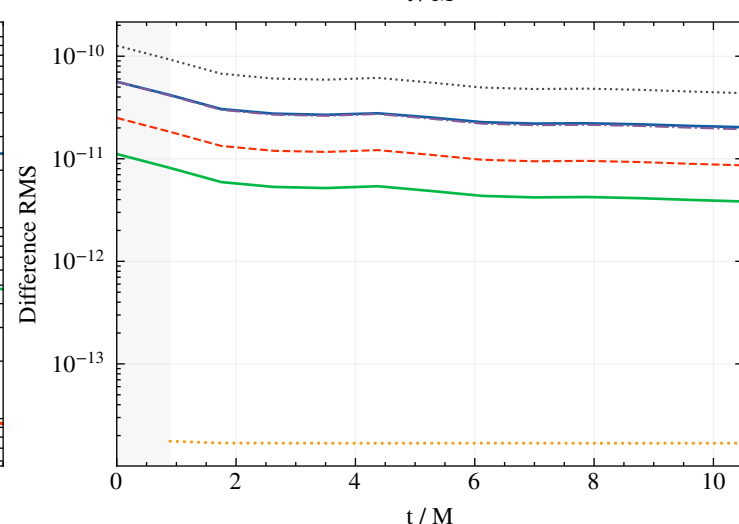

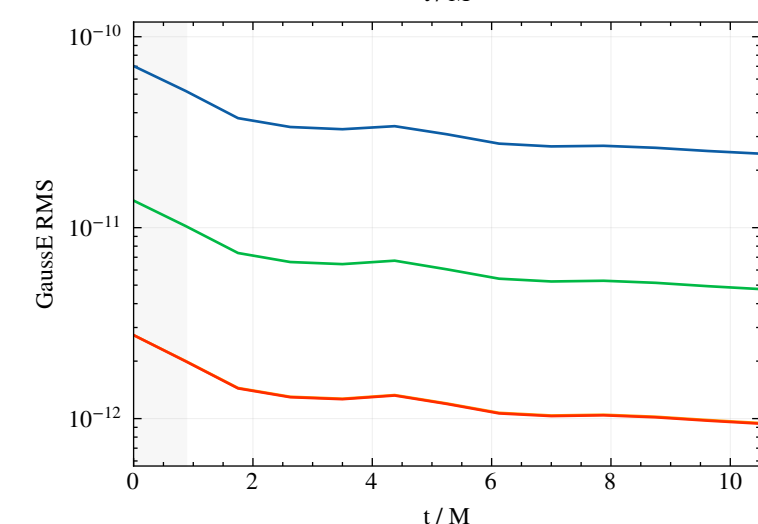

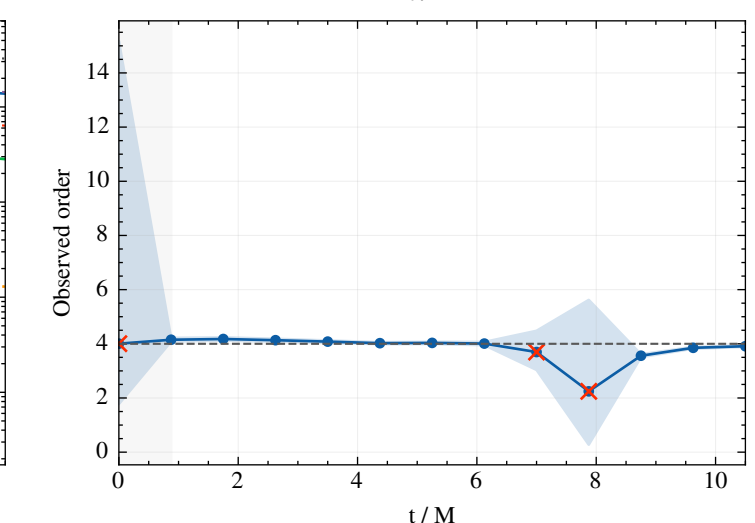

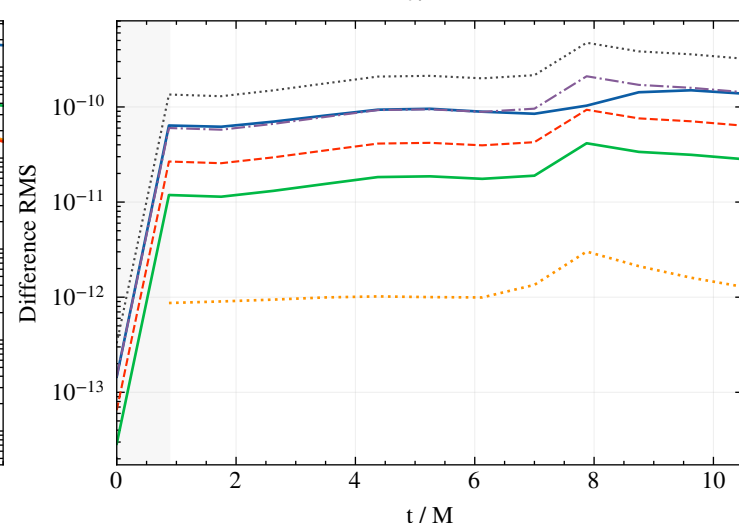

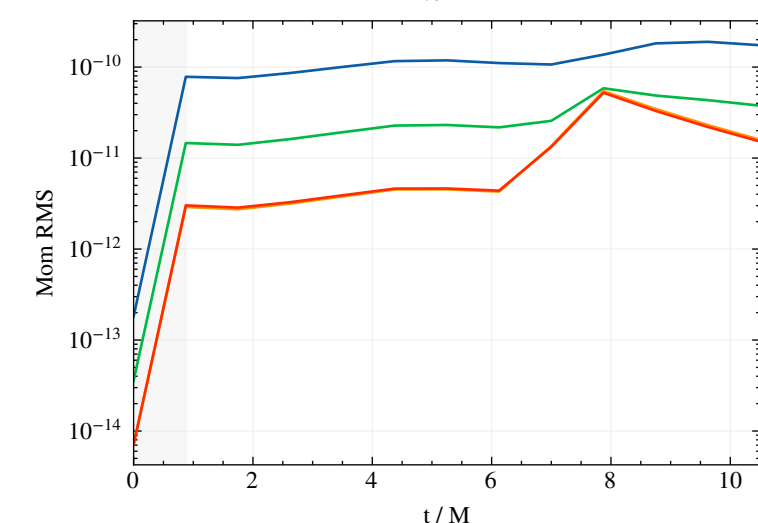

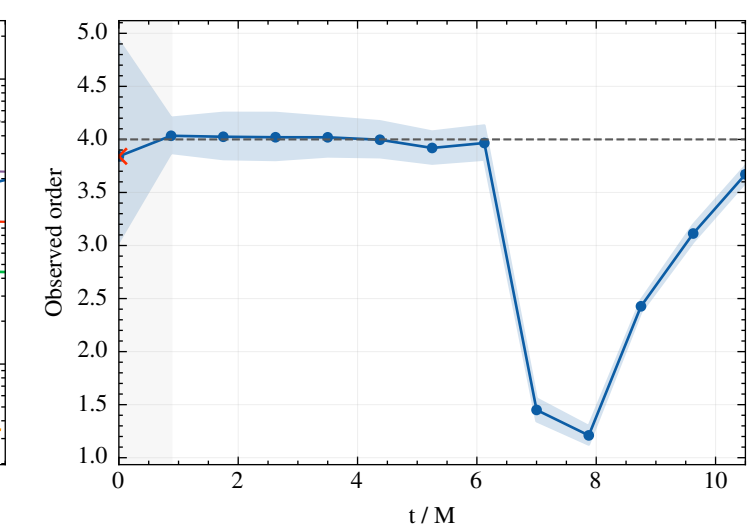

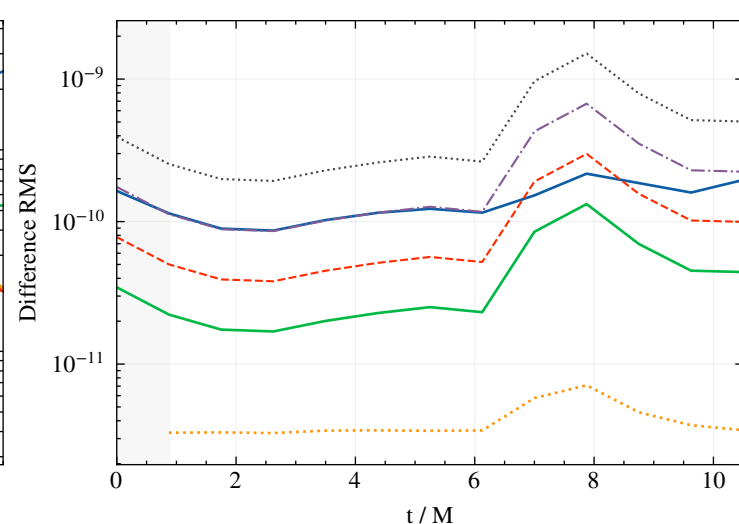

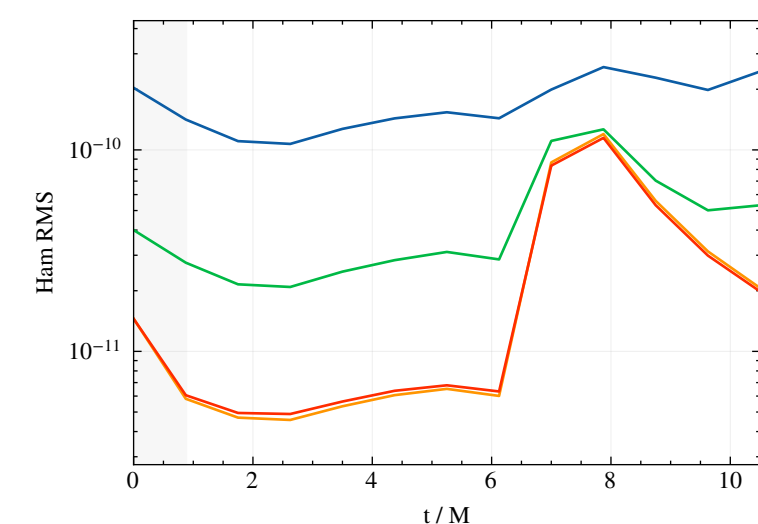

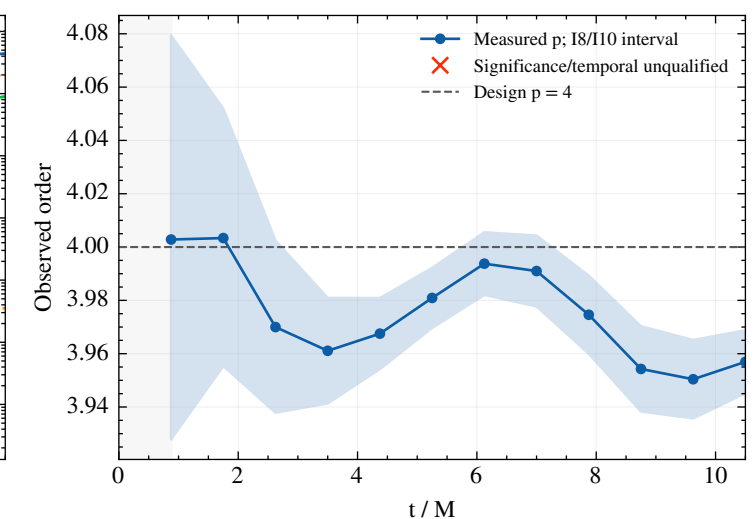

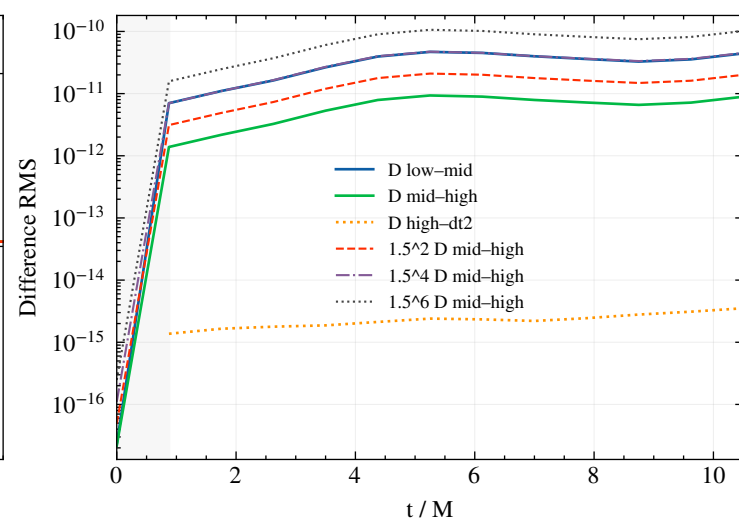

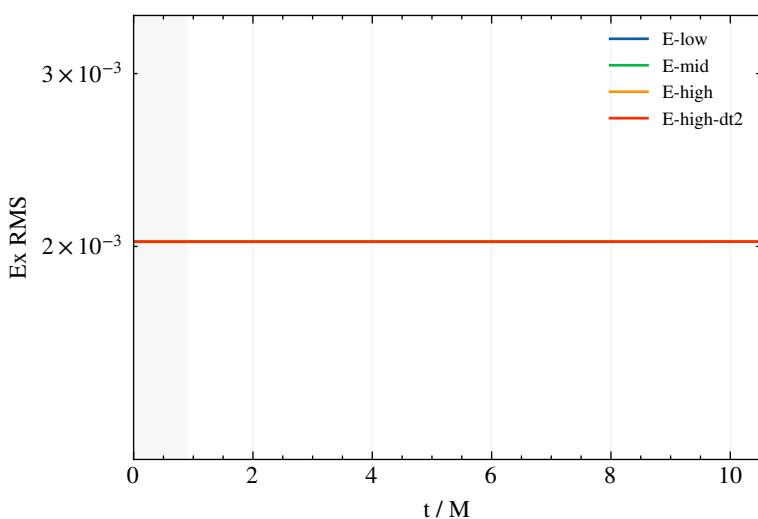

exp-0023: outer_ring_core; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

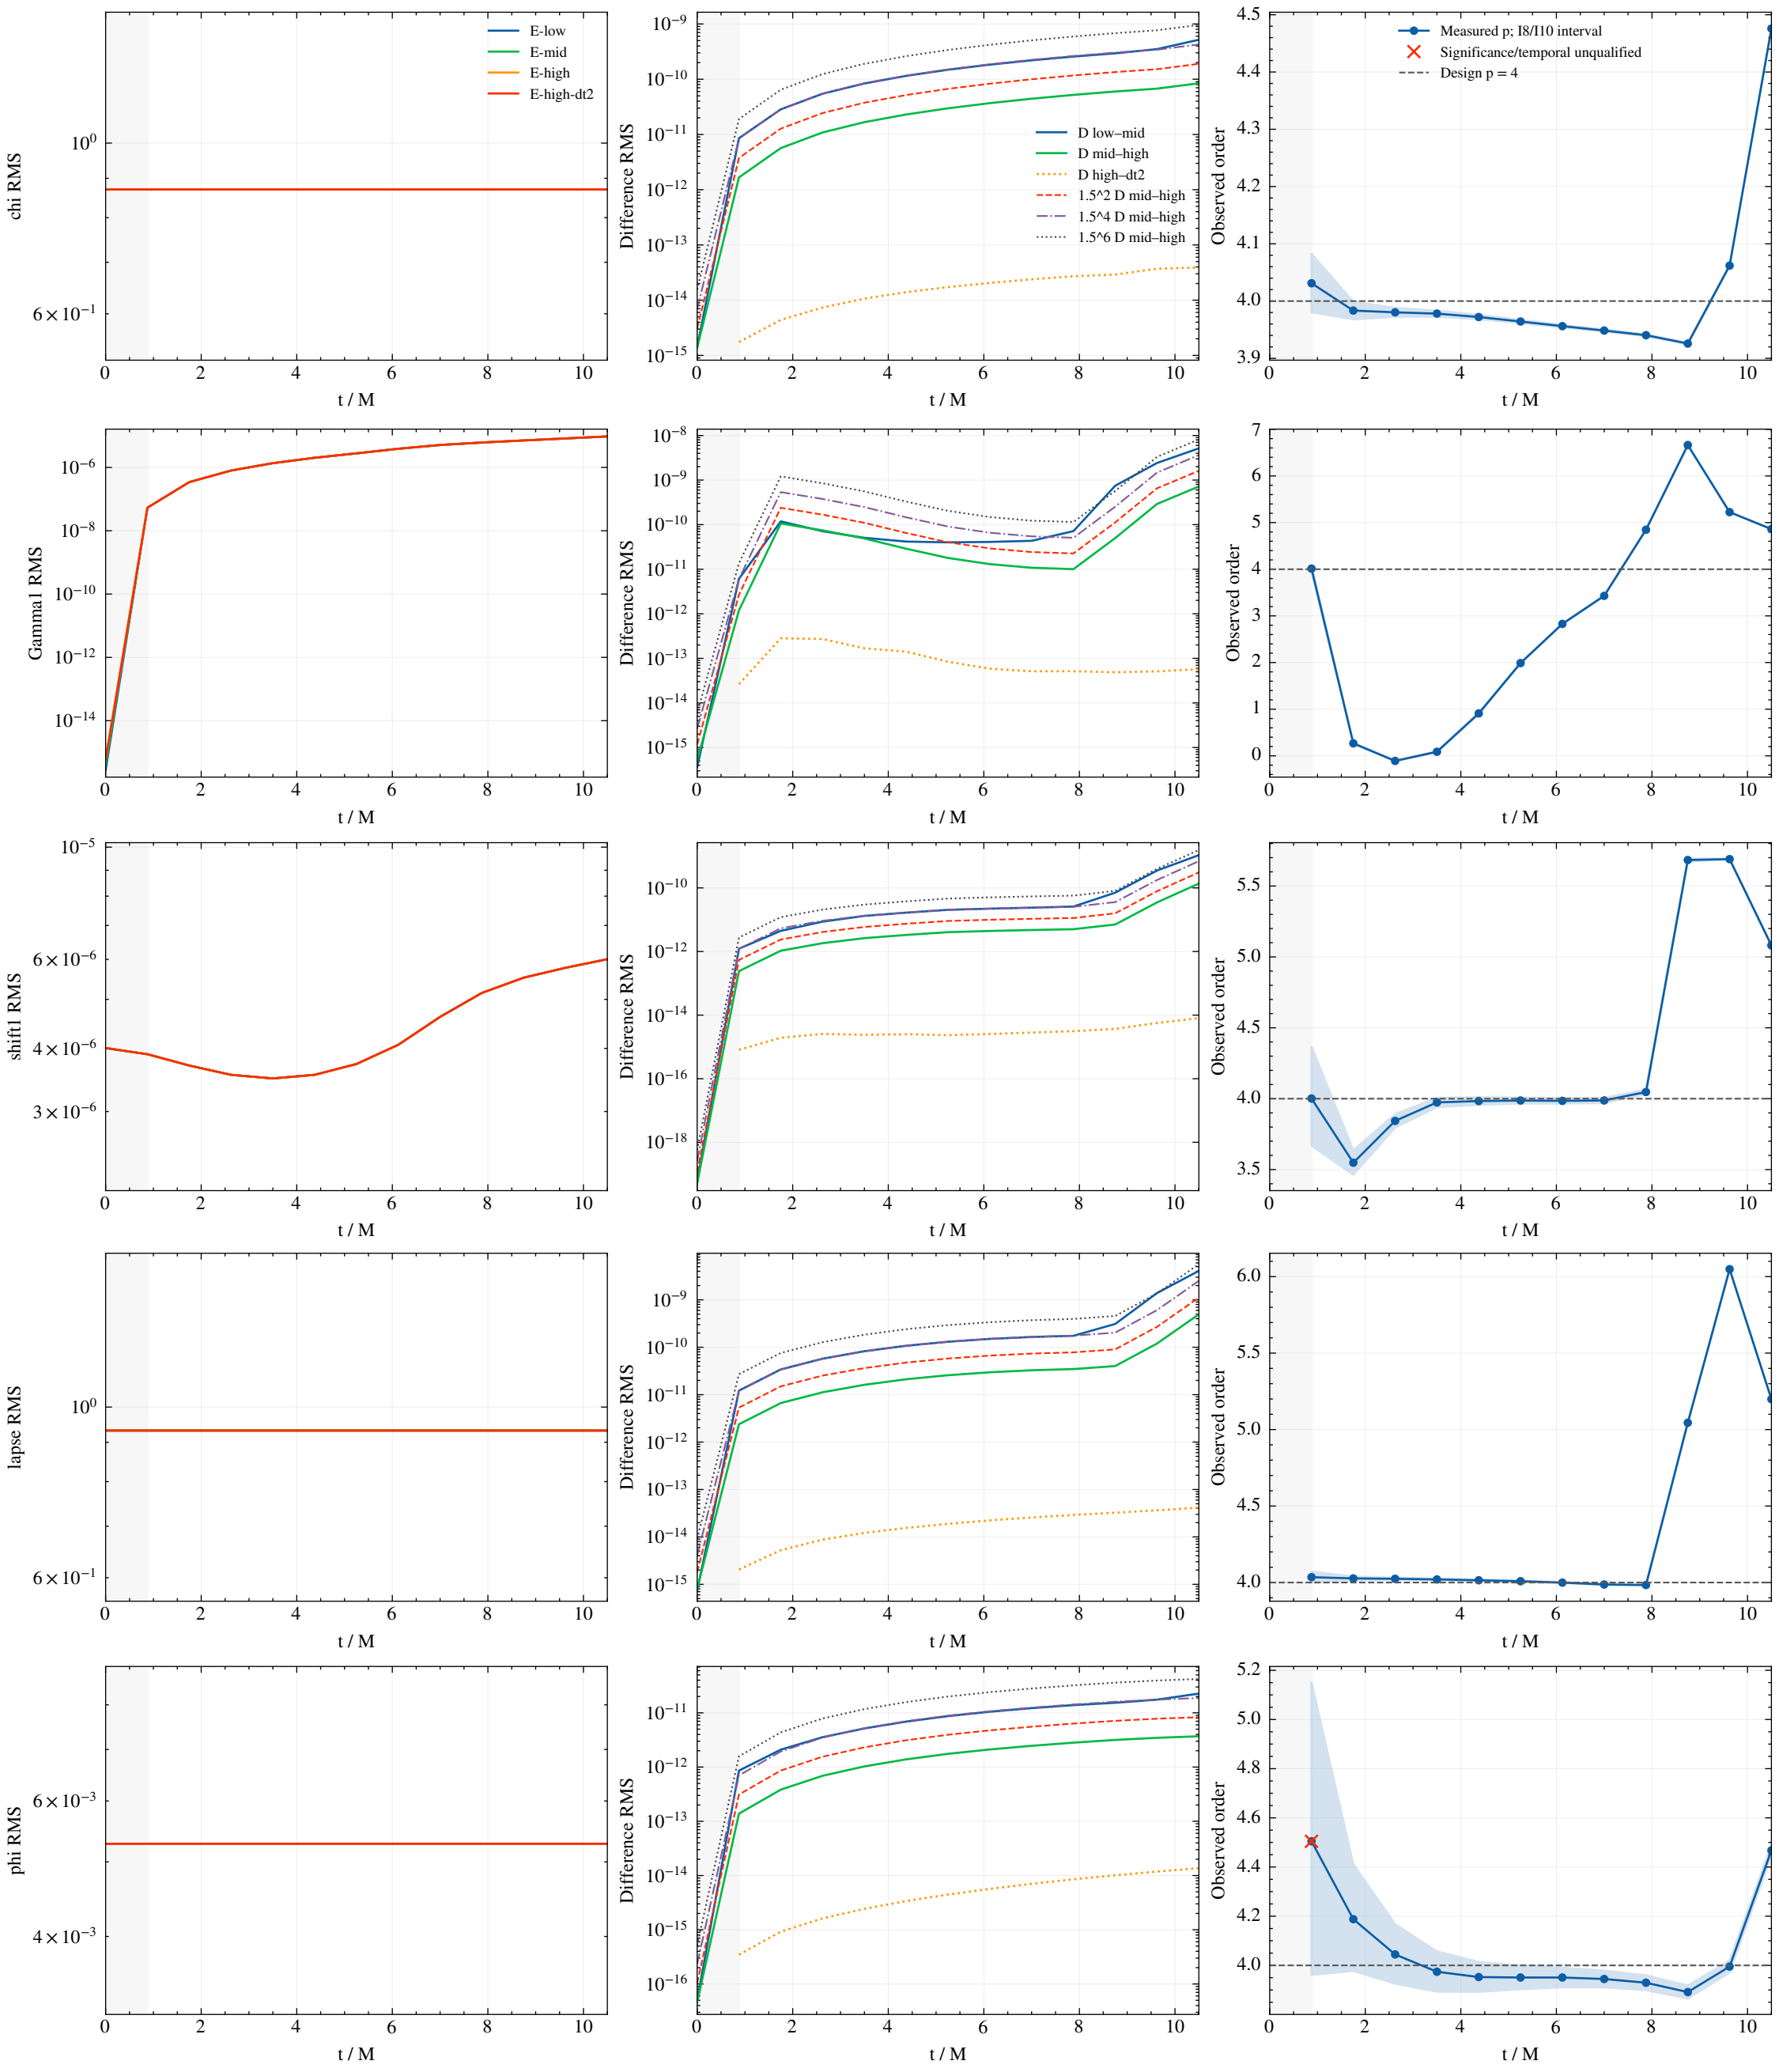

exp-0023: far_core; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

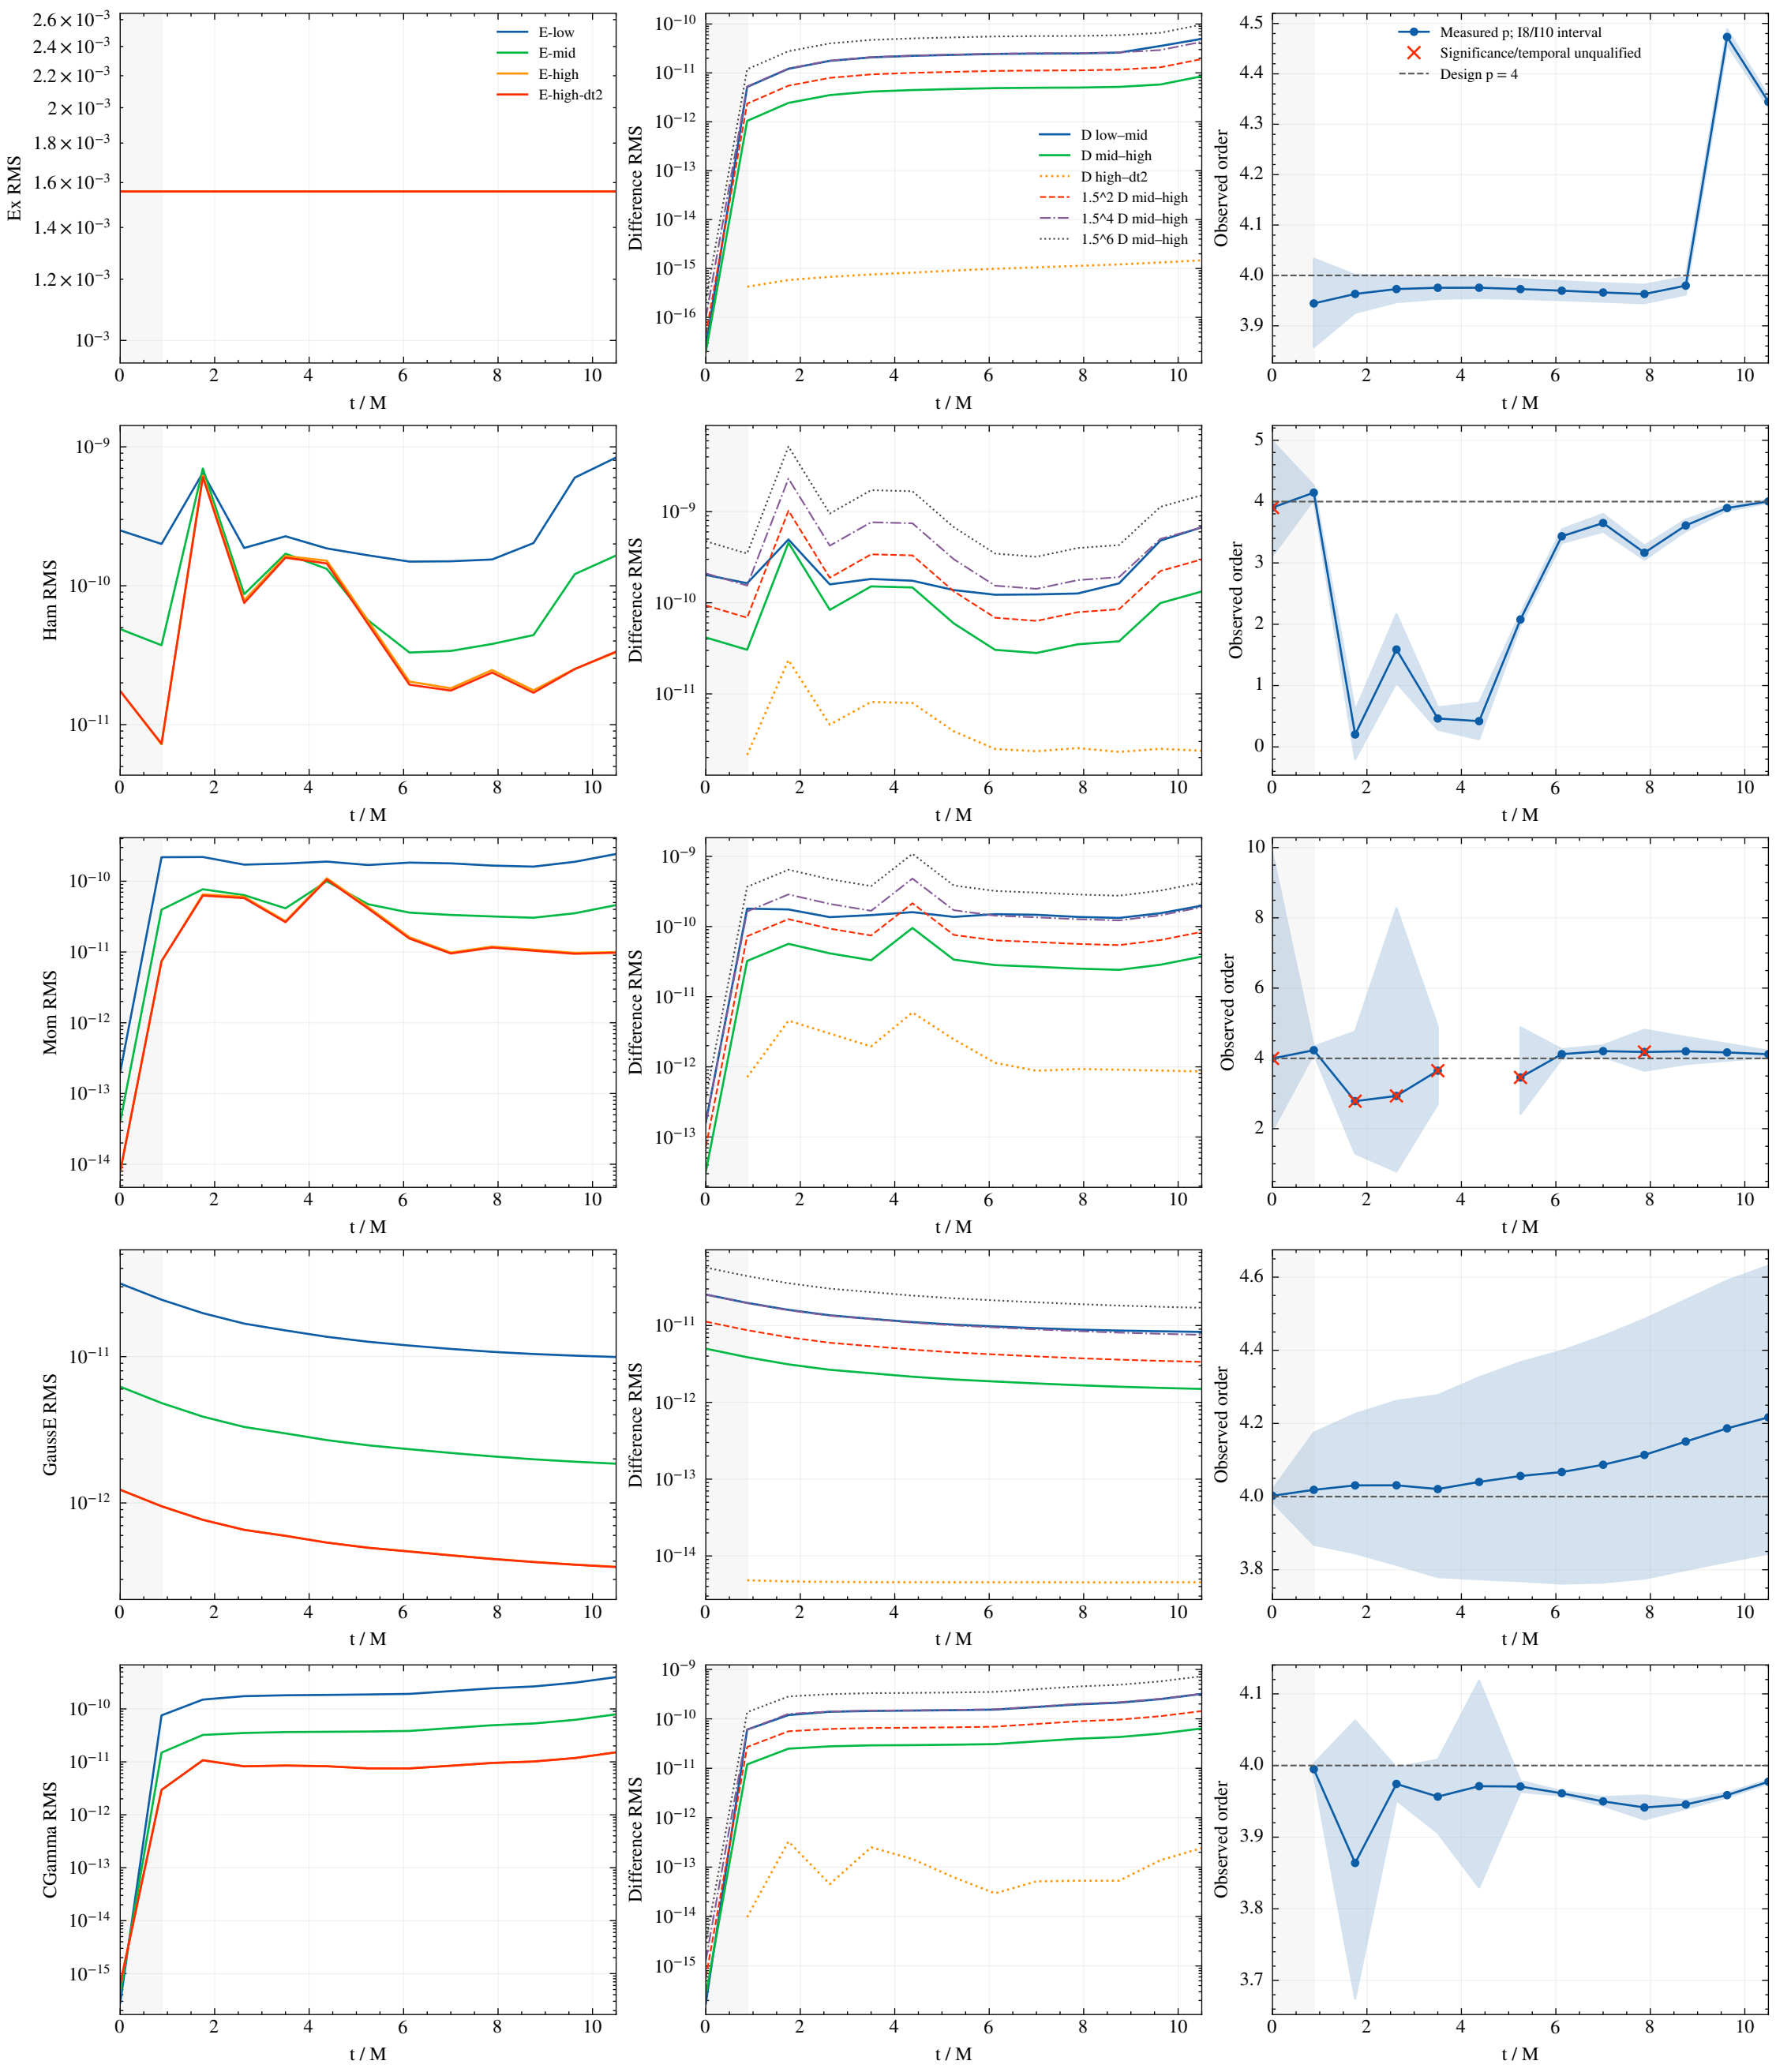

exp-0023: far_core; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

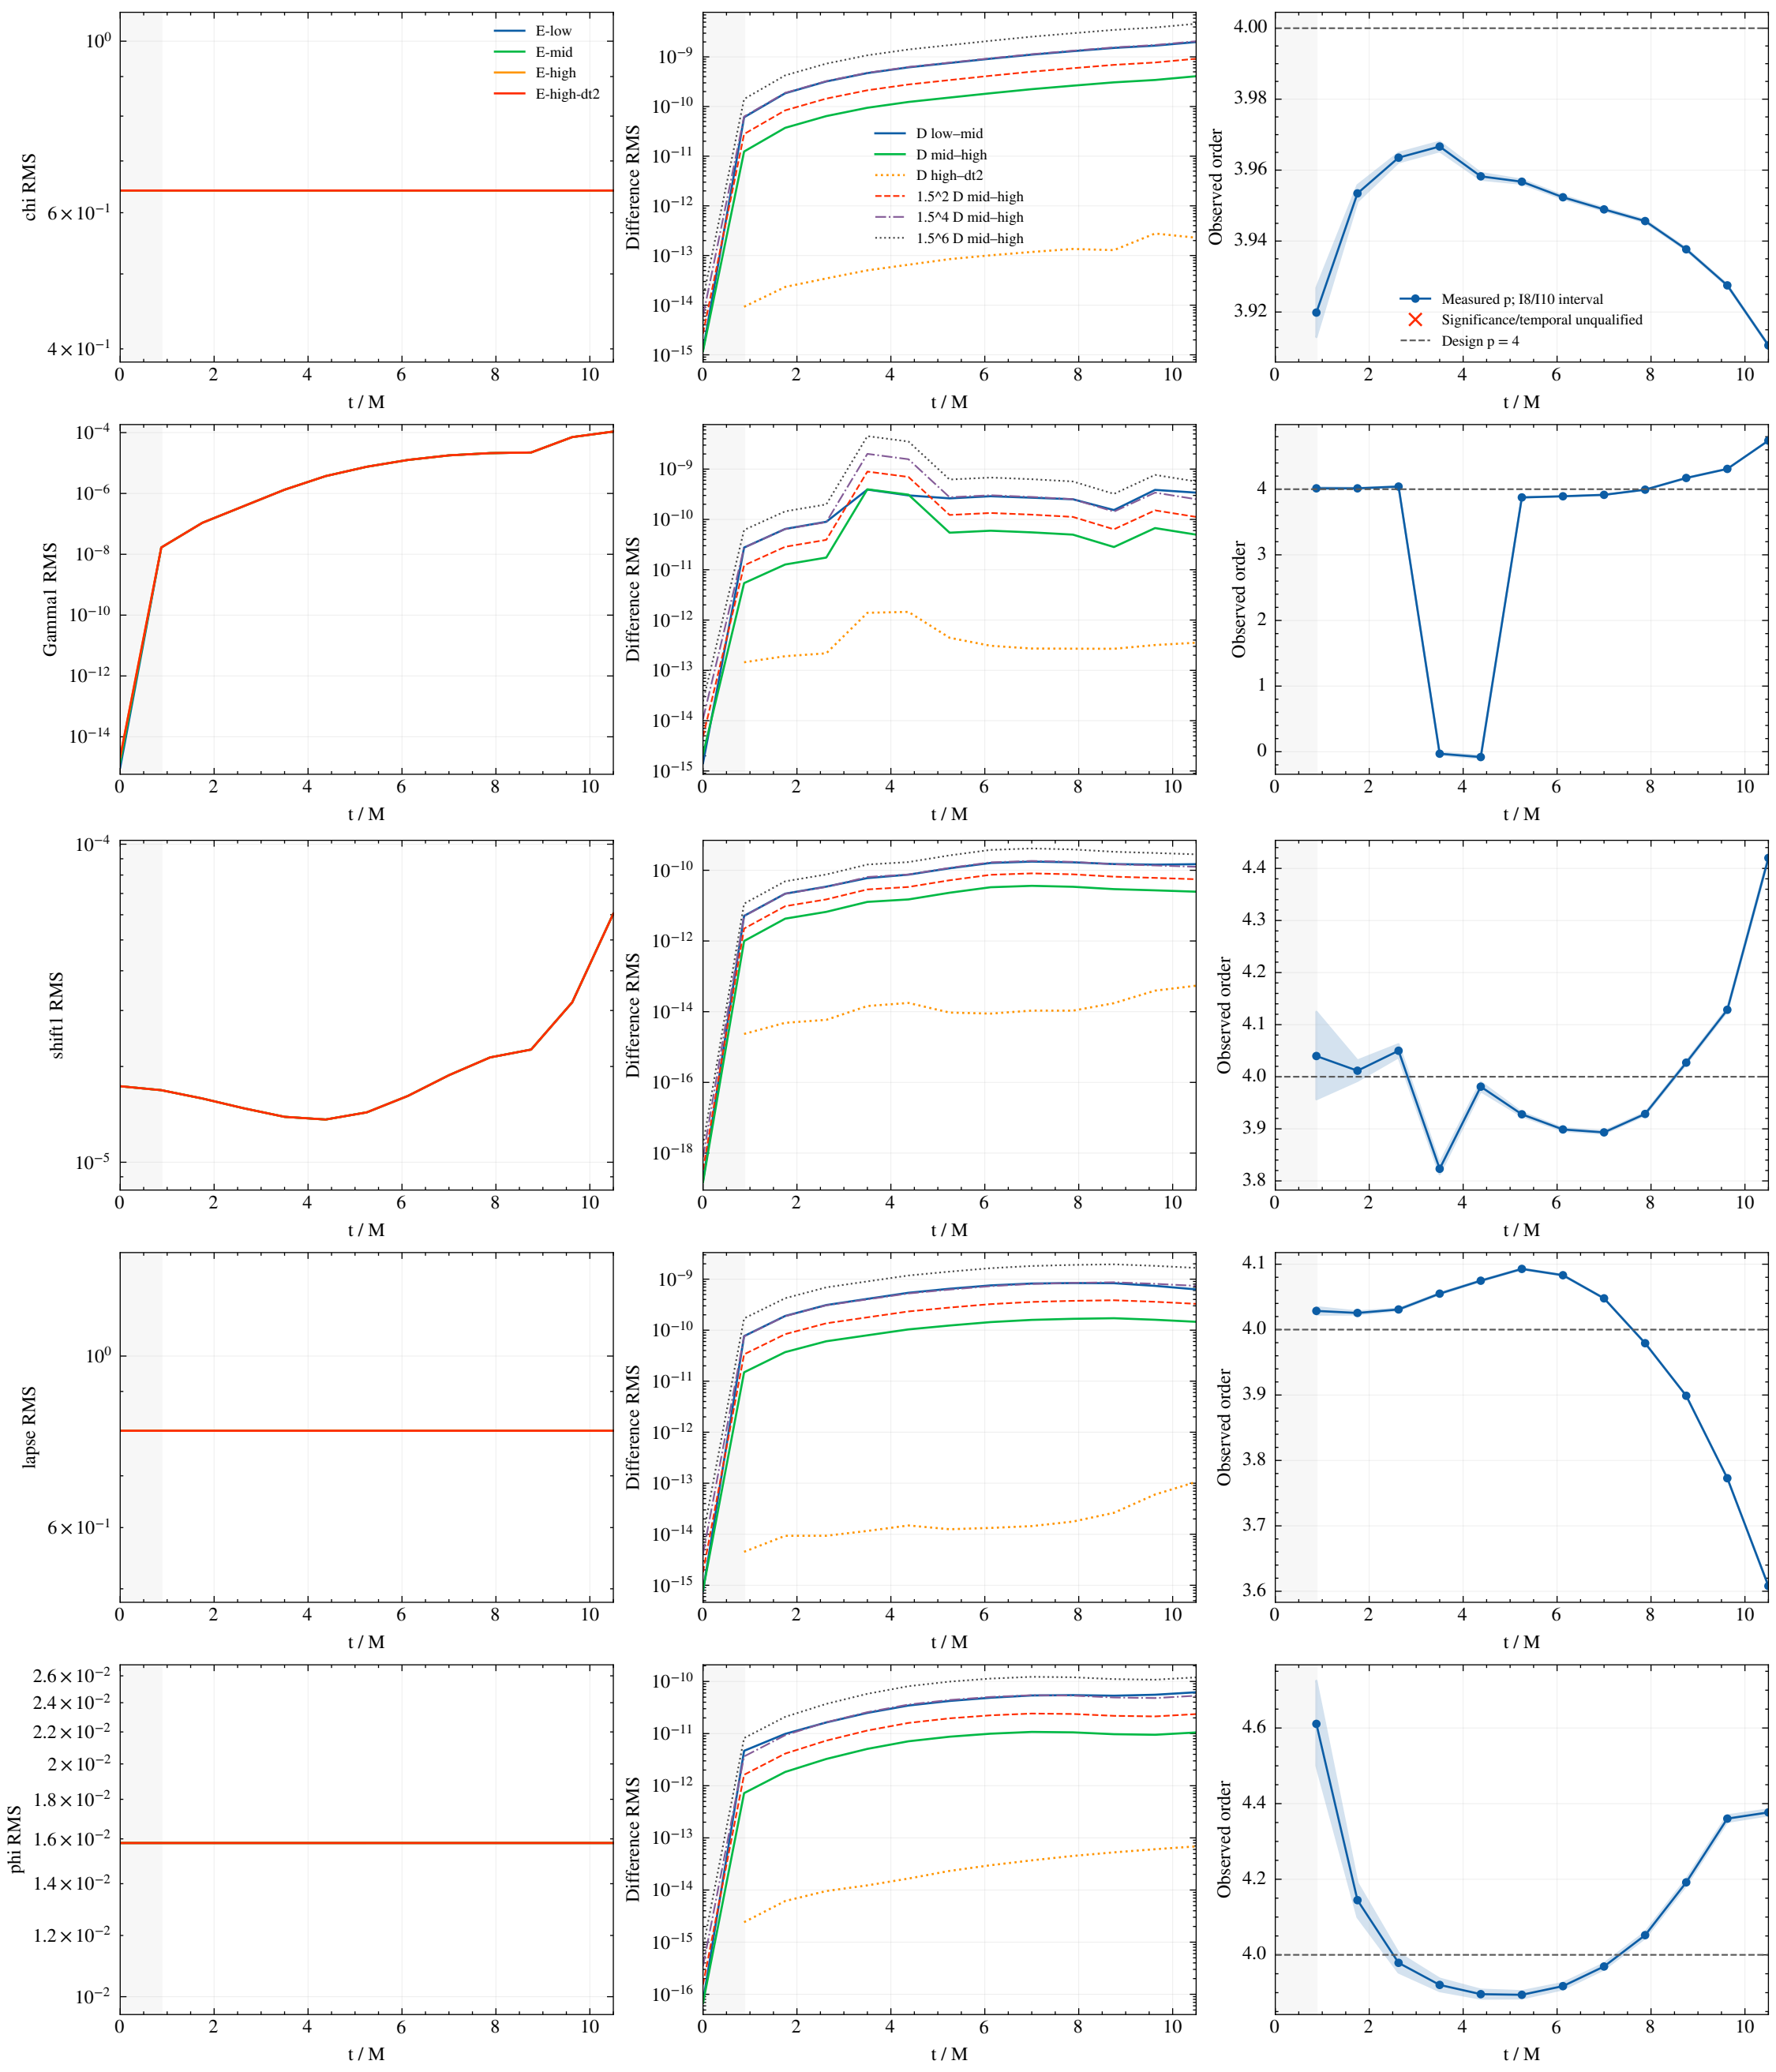

exp-0023: exterior_wake; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

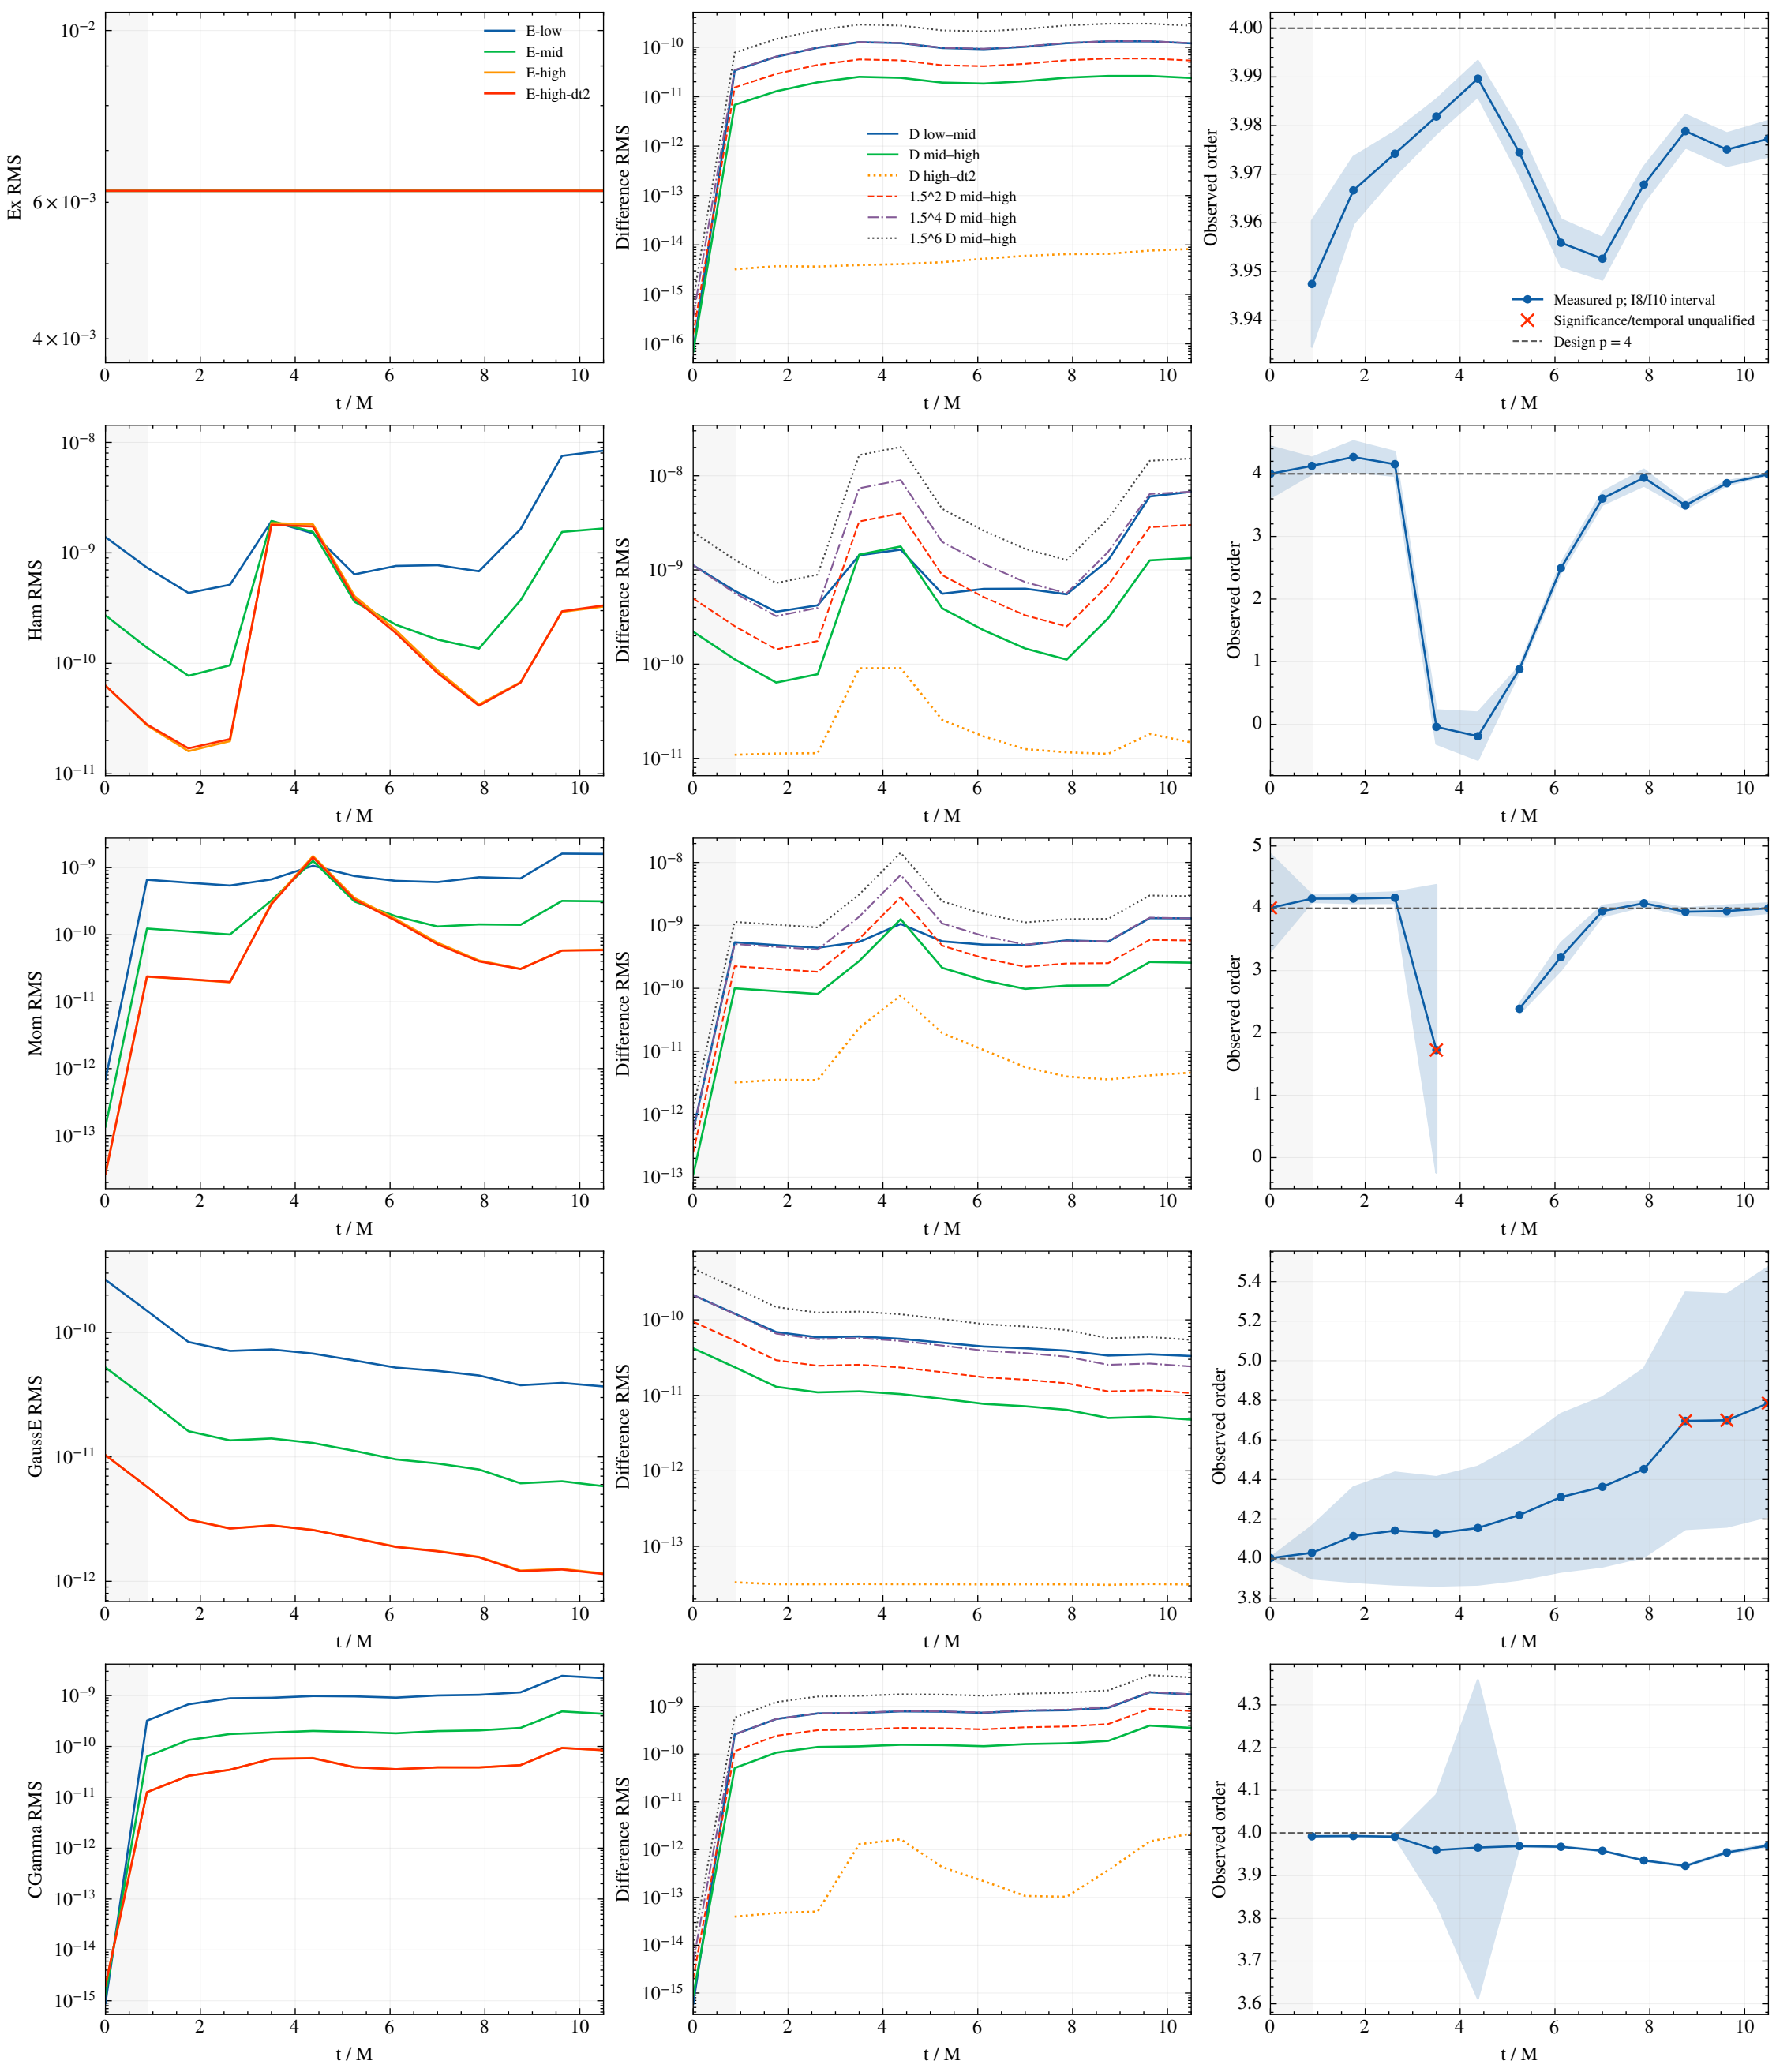

exp-0023: exterior_wake; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

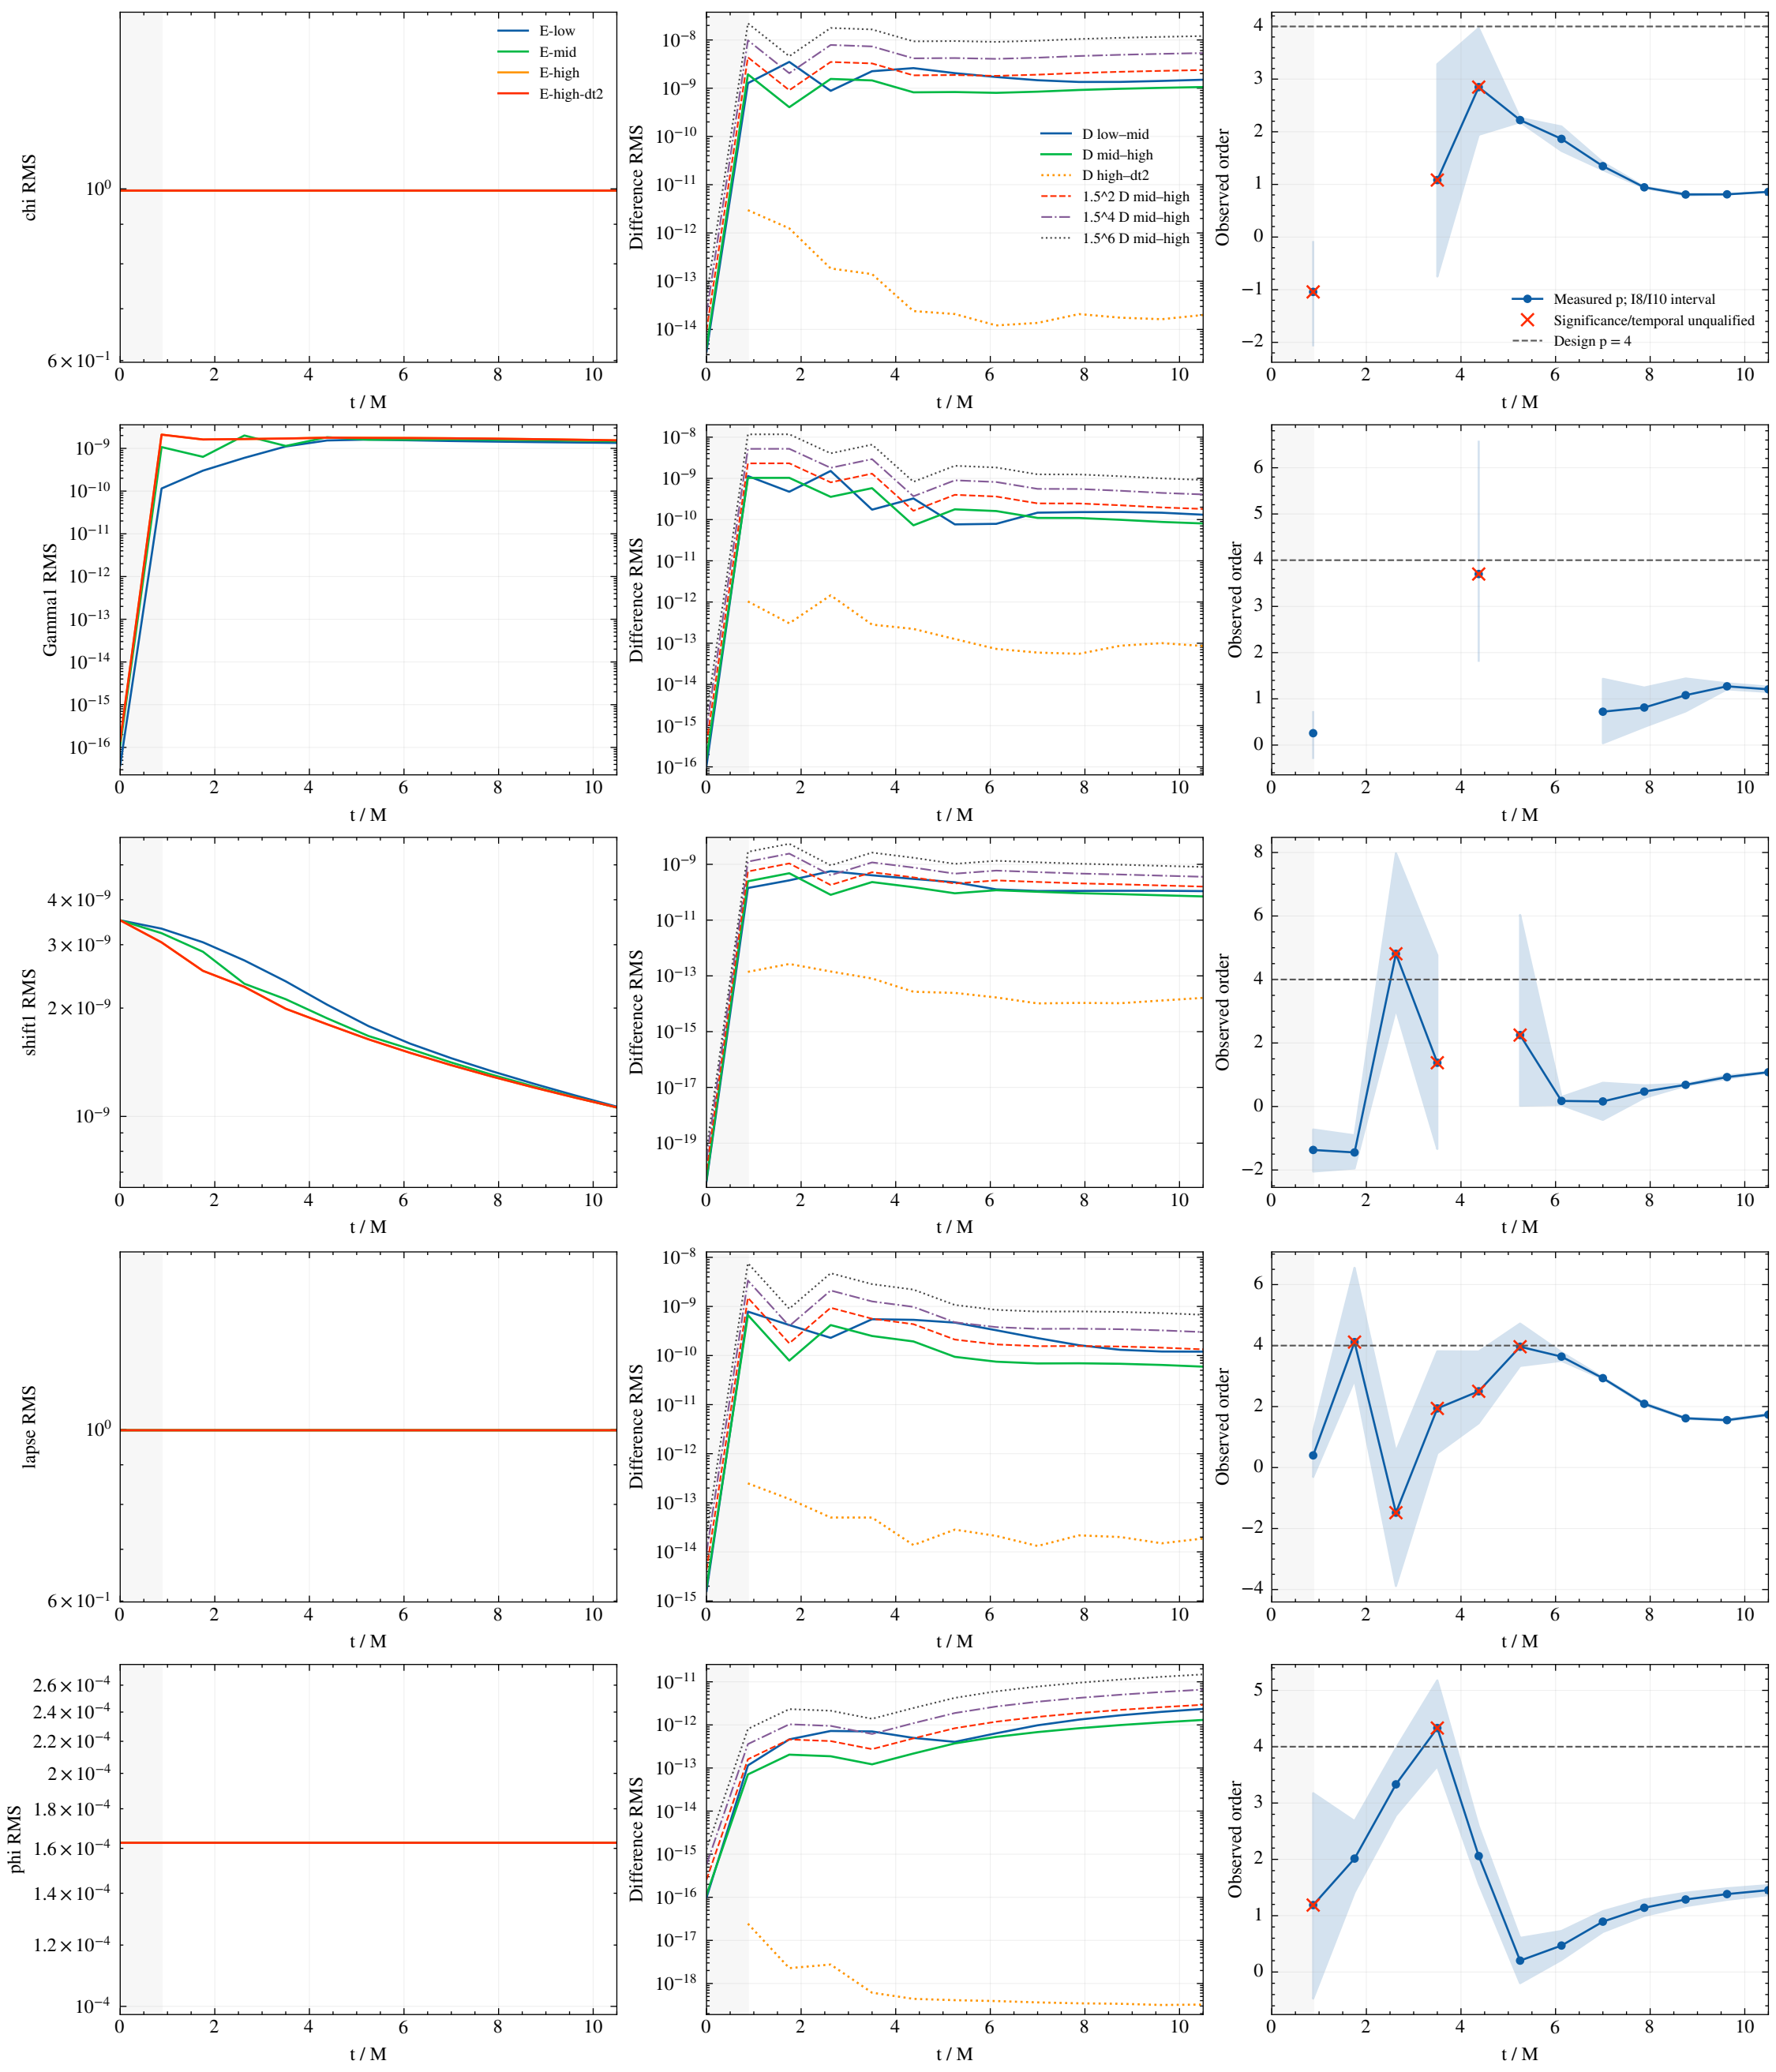

exp-0023: receiving_side_3p5; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

exp-0023: receiving_side_3p5; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

exp-0023: outer_boundary_shell; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only

exp-0023: outer_boundary_shell; coordinate-volume common-support RMS
Raw field/constraint norms, pair differences and observed orders; t=0 reported only
